Auditor Bars Civic Center Claim Of Loss

Won't Pay Unless Ordered To By Marin Grand Jury

County Auditor Leon A. de Lisle declared today he will refuse to pay a $14,047 contractors' damage claim for loss during the January stop-work on the Marin County Civic Center unless ordered to do so by the grand jury.

Word of the claim was given the board of supervisors late yesterday by Michael Mitchell, assistant auditor. He said he had been informed by Rothschild, Raffin and Weirick, Inc., prime contractors on the first stage civic center construction, that the claim was in the mail.

CHARLES M. MERIWETHER
Kennedy choice confirmed

"I'd be foolish to make payment on something the grand jury might say was a wrongful act," de Lisle declared today. "Let's get the reported check-up by the grand jury out of the way before we go any farther."

PROBE DELAYED

The grand jury was asked to look into the civic center stop-work shortly after it was ordered in January by a three-man majority of the board of supervisors. The board lifted the stop order the following week on receiving an architect's report that conversion of to a county hospital would be a two-million-dollar makeshift.

The grand jury has subsequently delayed investigation while giving its attention to the Anita Venza abortion case and to allegations that a sheriff's inspector was involved with the Belvedere abortionist. It will meet again tomorrow night, but does not have the civic center on its agenda.

RAISES QUESTION

De Lisle, in regard to the impending claim, raised a question: Would he be entitled to draw the money out of that set aside for building a civic center?

"This certainly would not be for construction, or a change order," said de Lisle.

Assistant Auditor Mitchell said that in case de Lisle were to conclude he couldn't pay out of civic center funds, it would still be open to the board to order transfer of the required amount from unappropriated reserve — "but of course that would take four votes."

Chairman William D. Fusselman and Supervisors J. Walter Blair and George Ludy voted for the stop order, Supervisors

Senate Vote Confirms Meriwether

WASHINGTON (AP)—The Senate overrode opposition of some of its liberals of both parties today to confirm President John F. Kennedy's nomination of Charles M. Meriwether as an Export-Import Bank director.

The roll call vote was 67-18.

Meriwether, an avowed segregationist and political ally of Alabama Gov. John Patterson, won approval despite a bitter assault on his qualifications by Sen. Wayne Morse (D-Ore.).

The nominee had denied in testimony before the Senate Banking Committee that he is anti-Negro, anti-Semetic and anti-Catholic. He said he never was a member of the Ku Klux Klan, but had accepted sup-

Sir Thomas Beecham Dies At 81

LONDON (AP) — Sir Thomas Beecham, 81, internationally known conductor of symphony and opera, died early today.

Beecham had been in poor health for many months, although he continued to make recordings. He died at his London home after a cerebral thrombosis.

He was Britain's greatest symphonic conductor of the 20th century and one of the world's foremost interpreters of the music of Mozart, Handel and Haydn. But he was known almost as well to music lovers for his caustic witticisms, sometimes shocking, usually irreverent, which infuriated or delighted his audiences.

In February, 1960, while undertaking a three-month tour of America, he suffered a severe attack of virus pneumonia. He responded quickly to treatment, but it was obvious that the illness had made great demands on his strength.

Returning to Britain in April, he was forced by his doctors to cancel a series of performances at Covent Garden.

Sir Thomas inherited a vast fortune and a baronetcy from his father, who made his money manufacturing pills and other patent medicines. The son spent millions popularizing operatic and symphonic works, producing 120 operas in England early in the century, organizing eight orchestras over a period 40 years, and keeping

800 Moroccans Scheduled To Be Flown Home

LEOPOLDVILLE (AP) — The United Nations Congo Command bargaining position worsened today, at least temporarily, with an announcement that 800 Moroccan soldiers previously scheduled for transfer to Leopoldville would be flown home instead.

The United Nations had announced yesterday that the Moroccans were already being flown in from Katanga Porvince, and observers saw them as a strengthener for the U.N. demand to return to Matadi.

ORDERS CHANGE

But today a U.N. spokesman siad there had been a change of orders and the Moroccans would be flown to Morocco.

The spokesman refused to comment on reports that the Moroccans had refused to board planes to bring them to Leopoldville.

Six hundred Tunisian soldiers did arrive in Leopoldville today on schedule to reinforce the local U.N. garrison. The first of 3,000 Indian soldiers are due next week. But 400 Sudanese troops who bore the brunt of Congolese army attacks in the ports of Matadi and Banana last week are being called home.

ULTIMATUM GIVEN

today presented a five-point ultimatium to Rajeshwar Dayal, Indian head of the U.N. Congo fulfilled before U.N. forces can return to Matadi, the chief supply port from which the U.N. Sudanese garrison was expelled Sunday.

The United Nations was considered certain to reject the Congolese demands, which were:

1. Dayal must be recalled and replaced by an "impartial" U.N. official. The Leopoldville government charges Dayal is opposed to it.

FLIGHTS CONTROL

2. The Congolese must control the flights of all U.N. aircraft in the Congo and all river traffic.

3. The United Nations must hand over all strategic bases to the Congolese.

4. The United Nations must stage no more armed parades in Leopoldville.

5. Dayal must officially retract his "lying statements" that the Congolese fired first at Matadi and Banana.

An earlier Congolese demand for control of the strategic bases and air traffic in exchange for return of U.N. soldiers to Matadi had been termed "obviously unacceptable" by U.N. sources.

The Congolese damands were put to Dayal and Irish Gen. Sean McKeown, the U.N. military chief, by acting Premier Albert Delvaux and Jacques Massa, a member of his cabinet.

As the negotiations continued, the Congolese talked with increasing belligerence as a result of their victory over the Sudanese garrison that withdrew from Matadi.

Terra Linda Votes 'No' On Joining San Rafael

Annexation Rejected By 171-Ballot Margin

Terra Linda will continue to "go it alone" with a community services district and a recreational district as home-rule government.

Better than 70 per cent of the big Gallinas Valley subdivision's 1,955 registered voters turned out yesterday to reject annexation to San Rafael by a vote of about 56 per cent against to 44 per cent in favor.

The tally, as announced by San Rafael City Clerk W. L. Morgan: Against annexation, 833; for annexation, 662.

Thirty-six absentee ballots remain to be counted when the San Rafael City Council meets to canvass the election at 7:30 p.m. March 20. Only in Terra Linda Oaks No. 9, which is not part of the Terra Linda Community Services District, and in the precinct voting at the Bernard Hoffman School did the majority approve annexation. Seven other polling places reported majorities against.

NO FIRE PROTECTION

The vote in Terra Linda Oaks No. 9 was 158 for annexation to 78 against—or more than two-to-one. This area, precinct 166, is now without fire protection except by the county fire department. The community services district board, however, has extended its residents an invitation to petition for inclusion within the district, which has a volunteer fire department. (No proceedings for annexation to San Rafael or any area involved in yesterday's election may be started for at least one year, by law.)

In precinct 172, voting at Hoffman School, the tally was 96 for annexation to 63 against.

In the other precincts, the vote ran like this: Precinct 160, yes 83, no 90; precinct 161, yes 75, no 99; precinct 162, yes 54, no 95; precinct 163, yes 44, no 92; precinct 164, yes 43, no 104; precinct 165, yes 62, no 127; precinct 173, yes 47, no 85.

TOSSES CHALLENGE

Dr. Michael J. Franzblau, chairman of the Terra Linda Community Services District board, who fought the annexation down to the wire—even serving notice on San Rafael's mayor and city attorney that he intended to challenge the validity of the election — declared today:

"We (directors of the community services district) are particularly gratified that the voters in the CSD area have repudiated annexation by a vote of more than 60 per cent.

"It should, by now, be abundantly clear to all proponents of annexation that the wide-awake Terra Linda community of more than 4,000 people is not about to be grabbed off by any inequitable, inconsiderate

MISSING BOY, 12, FOUND —SLIGHTLY DEHYDRATED

Harry Pickart, an employee of the county communications center, reported to police at 1:30 a.m. today that he saw a pair of legs sticking out of a clothes dryer in a laundry at 1566 Fourth Street.

Sgt. Carl Selby and Patrolman Richard Douglas saw the legs when they investigated. When they approached the dryer, the legs vanished inside and the door closed.

The policemen pulled out Robert B. Crawford, 12, of 70 Sierra Vista, Novato.

The boy, who had run away from home, was the object of an intensive search and an all-points bulletin at 9:35 p.m. from Novato.

San Rafael police took the boy to Novato, where he was returned home.

Bigger Space Job Given Air Force

WASHINGTON (UPI)—Defense Secretary Robert S. McNamara today assigned the Air Force almost total responsibility for development of military space vehicles, including devices to knock down enemy satellites.

The military space research and development program is scheduled to cost 850 million dollars in the year starting next July 1, and more than 91 per cent will be carried out under Air Force supervision.

McNamara's order jolted Army and Navy space aspirations but put the Air Force a new giant's step further on the road to becoming the nation's military space agency of the future.

Under a 1959 order of former Defense Secretary Neil H. McElroy, the Air Force already was responsible for "space transportation"—the development and launching of space vehicle rocket boosters.

Under McNamara's order, the Air Force, except in "unusual circumstances," will now develop space vehicles as well, no matter what service is to use them.

McNamara did not bar the Army and Navy from future use of specialized space vehicles nor did he take away from them communications and navigation satellites they now are developing.

All three military services may continue to do "preliminary research" on new ways of using space technology.

SPEED RECORD OF X-15 PUT AT 2,905 M.P.H.

EDWARDS AIR FORCE BASE (UPI)—The experimental X-15 rocket plane streaked to a record 2,905 miles an hour on its speed run yesterday—255 m.p.h. more than originally estimated, it was announced today.

The National Aeronautics and Space Administration said the new top speed figure was obtained after further analysis of flight data from Air Force Maj. Robert White's record ride.

That speed is 4.43 times the speed of sound. (See picture on page 2.)

TERRA LINDANS HAVE TO DRIVE IN SAN RAFAEL

Effective today, Terra Lindans have to drive on a San Rafael street to get out of their community.

The California Highway Patrol today began posting signs designating Manuel Freitas Parkway north of the ditch which runs down its center as a one-way road.

The ditch is the dividing line between Terra Linda and San Rafael—and will remain so, as a result of Terra Lindans' turndown yesterday of annexation.

Heretofore, the road has been two-way north of the ditch. But no more. The new designation is one-way westbound (into Terra Linda) north of the ditch, one-way eastbound (out to the highway) south of the ditch—in San Rafael, announced Capt. T. F. Parnow, chief of the highway patrol in Marin.

Kuchel Hits Point Reyes Subdivision

Recently approved subdivision of part of the Point Reyes Peninsula was denounced in Sacramento yesterday by Sen. Thomas H. Kuchel (R-Calif) because of federal plans recently endorsed by President John F. Kennedy for a national seashore there.

Kuchel said he thought it "cruel" that people start subdivisions "where responsible leaders of government believe territory should be set aside for recreational purposes."

He forecast that a measure making the area a national park would pass Congress during its present session.

Conrad L. Wirth, national park service director, said in Washington yesterday that Point Reyes Peninsula should be among areas preserved for public recdeation under the "Mission 66" program.

Kennedy Deplores New Action By Red China

WASHINGTON (AP) — President John F. Kennedy said today he would like to see a lessening of tension between the United States and Red China but "we are not prepared to surrender" to get it.

Kennedy told his news conference that Red China's rejection of a proposal for an exchange of newsmen had dimmed his hope for easing of tensions.

Red China had rejected the newest offer yesterday in a diplomatic meeting at Warsaw. (See story on page 2.)

On domestic issues, Kennedy said he believes across-the-board federal loans to non-public secondary schools would be as unconstitutional as outright grants.

Kennedy said anew that he is convinced that federal grants to parochial and private secondary schools are barred by the Constitution.

Kennedy has proposed legislation which would provide 2.3 billion dollars for public schools but neither grants nor loans to secondary non-public schools.

Kennedy expressed the hope that there will be no move in Congress to amend the administration bill so as to provide for loans to private and parochial secondary schools. He added that colleges are in a different category.

Strong Winds Expected To Lash Marin

SAN FRANCISCO (AP) — Rain and strong winds were reported near the California coast south to Fort Bragg this morning.

The forecast was for rain south to Monterey, Stockton and Yosemite during the day with snow at high levels.

Showers were expected for most of Northern and Central California tonight.

Tomorrow should be partly clouded in most areas, and winds should diminish.

The five-day forecast through Monday is rain expected in Northern California at intervals of two or three days, with snow in the mountains.

Liz 'Vastly Improved' After Anxious Night

LONDON (AP)—Film star Elizabeth Taylor, fighting for her life against double pneumonia, is "vastly improved" tonight.

Dr. Victor Ratner, one of seven doctors attending the 29-year-old actress, passed this word to newsmen as he left London Clinic for a rest at his home.

Eddie Fisher, singer husband of the brunette actress, left the hospital smiling and cheerful. He told reporters:

"She is doing very well. I have spoken to her just now."

A crowd of 50 persons murmured good wishes as Fisher entered his chauffeur-driven car to return to the $84-a-day hotel suite where he and his wife were staying when she fell ill last Friday.

Doctors said that for the first time since the star was stricken four days ago she was "sufficiently conscious to be able to assist in her own treatment."

A medical bulletin this morning from the bedside said her "condition is greatly improved and gives less cause for anxiety."

The actress made an amazing comeback during the night from the brink of death.

Just before midnight the doctors reported her condition improved but said it "still gives rise to considerable anxiety."

Until yesterday the young actress was in a coma much of the time, kept breathing only with the aid of an electronic lung pumping oxygen through a tube inserted in her throat.

BACK FROM BRINK

Liz 'Vastly Improved' After Anxious Night

LONDON (AP)—Film star Elizabeth Taylor, fighting for her life against double pneumonia, is "vastly improved" tonight.

Dr. Victor Ratner, one of seven doctors attending the 29-year-old actress, passed this word to newsmen as he left London Clinic for a rest at his home.

Eddie Fisher, singer husband of the brunette actress, left the hospital smiling and cheerful. He told reporters:

"She is doing very well. I have spoken to her just now."

A crowd of 50 persons murmured good wishes as Fisher entered his chauffeur-driven car to return to the $84-a-day hotel suite where he and his wife were staying when she fell ill last Friday.

Doctors said that for the first time since the star was stricken four days ago she was "sufficiently conscious to be able to assist in her own treatment."

A medical bulletin this morning from the bedside said her "condition is greatly improved and gives less cause for anxiety."

The actress made an amazing comeback during the night from the brink of death.

Just before midnight the doctors reported her condition improved but said it "still gives rise to considerable anxiety."

Until yesterday the young actress was in a coma much of the time, kept breathing only with the aid of an electronic lung pumping oxygen through a tube inserted in her throat.

KAYAK MEETS SUB—A demonstrator against the establishment in Scotland by the United States of a Polaris submarine base pickets, in a kayak, the nuclear sub Patrick Henry upon its arrival at Holy Loch. The submarine depot ship Proteus is at right. (AP Wirephoto)

ARRIVES IN SCOTLAND

Nuclear Sub Sets Underwater Record

HOLY LOCH, Scotland (AP)—The U.S. nuclear submarine Patrick Henry tied up in Holy Loch today after a world record operational cruise of 66 days and 22 hours submerged.

Navy officials announced the record after the Patrick Henry arrived alongside its mother ship, the tender Proteus. The first sub to cruise abroad with a full load of 16 Polaris missiles, the Patrick Henry is the first of the fleet of 10 American rocket-firing subs that will use Holy Loch as a base within missile range of the Soviet Union.

"We could remain submerged a good many weeks more," the Patrick Henry's skipper, Capt. Harold E. Shear, told newsmen aboard the Proteus.

The atom sub's sister ship, the George Washington, held the previous record of 66 days 10 hours submerged.

Shear said he sailed the submarine from Charleston, S.C., under fully armed conditions.

Four of the six young Britons who tried to incite an anti-nuclear demonstration when the Proteus arrived last week made another effort against the Patrick Henry.

Laurence Otter, 30, of London, came out in a canoe and three others in a rowboat. Several dozen British naval and police launches fended them off, and the demonstrators never got close enough to the submarine for any kind of incident.

The docking was watched approvingly by a few citizens of Dunoon, the Holy Loch town that has generally rejected the anti-nuclear demonstrators and accepted the base as a desirable boon to business.

The Patrick Henry will be serviced by the depot ship and will take on a relief crew that arrived by air last week.

All told, the Patrick Henry was at sea 68 days. It surfaced during the night north of Ireland.

Red Chinese Rebuff Plea On Admitting Yank Newsmen

WASHINGTON (UPI) — The Chinese Communists have rebuffed the initial effort of the Kennedy administration to secure the admission of American newsmen to the Red-held mainland, the State Department announced today.

The department said that the Chinese representative at a meeting in Warsaw yesterday with U.S. Ambassador Jacob D. Beam "refused to take" a list of 32 American newsmen who had been cleared by the State Department to go to Red China.

The Chinese representative, ambassador to Poland Wang Ping-nan, rejected the list on the grounds that "it would be difficult to settle the question of newsmen while the United States continued to 'occupy' Taiwan (Formosa)."

State Department press officer Joseph W. Reap said the department "intends to continue to press the Chinese Communists for a satisfactory solution of the newsmen question."

Reap said that Wang, at the session with Beam, reiterated the Chinese proposal of last Sept. 6, in which the Peking government also tied the newsmen question to the idea of removing U.S. forces from Nationalist-held Formosa.

Yesterday's session lasted for 85 minutes. It was the 103rd meeting between Chinese and American representatives since it was decided after the Geneva conference of 1954 to keep the slender thread in an effort to settle some of the differences between the two countries, which do not maintain normal diplomatic relations.

Congo Leaders Ask U.N. To Stem Action

Session Seeks Unified Action By Rival Chiefs

TANANARVIE, Malagasy Republic (Madagascar) (UPI)—Congolese leaders ended a five-hour roundtable session today with a plea to the United Nations to hold off further action on the Congo and let the Congolese solve their own problems.

The conference was called by Katanga President Moise Tshombe.

Tshombe earlier urged the rival Congolese leaders to join forces for unified action against the United Nations. He gave up a fruitless wait for the possible arrival of Antoine Gizenga, Communist-supported boss of Oriental Province, and called the first session of the conference to order without him.

NO INTENTION

An official communique "regretted" the absence of Gizenga.

(In Cairo, a spokesman for Gizenga said he had no intention of attending the conference).

All sources stressed that this first meeting of the conference was held in "a spirit of goodwill."

In the official communique, the delegates outlined their varying points of view and agreed unanimously to send identical telegrams to the U.N. General Assembly and Secretary General Dag Hammarskjold.

The telegram said the conference answered the wish of the Congolese, the Security Council and the General Assembly "to see the Congo crisis solved by the Congolese themselves."

SERIOUS SITUATION

"In view of the tension in the Congo as a result of the Security Council resolution of last month, the delegates draw the particular attention of the General Assembly to the fact that any new action or execution of that resolution would aggravate the situation very seriously in the Congo," it said.

The telegram was signed in the name of all the delegates by "Joseph Kasavubu, president of the Republic of Congo."

The official communique said all the delegates "agreed to work in a spirit of collaboration to find a satisfactory and an African solution to the Congo problem."

Guide Dogs Hits False Soliciting

Unauthorized persons claiming they were raising money for Guide Dogs for the Blind, Inc., called at two San Rafael homes this week and offered to stencil house numbers on curbs or porches.

At one home a man said the money was to benefit "the lighthouse here where they raise dogs." At the second home a man said the money was for "the school that raises dogs for blind people." One woman gave the caller a dollar and the other gave him $1.50 to have house numbers stenciled.

Video Series Considered By President

WASHINGTON (UPI)—President John F. Kennedy is considering launching a series of television and radio talks to explain his programs to the American people, the White House reported today.

They would be designed to spell out some of the administration's basic policies directly by the president rather than through the medium of televised and broadcast news conferences.

The possible speech plans emerged from questioning about a report that the president was considering a radio-TV speech next week on the subject of foreign aid.

Associate White House Press Secretary Andrew Hatcher declined to confirm this but said the board matter of communication between the president and the public was under discussion at the White House.

"The president feels there are certain things the public should know and he does not feel that his press conference is the place to explain them unless certain specific questions are asked," Hatcher said.

"It is a matter of placing emphasis," he continued, "and the president does not want to alter the form or the meaning of the press conference as a method of bringing out his views on specific subjects.

State Senate Passes County Billboard Bill

SACRAMENTO (AP)—A compromise highway billboard law that leaves controls and enforcement to the counties has been approved by the Senate.

Sen. John F. McCarthy (R-San Rafael), author of the measure, said it would keep the state's roadsides "clean, green and seen." The vote yesterday was 35-1.

Under the bill, which now goes to the Assembly, boards of supervisors in each county could designate any road, highway or freeway considered beautiful or historic as "scenic" and apply sign controls.

The designation could not be applied to areas already zoned for commercial, industrial or manufacturing use.

Along the scenic stretches of highway, billboards could be erected only within 1,000 feet from any existing commercial or industrial facility. Signs violating the law would be ordered removed within five years.

McCarthy and other billboard control advocates have been working for four years to get a bill through the Senate. The San Rafael senator said yesterday's success was due to compromise.

"Some people feel that the bill doesn't go far enough. But it's an acceptable compromise and will give the Californians the right to see beautiful highways if they wish," the senator said.

McCarthy said the final bill was developed after lengthy conferences with conservationists on one side and outdoor advertisers and roadside business operators on the other.

This is the first measure supported by McCarthy that would give supervisors control over billboards. His earlier attempts would have given the power to the state.

Sen. Walter Stiern (D-Bakersfield) was the only "No" vote. He said he believed the bill would give local authorities no more power then they already possess.

McCarthy's measure would go hand in hand with a bill proposed by Sen. Fred S. Farr (D-Carmel) to create scenic reserves—areas where local governments could regulate the number and quality of subdivisions and commercial developments and preserve natural scenic beauty.

Farr's bill is scheduled to be heard by the Natural Resources Committee later in the session.

Under the bill, which now goes to the Assembly, boards of supervisors in each county could designate any road, highway or freeway considered beautiful or historic as "scenic" and apply sign controls.

The designation could not be applied to areas already zoned for commercial, industrial or manufacturing use.

Along the scenic stretches of highway, billboards could be erected only within 1,000 feet from any existing commercial or industrial facility. Signs violating the law would be ordered removed within five years.

McCarthy and other billboard control advocates have been working for four years to get a bill through the Senate. The San Rafael senator said yesterday's success was due to compromise.

"Some people feel that the bill doesn't go far enough. But it's an acceptable compromise and will give the Californians the right to see beautiful highways if they wish," the senator said.

McCarthy said the final bill was developed after lengthy conferences with conservationists on one side and outdoor advertisers and roadside business operators on the other.

This is the first measure supported by McCarthy that would give supervisors control over billboards. His earlier attempts would have given the power to the state.

Sen. Walter Stiern (D-Bakersfield) was the only "No" vote. He said he believed the bill would give local authorities no more power then they already possess.

McCarthy's measure would go hand in hand with a bill proposed by Sen. Fred S. Farr (D-Carmel) to create scenic reserves—areas where local governments could regulate the number and quality of subdivisions and commercial developments and preserve natural scenic beauty.

Farr's bill is scheduled to be heard by the Natural Resources Committee later in the session.

ONE MILLION TONS OF DANGER

A U.S. Coast Guard plane out of Argentia, Newfoundland, circles an iceberg during a patrol to detect such dangers to shipping in the North Atlantic. This 300-foot-long floating mass of ice was estimated to weight about one million tons.

Illegal Surgery Case Due Jury Again

Joseph Caselli of Fairfax, who refused to testify last week, is expected to appear before the Marin County Grand Jury tomorrow night to tell what he knows about allegations that a sheriff's inspector is involved in the Anita Venza abortion case.

Mrs. Vena, 54-year-old Belvedere abortionist, and Caselli both refused to be sworn in before the grand jury last Thursday. Dist. Atty. Roger P. Garety said Caselli could be cited for contempt if he refused to talk.

Another witness who has been re-invited tomorrow night is Inspector Richard J. Argento of Fairfax.

District Attorney Garety said witnesses will include one woman who was aborted at Mrs. Venza's home last year, and several others, none of them linked with the abortion case.

Mrs. Venza was scheduled to be sentenced this afternoon by Judge Richard M. Sims Jr. of Marin Superior Court.

A probation officer's report, submitted to the court Monday, recommends that Mrs. Venza receive a prison sentence of two to five years on each of two counts. This would mean four to ten years in prison.

Mrs. Venza admitted performing two illegal abortions at her home, 140 Bayview Avenue, Belvedere, last year. She had two previous abortion convictions, in San Francisco and Sonoma County.

DISCRIMINATION CHARGE HIT

Fair Employment Probe Letter Makes Supervisors Splutter

By RANDALL GOULD

A state official in effect told the Marin County Board of Supervisors yesterday that it was pretty nice they'd quit beating their wives.

This backhanded compliment from the Division of Fair Employment Practices was received with less than pleasure.

At first glance a letter to County Administrator Alan Bruce from Elton Brombacher, commissioner of the state Department of Industrial Relations, Division of Fair Employment Practices, was complimentary.

It said an investigation of the county's administration of the Fair Employment Practice Act had been carried out under Brombacher's direction by consultant Victoria Selmier with gratifying results.

A spirit of cooperation had been shown by everybody, creating "a very favorable impression"; a survey had been encouraged by the supervisors, they'd written a letter to department heads . . . then, read Clerk George S. Jones:

"Board of supervisors is alleged to have ordered certain department heads to avoid hiring members of minority groups several years prior to enactment of Fair Employment Practice Act.

"According to every source, however, the board of supervisors has consistently advocated and enforced merit hiring practices since September, 1959."

Jones stopped and spluttered: "I never heard of such a thing in Marin County! Certainly I myself never had any such directive from anybody. In fact this county was first to hire from minority groups."

Individual supervisors joined in excitedly, led by Chairman William D. Fusselman, who ejaculated: "At no time! Why, there are colored girls, Orientals . . ."

"I had colored people working 10 and 15 years ago," Jones recalled.

Bruce commented that "I don't know where that idea came from" but recalled that somewhere sometime he had seen correspondence indicating that years ago the probation committee had warned against hiring colored persons.

"The judges of the superior court would never have permitted that," said Jones. "It's like a lot of other propaganda you hear."

The rest of the letter was complimentary as to actual practices in Marin County but it took a few potshots at personal attitudes.

Though terming department heads "inquisitive and cooperative" the letter added: "Some remarks indicated prejudiced attitudes, which might well result in violation of the Fair Employment Practice Act in some future employment situation.

"Some department heads seem to feel proud of hiring a minority group member in menial positions, but fail to realize that the top jobs, if subject to the merit system, must be filled by the best applicant regardless of race, religion or national ancestry.

"Some stereotyped ideas about Negroes and other minority group members stem from the fact that few minority group members have applied for jobs and few live in the San Rafael area. Both Miss Selmier and I believe that what has happened in the past should be forgotten."

The windup was patronizing: "While some responsible personnel demonstrated feelings of racial prejudice by use of terms generally considered to be both racist and poor taste, neither Miss Selmier nor I would suggest any remedy other than some informal training of those in supervisory capacities."

Novato Chamber Names Directors

Eight new directors were elected to the Novato Chamber of Commerce in a mail vote by members which closed last night.

Elected were William Berry, Paul (Woody) Binford, Donald Dalpino, George Harrison, Irving Links, Hugh Turner, Fred Volz and George Warden.

Officers will be elected Thursday from the board of directors. Alfred Bowman has been president for the past year.

The annual meeting of the chamber, of which officers and directors will be installed, will be March 18 at the Marin Golf Club.

Novato Council Told Of Minimum Service

The number of city employees will have to grow if Novato is to give its citizens service, city councilmen heard last night.

Reports from Police Chief Roy McLaren and building inspector Fred Westfall indicated that the city now is operating with minimum police and building services.

The reports were part of a "non-agenda" meeting to inform councilmen on the long-range outlook of the two city departments.

McLaren described how the six-man police force now covers the city of almost 18,000, pointing out that police could give better and more "aggressive" coverage with more men. He set no specific figures.

Policemen have put in at least 384 hours voluntary overtime in two months, in holiday work, covering for an ill officer and continuing investigations beyond regular duty hours, McLaren reported. There is no provision for overtime pay by the city.

McLaren informally came out against any "leash law" for dogs in some of the rural areas of the city, while suggesting that one might be applied to the more built-up areas.

Councilmen generally indicated they favored a "no solicitors" law and agreed to consider an ordinance prohibiting them at a future meeting.

On the building inspection side of the wide ranging conversation, Westfall indicated to the council that he may have to ask permission to hire an aid in the department this spring, as construction increases.

Councilmen last authorized City Administrator J. Julien Baget to attempt to negotiate a contract with the county for occasional advice and aid in building inspection. Such aid is usually reimbursed by inspection fees, councilmen heard.

Westfall noted that his one-man department had not attempted to "police" sign regulations in the city because of lack of time and noted that the duties of checking motels and trailer parks, done by the state before incorporation, also would come under his department.

Science Fair On Tonight At Bel Aire

The Reed Union School District science fair begins tonight at Bel Aire School with a parents' preview from 7 to 9 o'clock in the multi-purpose room.

The display of experimental scientific entries will be open tomorrow from 9 a.m. to 9 p.m. at Reed School. Bel Aire displays will be exhibited from 9 a.m. to 5 p.m., tomorrow. On Friday, both Reed and Bel Aire exhibits will be open from 9 a.m. to 5 p.m. with Reed's open from 9 a.m. to noon Saturday.

Fourth through eighth grades at Reed and fourth through sixth grades at Bel Aire will demonstrate their individual and group entries during the exhibition. M. Ted McMillan, Reed eighth grade science teacher, is in charge of the entries.

Judges are Dr. P. C. Travis, Corte Madera psychiatrist; Edwin Rogers, San Anselmo, American Telephone and Telegraph Co. engineer, and William Ray, Mill Valley, television film editor. Judging will be completed this evening, McMillan said.

PLANE WITH MRS. KENNEDY HAS TROUBLE

MIAMI, Fla. (UPI)—A commercial airliner carrying Mrs. John F. Kennedy turned back from a flight to Washington today because an oil pressure warning light flashed on in the cockpit.

The plane, National Air Lines Flight 206 from West Palm Beach to Washington, turned around and flew to Miami. The plane is a Lockheed prop jet Electra.

Another National Air Lines Electra was waiting at the ramp in Miami. Passengers were transferred from the West Palm Beach plane and continued their flight to Washington.

The spokesman said the cause of the malfunction had not been determined in flight.

First Four Grades Planned For New Del Mar School

The eight classrooms at Del Mar School, scheduled for completion in September, will be used for grades one through four in the 1961-62 school year, Reed Union School Board trustees decided last night.

There will be one first grade, one second, one third and three fourth grades, plus an administration room and one room to be used for a library and group activities.

Trustees reached their decision after hearing a lengthy report by trustee Leo Souza on distribution of the district's children in existing classrooms.

"By keeping the seventh and eighth grades at Reed School, we will have better attendance centers for the elementary grades," trustee chairman Richard J. MacLaury said.

Trustees voted to adopt a school schedule which will call for transporting 666 children by bus, rejecting an alternative which would have required transportation of 831. The new schedule will provide the following setup at schools:

Belvedere—one class each of kindergarten, first, second and two third grades; Tiburon — one class each of kindergarten through third; Reed — four classes of seventh and eighth, three classes of fifth and two classes of sixth; Bel Aire—two kindergartens and three classes each of grades one through six.

Trustees unanimously voted against switching the seventh and eighth grades to Bel Aire because "physical education facilities are inadequate and more seventh and eighth graders live near Reed." A representative of the teachers' Association said that teachers at Bel Aire and Reed all preferred seventh and eighth grades remain at the latter school.

The board estimated it might be three or four years before the seventh and eighth grades could be switched to Del Mar School, since state aid requirements for eligibility to construct extra classrooms might not be reached by the district for a few more years.

Supt. Paul R. Stouffer asked trustees to consider employment of a fulltime psychologist. Trustees put off a decision.

The problem of hiring buses for the next school year was referred to Stouffer. Trustees agreed with Stouffer's recommendation that bus scheduling be limited to Highway 101 and Tiburon Boulevard stops.

"We're going to get a lot of complaints on this," Stouffer said. MacLaury answered, smiling, "Oh well, you're used to it by now."

The Virgin Islands were sold to the United States by Denmark in 1917.

Runaway Car Hits Fire Plug

A runaway car yesterday afternoon rolled 50 feet and hit a fire plug, San Rafael police reported.

Mrs. Sophie G. Filippetti of 303 Via Hidalgo, Greenbrae, parked her car on Third Street near D Street and set the hand brake, she told police. When she slammed the door, the car started rolling backwards until it hit the fire plug.

The San Rafael Fire Department was called out to repair the leaking fire plug.

Another witness who has been re-invited tomorrow night is Inspector Richard J. Argento of Fairfax.

District Attorney Garety said witnesses will include one woman who was aborted at Mrs. Venza's home last year, and several others, none of them linked with the abortion case.

Mrs. Venza was scheduled to be sentenced this afternoon by Judge Richard M. Sims Jr. of Marin Superior Court.

A probation officer's report, submitted to the court Monday, recommends that Mrs. Venza receive a prison sentence of two to five years on each of two counts. This would mean four to ten years in prison.

Mrs. Venza admitted performing two illegal abortions at her home, 140 Bayview Avenue, Belvedere, last year. She had two previous abortion convictions, in San Francisco and Sonoma County.

DISCRIMINATION CHARGE HIT

Fair Employment Probe Letter Makes Supervisors Splutter

By RANDALL GOULD

A state official in effect told the Marin County Board of Supervisors yesterday that it was pretty nice they'd quit beating their wives.

This backhanded compliment from the Division of Fair Employment Practices was received with less than pleasure.

At first glance a letter to County Administrator Alan Bruce from Elton Brombacher, commissioner of the state Department of Industrial Relations, Division of Fair Employment Practices, was complimentary.

It said an investigation of the county's administration of the Fair Employment Practice Act had been carried out under Brombacher's direction by consultant Victoria Selmier with gratifying results.

A spirit of cooperation had been shown by everybody, creating "a very favorable impression"; a survey had been encouraged by the supervisors, they'd written a letter to department heads . . . then, read Clerk George S. Jones:

"Board of supervisors is alleged to have ordered certain department heads to avoid hiring members of minority groups several years prior to enactment of Fair Employment Practice Act.

"According to every source, however, the board of supervisors has consistently advocated and enforced merit hiring practices since September, 1959."

Jones stopped and spluttered: "I never heard of such a thing in Marin County! Certainly I myself never had any such directive from anybody. In fact this county was first to hire from minority groups."

Individual supervisors joined in excitedly, led by Chairman William D. Fusselman, who ejaculated: "At no time! Why, there are colored girls, Orientals . . ."

"I had colored people working 10 and 15 years ago," Jones recalled.

Bruce commented that "I don't know where that idea came from" but recalled that somewhere sometime he had seen correspondence indicating that years ago the probation committee had warned against hiring colored persons.

"The judges of the superior court would never have permitted that," said Jones. "It's like a lot of other propaganda you hear."

The rest of the letter was complimentary as to actual practices in Marin County but it took a few potshots at personal attitudes.

Though terming department heads "inquisitive and cooperative" the letter added: "Some remarks indicated prejudiced attitudes, which might well result in violation of the Fair Employment Practice Act in some future employment situation.

"Some department heads seem to feel proud of hiring a minority group member in menial positions, but fail to realize that the top jobs, if subject to the merit system, must be filled by the best applicant regardless of race, religion or national ancestry.

"Some stereotyped ideas about Negroes and other minority group members stem from the fact that few minority group members have applied for jobs and few live in the San Rafael area. Both Miss Selmier and I believe that what has happened in the past should be forgotten."

The windup was patronizing: "While some responsible personnel demonstrated feelings of racial prejudice by use of terms generally considered to be both racist and poor taste, neither Miss Selmier nor I would suggest any remedy other than some informal training of those in supervisory capacities."

Novato Council Told Of Minimum Service

The number of city employees will have to grow if Novato is to give its citizens service, city councilmen heard last night.

Reports from Police Chief Roy McLaren and building inspector Fred Westfall indicated that the city now is operating with minimum police and building services.

The reports were part of a "non-agenda" meeting to inform councilmen on the long-range outlook of the two city departments.

McLaren described how the six-man police force now covers the city of almost 18,000, pointing out that police could give better and more "aggressive" coverage with more men. He set no specific figures.

Policemen have put in at least 384 hours voluntary overtime in two months, in holiday work, covering for an ill officer and continuing investigations beyond regular duty hours, McLaren reported. There is no provision for overtime pay by the city.

McLaren informally came out against any "leash law" for dogs in some of the rural areas of the city, while suggesting that one might be applied to the more built-up areas.

Councilmen generally indicated they favored a "no solicitors" law and agreed to consider an ordinance prohibiting them at a future meeting.

On the building inspection side of the wide ranging conversation, Westfall indicated to the council that he may have to ask permission to hire an aid in the department this spring, as construction increases.

Councilmen last authorized City Administrator J. Julien Baget to attempt to negotiate a contract with the county for occasional advice and aid in building inspection. Such aid is usually reimbursed by inspection fees, councilmen heard.

Westfall noted that his one-man department had not attempted to "police" sign regulations in the city because of lack of time and noted that the duties of checking motels and trailer parks, done by the state before incorporation, also would come under his department.

PLANE WITH MRS. KENNEDY HAS TROUBLE

MIAMI, Fla. (UPI)—A commercial airliner carrying Mrs. John F. Kennedy turned back from a flight to Washington today because an oil pressure warning light flashed on in the cockpit.

The plane, National Air Lines Flight 206 from West Palm Beach to Washington, turned around and flew to Miami. The plane is a Lockheed prop jet Electra.

Another National Air Lines Electra was waiting at the ramp in Miami. Passengers were transferred from the West Palm Beach plane and continued their flight to Washington.

The spokesman said the cause of the malfunction had not been determined in flight.

Good Wishes For Liz

HOLLYWOOD (AP) — Debbie Reynolds holds good wishes for Elizabeth Taylor, who married Eddie Fisher the day he divorced Miss Reynolds at Las Vegas, Nev., in May, 1959.

A spokesman for Miss Reynolds offered this terse comment for her on Miss Taylor's critical illness in London: "She expressed concern and hope for a speedy and complete recovery."

First Four Grades Planned For New Del Mar School

The eight classrooms at Del Mar School, scheduled for completion in September, will be used for grades one through four in the 1961-62 school year, Reed Union School Board trustees decided last night.

There will be one first grade, one second, one third and three fourth grades, plus an administration room and one room to be used for a library and group activities.

Trustees reached their decision after hearing a lengthy report by trustee Leo Souza on distribution of the district's children in existing classrooms.

"By keeping the seventh and eighth grades at Reed School, we will have better attendance centers for the elementary grades," trustee chairman Richard J. MacLaury said.

Trustees voted to adopt a school schedule which will call for transporting 666 children by bus, rejecting an alternative which would have required transportation of 831. The new schedule will provide the following setup at schools:

Belvedere—one class each of kindergarten, first, second and two third grades; Tiburon — one class each of kindergarten through third; Reed — four classes of seventh and eighth, three classes of fifth and two classes of sixth; Bel Aire—two kindergartens and three classes each of grades one through six.

Trustees unanimously voted against switching the seventh and eighth grades to Bel Aire because "physical education facilities are inadequate and more seventh and eighth graders live near Reed." A representative of the teachers' Association said that teachers at Bel Aire and Reed all preferred seventh and eighth grades remain at the latter school.

The board estimated it might be three or four years before the seventh and eighth grades could be switched to Del Mar School, since state aid requirements for eligibility to construct extra classrooms might not be reached by the district for a few more years.

Supt. Paul R. Stouffer asked trustees to consider employment of a fulltime psychologist. Trustees put off a decision.

The problem of hiring buses for the next school year was referred to Stouffer. Trustees agreed with Stouffer's recommendation that bus scheduling be limited to Highway 101 and Tiburon Boulevard stops.

"We're going to get a lot of complaints on this," Stouffer said. MacLaury answered, smiling, "Oh well, you're used to it by now."

The Virgin Islands were sold to the United States by Denmark in 1917.

Runaway Car Hits Fire Plug

A runaway car yesterday afternoon rolled 50 feet and hit a fire plug, San Rafael police reported.

Mrs. Sophie G. Filippetti of 303 Via Hidalgo, Greenbrae, parked her car on Third Street near D Street and set the hand brake, she told police. When she slammed the door, the car started rolling backwards until it hit the fire plug.

The San Rafael Fire Department was called out to repair the leaking fire plug.

Committee Will Study Co-op Housing Plans

The Marin City Tenants Council announced yesterday that a committee of seven will study whether co-op type homes of co-op apartments would be the more advantageous investment for Marin City residents who seek their own housing.

The first meeting of the committee is set for 8 p.m. tomorrow with Bert Klahn, executive director of the Marin County Housing and Redevelopment Agency, at his office.

The committee, according to Hardy Westmore, public affairs chairman of the tenants council, is expected to report to the council March 20. A public hearing on the cooperative apartment proposal has been scheduled March 24 by the redevelopment agency.

Committee members are Dr. Daniel A. Collins, Mill Valley dentist; Rev. J. P. Henry, pastor of the First Missionary Baptist Church of Marin City; Mrs. Vera Schultz of Mill Valley, former supervisor; Daniel Hayden, chairman of the tenants council; Mrs. Rosa Mae Graham, Marin City resident, Thomas M. Ryan, tenants council attorney, and Westmore.

Hal Dunleavey, coordinator for the International Longshoremen's and Warehousemen's Union Longshoremen's Redevelopment Corp. in San Francisco, will be adviser.

Novato Seeks Real Estate Assistance

The Novato Unified School District may go into the real estate business.

At a special meeting last night, trustees directed Supt. W. J. J. Smith to draw up a "contract" under which the board could hire a Novato real estate agent to help the district find school sites.

After discussion with realty brokers Frank Perachiotti and Alfred Bellucci, trustees asked that Smith draw up an agreement under which any agent who might represent the board would be paid a flat fee for time spent on school site negotiation. Any commission received would come from the seller of the property not the district.

Trustees also considered purchase of more land near the Rancho School, now being constructed, but deferred action to the March 14 meeting.

They heard the district probably will have to acquire eight lots southwest of the high school for a future elementary school site.

ELECTION

Continued from page 1

and improvised annexation proceeding.

"The election result strongly rejects the idea of a static form of government in favor of a continuation of the dynamic, local government which has served Terra Linda for the past four years. As Terra Linda's representative and responsive local government, the CSD now re-pledges itself to the continuing development of services, protection and proper planning for the community."

Anton Lonich, who as president of the Terra Linda Taxpayers League fought equally hard for annexation, called for closing ranks for a unified community in a statement acknowledging defeat.

"The league is very pleased that our Terra Linda neighbors turned out to vote in such large numbers on the annexation issue," said Lonich. "The results of the election indicate that Terra Linda wishes to remain as a community services district and it is now important for all of us to work together for a unified community.

"The people made their decision and our league will abide by the rule of the majority. We want to do what the majority wants in Terra Linda. We wish to express gratitude to all the residents who worked so hard with us and gave their entire support."

Walter J. Fairweather, chairman of the board of the Terra Linda Recreational District, said his board will discuss next Wednesday night a new date for election on a proposed $233,000 recreation bond issue. The election, originally set for January, was postponed until after the annexation vote because of doubt as to whether the district could retain control of its park lands if annexed.

"The result of the election will permit us to go ahead with our bond election and see if we can do the job for which the district was formed without a lot of frustration because of doubts of our status," said Fairweather.

Currier, Ives Prints To Be Exhibited

An exhibition of Currier and Ives original prints will be presented March 11-12 at the Novato Community Club, 906 Machin Street.

The prints illustrate customs and costumes from 1835-1870. They will be on display from 10 a.m. to 5 p.m. March 11 and from 1 to 5 p.m. March 12. The showing of the collection was arranged by Paul Terry of Novato. The prints are from a collection assembled by the Travelers Insurance companies.

CLAIM

Continued from page 1

Walter R. Castro and William Gnoss against.

Asked whether he or Gnoss would lend a vote in case it were necessary to dig out the damage money, Castro chuckled and said he'd like to give the matter deep thought.

"This might kick around a while," said county counsel E. Warren McGuire.

McGuire called attention to a five-page opinion he gave the board Jan. 16. At that time it wasn't read but he thought now might be a good time.

"In that on page 1," McGuire noted, "it was pointed out that a temporary stop notice could be issued and that it 'will entitle the contractor to a reasonable extension of time provided for the performance of the contract and damages, the latter being dependent on the construction' of certain articles in the contract.

"In other words the contractor is entitled to extension of time and he might be entitled to damages, but he might have to go to court about the damages unless the supervisors elected to pay. It seems that the supervisors will first have to decide whether damages should be paid."

On hearing from the auditor's office yesterday that a damage claim was being made, the supervisors said it should be referred to McGuire on receipt.

Owners Of Arks Seek Sewer Cost

A delegation from the Greenbrae Boardwalk Improvement Assn. met last night with the Corte Madera Sanitary District board and was told that district engineers were working on estimates of the cost of connecting their arks with the district's sewer system.

Until the costs are presented, no action will be taken against the un-sewered arks, board president Herbert I. Vernet said. The figures should be available in about two months, he said.

Vernet said sewer connections would probably be financed through an assessment district formed by the owners.

Williams Jury Selection On

Selection of a jury which will decide the fate of Elwood Williams, 29, San Rafael barber accused of killing his estranged wife last November, continued today in Yolo County Superior Court.

The first panel of prospective jurors was exhausted late yesterday with two vacancies remaining. Dist. Atty. Anthony B. Avilla said he expected to begin presenting evidence late today.

'Sister City' Plan Head Quits Post

Mrs. M. Justin Herman resigned last night as chairman of Sausalito's "people-to-people" program and was replaced by Charles H. Merrill Jr., an industrialist.

The Sausalito City Council, accepting Mrs. Herman's resignation, voted a resolution of thanks to her for her two years of chairmanship of the program, which has seen adoption of Vina del Mar, Chile, as Sausalito's "sister city."

The new chairman, who resides at 694 Sausalito Boulevard, is owner of Holbrook Merrill Co., a steel fabrication company in San Francisco.

Councilman Majorie Brady announced that Mrs. Malena Armstrong, a former Sausalito resident, will open the Sausalito photographic exhibit this week at the Chilean-North America week in Vina del Mar.

Mrs. Armstrong has reported, Mrs. Brady said, that 10,000 American flags will be given away at the week-long celebration and that a pamphlet has been prepared for distribution based on the account of Nicolas Velasco's visit to Sausalito last December.

'Bluebirds' Take Flight At Quentin

The Bluebirds of San Quentin are no more.

This was a gang of young prisoners — the oldest 23— which, about six months ago, was causing difficulty and assaulting other inmates, Associate Warden Walter D. Achuff disclosed today.

The gang, identified by small tattoos on their foreheads, was broken up and sent some members to the prison's new adjustment center, away from the general prison population.

Yesterday a committee of the warden and associate warden reviewed all cases, including those of the former Bluebirds, who had been in the adjustment center for six months. Some are ready for release to the general prison population, Achuff said.

The gang no longer exists as such, although those who were members still bear the tattoo marks, Achuff said.

Some members also had their teeth drilled and filled with sequins. Some also used to scribble swastikas on prison property.

In the adjustment center, inmates under an intensive treatment program to help them realize each is an individual and problems are not solved by ganging up, Achuff said.

Committee Will Study Co-op Housing Plans

The Marin City Tenants Council announced yesterday that a committee of seven will study whether co-op type homes of co-op apartments would be the more advantageous investment for Marin City residents who seek their own housing.

The first meeting of the committee is set for 8 p.m. tomorrow with Bert Klahn, executive director of the Marin County Housing and Redevelopment Agency, at his office.

The committee, according to Hardy Westmore, public affairs chairman of the tenants council, is expected to report to the council March 20. A public hearing on the cooperative apartment proposal has been scheduled March 24 by the redevelopment agency.

Committee members are Dr. Daniel A. Collins, Mill Valley dentist; Rev. J. P. Henry, pastor of the First Missionary Baptist Church of Marin City; Mrs. Vera Schultz of Mill Valley, former supervisor; Daniel Hayden, chairman of the tenants council; Mrs. Rosa Mae Graham, Marin City resident, Thomas M. Ryan, tenants council attorney, and Westmore.

Hal Dunleavey, coordinator for the International Longshoremen's and Warehousemen's Union Longshoremen's Redevelopment Corp. in San Francisco, will be adviser.

Novato Seeks Real Estate Assistance

The Novato Unified School District may go into the real estate business.

At a special meeting last night, trustees directed Supt. W. J. J. Smith to draw up a "contract" under which the board could hire a Novato real estate agent to help the district find school sites.

After discussion with realty brokers Frank Perachiotti and Alfred Bellucci, trustees asked that Smith draw up an agreement under which any agent who might represent the board would be paid a flat fee for time spent on school site negotiation. Any commission received would come from the seller of the property not the district.

Trustees also considered purchase of more land near the Rancho School, now being constructed, but deferred action to the March 14 meeting.

They heard the district probably will have to acquire eight lots southwest of the high school for a future elementary school site.

ELECTION

and improvised annexation proceeding.

"The election result strongly rejects the idea of a static form of government in favor of a continuation of the dynamic, local government which has served Terra Linda for the past four years. As Terra Linda's representative and responsive local government, the CSD now re-pledges itself to the continuing development of services, protection and proper planning for the community."

Anton Lonich, who as president of the Terra Linda Taxpayers League fought equally hard for annexation, called for closing ranks for a unified community in a statement acknowledging defeat.

"The league is very pleased that our Terra Linda neighbors turned out to vote in such large numbers on the annexation issue," said Lonich. "The results of the election indicate that Terra Linda wishes to remain as a community services district and it is now important for all of us to work together for a unified community.

"The people made their decision and our league will abide by the rule of the majority. We want to do what the majority wants in Terra Linda. We wish to express gratitude to all the residents who worked so hard with us and gave their entire support."

Walter J. Fairweather, chairman of the board of the Terra Linda Recreational District, said his board will discuss next Wednesday night a new date for election on a proposed $233,000 recreation bond issue. The election, originally set for January, was postponed until after the annexation vote because of doubt as to whether the district could retain control of its park lands if annexed.

"The result of the election will permit us to go ahead with our bond election and see if we can do the job for which the district was formed without a lot of frustration because of doubts of our status," said Fairweather.

Currier, Ives Prints To Be Exhibited

An exhibition of Currier and Ives original prints will be presented March 11-12 at the Novato Community Club, 906 Machin Street.

The prints illustrate customs and costumes from 1835-1870. They will be on display from 10 a.m. to 5 p.m. March 11 and from 1 to 5 p.m. March 12. The showing of the collection was arranged by Paul Terry of Novato. The prints are from a collection assembled by the Travelers Insurance companies.

CLAIM

Walter R. Castro and William Gnoss against.

Asked whether he or Gnoss would lend a vote in case it were necessary to dig out the damage money, Castro chuckled and said he'd like to give the matter deep thought.

"This might kick around a while," said county counsel E. Warren McGuire.

McGuire called attention to a five-page opinion he gave the board Jan. 16. At that time it wasn't read but he thought now might be a good time.

"In that on page 1," McGuire noted, "it was pointed out that a temporary stop notice could be issued and that it 'will entitle the contractor to a reasonable extension of time provided for the performance of the contract and damages, the latter being dependent on the construction' of certain articles in the contract.

"In other words the contractor is entitled to extension of time and he might be entitled to damages, but he might have to go to court about the damages unless the supervisors elected to pay. It seems that the supervisors will first have to decide whether damages should be paid."

On hearing from the auditor's office yesterday that a damage claim was being made, the supervisors said it should be referred to McGuire on receipt.

Owners Of Arks Seek Sewer Cost

A delegation from the Greenbrae Boardwalk Improvement Assn. met last night with the Corte Madera Sanitary District board and was told that district engineers were working on estimates of the cost of connecting their arks with the district's sewer system.

Until the costs are presented, no action will be taken against the un-sewered arks, board president Herbert I. Vernet said. The figures should be available in about two months, he said.

Vernet said sewer connections would probably be financed through an assessment district formed by the owners.

Funeral services for 3-year-old Julie DeLaMontanya, daughter of Mr. and Mrs. Hudson DeLaMontanya who until last week lived in San Rafael, will be held at 10 a.m. tomorrow at Holy Innocents Episcopal Church in Corte Madera. Burial will be in Mount Tamalpais Cemetery.

The name was incorrectly spelled "Julio" in yesterday's Independent-Journal, which also said in error that the funeral would be held today.

The child died at the family's new home in Cotati, Sonoma County, on Monday apparently as result of a throat obstruction while eating.

Recreation Unit Loses Commissioner

Edward F. Fuselli last night resigned from the Fairfax Recreation Commission, effective immediately.

Fuselli, who is Fairfax postmaster, has served on the commission for six years.

"It is time that there is some new blood on the commission," Fuselli said in turning in his resignation.

The commission recommended that police make more frequent patrols of the park area and the pavilion, both at night and during the day.

The master plan committee said it would give its report at the April meeting on recommendations for park improvements.

Tom Kelly, recreation director, asked that the commission to make a decision within two months whether Fairfax would have a summer recreation program.

Mentally Ill

SACRAMENTO (UPI) — The State Department of Mental Hygiene reported that at the end of 1960 it was caring for 64,906 mentally ill and mentally retarded persons.

SAUSALITO TO BEAUTIFY SOUTH VIEW PARK

Plans were approved by the Sausalito City Council last night to develop one quarter of South View Park, now in asphalt surfacing. Lawn, trees and shrubs will be planted, a new wall and steps installed. Small building is tool shed. Fourth Street is upper left, North Street at top. The recreation commission has budgeted $1,100 toward the improvements. Sketch is by Mrs. Jack Woods of Sausalito.

Sausalito Passes Marinship Center

Heath Land Co. and Allied Grocers Inc. won permission last night to build two and-one-half-million-dollar shopping center in Marinship.

The Sausalito City Council approved a use permit and a variance permitting more than one building on a lot. Kurt Heath of Mill Valley and C. Hoertkorn of San Anselmo, the latter representing Allied Grocers, were jubilant. Hoertkorn said he had waited for approval since Feb. 9 of last year when the plans were first submitted to the planning commission.

The center is planned to include 19 stores, an Allied Grocers supermarket, a bank, and a three-story office building.

Hoertkorn said he hopes to get started on the market within one week. Heath said he cannot start the remainder of the project for 90 days but hopes to have the center open for business by Christmas.

Twelve conditions for the use permit and variance were agreed to by Heath. When a 13th condition was proposed asking that Heath give 30 feet toward to proposed north-south road instead of the formerly agreed upon 20 feet, Heath balked.

Mayor Philip S. Ehrlich said the extra road might be needed one day for a 60-foot street, half on the property in question. "If we make the decision on 20 feet now, the die is cast," he said.

It was brought out that the city has plans to get a development plan for the Marinship area and that at that time it would be provided with details as to what city engineer John L. Hunter would propose as road widths.

Property owner Ernest N. Kettenhofen claimed the council had promised the road would be a total of 40 feet wide.

Julius H. Selinger, attorney for Heath, said, "We're giving you 40 feet as a gift." (In addition to 20 feet from Heath, the opposite property owners, Elmo V. and Vincent Maggiora, would be requested to give a like amount).

Property owner Alan H. Scurfield brought a round of applause from the audience when he said the city council was "derelict and negligent . . . in laying this mess in our laps."

The 13th condition imposed and agreed to by Heath states that an easement is required of not less than 20 feet nor more than 30 feet.

Continuance of a hearing on the Marinship master plan was put over to an adjourned meeting next Tuesday.

About 1,500 miles of Alabama's rivers are navigable.

$1.5 Million In Pipeline Bonds Sold

The North Marin Water District last night sold $1,500,000 worth of bonds for construction of a Russian River pipeline, at an average interest rate of 3.8965 per cent.

R. H. Moulton and Co. of San Francisco was low among four bidders for the 30-year bonds. The bond sale is part of a $3,790,000 issue previously approved by voters for construction of a waterline which will bring Russian River water to the Novato area, and for improvement of facilities.

Actual construction on the line from Petaluma to Novato is expected to begin in May, Jerome Gilbert, manager of the district, reported.

A search for wells which might be usable has turned up none which are suitable, Gilbert said.

The Moulton company, in bidding on the bonds, represented a syndicate of four other companies: Taylor and Co., Boettcher and Co., First California Company, Inc. and Security First National Bank.

High bidder for the bonds was the Bank of America at 3.9849 per cent. Bond charges to the district over the 30-year maturity period will amount to $1,113,434.

TESTED ON MODEL

Barrier Plans Would Intensify Bay Tides

Barriers across San Francisco Bay—tested on the model in Sausalito—will create higher high tides and lower low tides, the Army Corps of Engineers reported today.

"This means that levees on the downstream side of a barrier might have to be raised and strengthened and ship channels might have to be deepened," said Reuben Johnson, chief of the Army Engineers planning and reports branch.

Preliminary reports on the engineers' study of the bay model were made before an audience of Bay Area Council officials studying the problems of the development of the area.

Model tests show the greatest changes in the action of the bay would occur if a barrier were built at Chipps Island, near Pittsburg, and that the change would decrease with barriers constructed nearer to the Golden Gate.

Seven barrier locations are being studied, Johnson said. These are the Reber plan, which calls for earth dikes across the bay parallel to the Bay Bridge in the south and from Point San Quentin to Richmond in the north; the Savage plan, a skeletonized Reber plan; three single barriers in the north bay and two single barriers in the south bay.

Johnson said the physical effects are important in the economic analysis of the value of a barrier, but stressed that this was only one of many considerations in a study of the feasibility of barrier construction in the bay. The Army Engineers are scheduled to report on the barrier aspect of their comprehensive bay study next December.

Final study recommendations, to be released in December 1963, will cover not only barriers, but water conservation, transportation, salt intrustion in the delta, navigation, flood control and recreation.

Johnson said the corps feels some type of representative regional supervisory authority would be valuable, because the study will present recommendations requiring area-wide cooperation.

Speaker On Parents

Dr. John Conley, assistant professor of education at San Francisco State College, will speak on parent-child educational relationship and how it affects the child's education today at 8 p.m. in Olney Hall, College of Marin. The meeting is open to the public.

Sausalito City Council Refuses Again To Charge For Boat Ramp

The Sausalito City Council, for the second time in a week, last night refused to put a charge on use of the city-owned boat launching ramp at the foot of Turney Street.

Fred Perry Jr. of 121 Filbert Street asked that a fee of at least $1.50 be charged for use of the ramp to discourage "free loaders."

But the council, which had turned down a fee last Tuesday, rejected it again by 3-2 vote, with Mayor Philip S. Ehrlich Jr. and Councilman Howard Sievers voting in the minority.

Perry said that 99 per cent of the ramp's users come from outside of Sausalito. He suggested that something be done about parking of boaters' cars and trailers on Johnson, Pine and Locust Streets. His tenants have to walk some distance because their parking space is used up, he declared.

He suggested outsiders be charged the fee for using the boat ramp and Sausalito residents be issued free passes.

George C. Hoffman of 247 Woodward Avenue jumped up and said, "I enjoy Golden Gate Park and so does Mr. Perry and I don't like to be called a free loader."

"The water is for all of us," declared Hoffman.

Mrs. Margaret Broderick, who owns seven apartments at Turney and Caledonia Streets, told the council: "Not one of my tenants can have a weekend guest. My janitor has to go out and clean the street the morning afterwards of bottles and papers."

The council by 4-1 vote approved the contract with the Sausalito foundation for the purchase of the Shelter Cove lots. George E. Keeney was the dissenter.

It also voted 4-1, Keeney dissenting, to table the referendum petition of Jan. 3 on grounds the petition does not qualify as a referendum petition.

'City Clerk Amelie Smith asked the council "what about the writ of mandamus?" Councilman Michael Harris said, "We have to pass this in order to give them clear chance to contest in court."

A petition for writ of mandate was filed yesterday in superior court by Russell S. Reagan of 1 Edwards Avenue to attempt to stop the city from going ahead with the Shelter Cove purchase for recreational purposes.

The council also:

1. Requested Brown to post in the city clerk's office a "turn-out" list of 22 streets. Turn-out areas have been suggested on narrow streets to be painted red for one car to park to allow another car to pass. Persons may protest turn-outs for the next two weeks.

2. Approved the general plan presented by the recreation commission for beautifying South View Park and asked City Engineer John L. Hunter to do the engineering and Brown to proceed with the balance of the project. The recreation commission has $1,100 for the project.

3. Denied 4-1, Mayor Ehrlich dissenting, a request from Ondine restaurant for use of a small city parking area next to the restaurant for two days a week at $20 for the two days.

4. Announced that Councilman Marjorie Brady would be the council representative to the Air Pollution Control Board meeting Friday in San Rafael.

SAUSALITO TO BEAUTIFY SOUTH VIEW PARK

Plans were approved by the Sausalito City Council last night to develop one quarter of South View Park, now in asphalt surfacing. Lawn, trees and shrubs will be planted, a new wall and steps installed. Small building is tool shed. Fourth Street is upper left, North Street at top. The recreation commission has budgeted $1,100 toward the improvements. Sketch is by Mrs. Jack Woods of Sausalito.

Sausalito City Council Refuses Again To Charge For Boat Ramp

The Sausalito City Council, for the second time in a week, last night refused to put a charge on use of the city-owned boat launching ramp at the foot of Turney Street.

Fred Perry Jr. of 121 Filbert Street asked that a fee of at least $1.50 be charged for use of the ramp to discourage "free loaders."

But the council, which had turned down a fee last Tuesday, rejected it again by 3-2 vote, with Mayor Philip S. Ehrlich Jr. and Councilman Howard Sievers voting in the minority.

Perry said that 99 per cent of the ramp's users come from outside of Sausalito. He suggested that something be done about parking of boaters' cars and trailers on Johnson, Pine and Locust Streets. His tenants have to walk some distance because their parking space is used up, he declared.

He suggested outsiders be charged the fee for using the boat ramp and Sausalito residents be issued free passes.

George C. Hoffman of 247 Woodward Avenue jumped up and said, "I enjoy Golden Gate Park and so does Mr. Perry and I don't like to be called a free loader."

"The water is for all of us," declared Hoffman.

Mrs. Margaret Broderick, who owns seven apartments at Turney and Caledonia Streets, told the council: "Not one of my tenants can have a weekend guest. My janitor has to go out and clean the street the morning afterwards of bottles and papers."

The council by 4-1 vote approved the contract with the Sausalito foundation for the purchase of the Shelter Cove lots. George E. Keeney was the dissenter.

It also voted 4-1, Keeney dissenting, to table the referendum petition of Jan. 3 on grounds the petition does not qualify as a referendum petition.

City Clerk Amelie Smith asked the council "what about the writ of mandamus?" Councilman Michael Harris said, "We have to pass this in order to give them clear chance to contest in court."

A petition for writ of mandate was filed yesterday in superior court by Russell S. Reagan of 1 Edwards Avenue to attempt to stop the city from going ahead with the Shelter Cove purchase for recreational purposes.

The council also:

1. Requested Brown to post in the city clerk's office a "turn-out" list of 22 streets. Turn-out areas have been suggested on narrow streets to be painted red for one car to park to allow another car to pass. Persons may protest turnouts for the next two weeks.

2. Approved the general plan presented by the recreation commission for beautifying South View Park and asked City Engineer John L. Hunter to do the engineering and Brown to proceed with the balance of the project. The recreation commission has $1,100 for the project.

3. Denied 4-1, Mayor Ehrlich dissenting, a request from Ondine restaurant for use of a small city parking area next to the restaurant for two days a week at $20 for the two days.

4. Announced that Councilman Marjorie Brady would be the council representative to the Air Pollution Control Board meeting Friday in San Rafael.

Sausalito Passes Marinship Center

Heath Land Co. and Allied Grocers Inc. won permission last night to build two and-one-half-million-dollar shopping center in Marinship.

The Sausalito City Council approved a use permit and a variance permitting more than one building on a lot. Kurt Heath of Mill Valley and C. Hoertkorn of San Anselmo, the latter representing Allied Grocers, were jubilant. Hoertkorn said he had waited for approval since Feb. 9 of last year when the plans were first submitted to the planning commission.

The center is planned to include 19 stores, an Allied Grocers supermarket, a bank, and a three-story office building.

Hoertkorn said he hopes to get started on the market within one week. Heath said he cannot start the remainder of the project for 90 days but hopes to have the center open for business by Christmas.

Twelve conditions for the use permit and variance were agreed to by Heath. When a 13th condition was proposed asking that Heath give 30 feet toward to proposed north-south road instead of the formerly agreed upon 20 feet, Heath balked.

Mayor Philip S. Ehrlich said the extra road might be needed one day for a 60-foot street, half on the property in question. "If we make the decision on 20 feet now, the die is cast," he said.

It was brought out that the city has plans to get a development plan for the Marinship area and that at that time it would be provided with details as to what city engineer John L. Hunter would propose as road widths.

Property owner Ernest N. Kettenhofen claimed the council had promised the road would be a total of 40 feet wide.

Julius H. Selinger, attorney for Heath, said, "We're giving you 40 feet as a gift." (In addition to 20 feet from Heath, the opposite property owners, Elmo V. and Vincent Maggiora, would be requested to give a like amount).

Property owner Alan H. Scurfield brought a round of applause from the audience when he said the city council was "derelict and negligent . . . in laying this mess in our laps."

The 13th condition imposed and agreed to by Heath states that an easement is required of not less than 20 feet nor more than 30 feet.

Continuance of a hearing on the Marinship master plan was put over to an adjourned meeting next Tuesday.

About 1,500 miles of Alabama's rivers are navigable.

$1.5 Million In Pipeline Bonds Sold

The North Marin Water District last night sold $1,500,000 worth of bonds for construction of a Russian River pipeline, at an average interest rate of 3.8965 per cent.

R. H. Moulton and Co. of San Francisco was low among four bidders for the 30-year bonds. The bond sale is part of a $3,790,000 issue previously approved by voters for construction of a waterline which will bring Russian River water to the Novato area, and for improvement of facilities.

Actual construction on the line from Petaluma to Novato is expected to begin in May, Jerome Gilbert, manager of the district, reported.

A search for wells which might be usable has turned up none which are suitable, Gilbert said.

The Moulton company, in bidding on the bonds, represented a syndicate of four other companies: Taylor and Co., Boettcher and Co., First California Company, Inc. and Security First National Bank.

High bidder for the bonds was the Bank of America at 3.9849 per cent. Bond charges to the district over the 30-year maturity period will amount to $1,113,434.

TESTED ON MODEL

Barrier Plans Would Intensify Bay Tides

Barriers across San Francisco Bay—tested on the model in Sausalito—will create higher high tides and lower low tides, the Army Corps of Engineers reported today.

"This means that levees on the downstream side of a barrier might have to be raised and strengthened and ship channels might have to be deepened," said Reuben Johnson, chief of the Army Engineers planning and reports branch.

Preliminary reports on the engineers' study of the bay model were made before an audience of Bay Area Council officials studying the problems of the development of the area.

Model tests show the greatest changes in the action of the bay would occur if a barrier were built at Chipps Island, near Pittsburg, and that the change would decrease with barriers constructed nearer to the Golden Gate.

Seven barrier locations are being studied, Johnson said. These are the Reber plan, which calls for earth dikes across the bay parallel to the Bay Bridge in the south and from Point San Quentin to Richmond in the north; the Savage plan, a skeletonized Reber plan; three single barriers in the north bay and two single barriers in the south bay.

Johnson said the physical effects are important in the economic analysis of the value of a barrier, but stressed that this was only one of many considerations in a study of the feasibility of barrier construction in the bay. The Army Engineers are scheduled to report on the barrier aspect of their comprehensive bay study next December.

Final study recommendations, to be released in December 1963, will cover not only barriers, but water conservation, transportation, salt intrustion in the delta, navigation, flood control and recreation.

Johnson said the corps feels some type of representative regional supervisory authority would be valuable, because the study will present recommendations requiring area-wide cooperation.

8th GRADERS DO BETTER ON EVENTS TEST

MEDINA, Ohio (AP)—Dorothy Spencer says her eighth graders did pretty well—in fact they did a little better than a group of college students on a current events test.

The junior high school teacher noted a newspaper story about the low scores, averaging 47.3 per cent on a test taken by students at Kent State University.

Mrs. Spencer got a copy of the test and gave it to her class. The eighth graders scored an average of 49.2 per cent.

Waldo Point Apartments Get Approval

Roger L. Heiser finally got the way cleared for starting work on his projected 12-unit three-story apartment house on Waldo Point yesterday.

But in what he obviously hoped would be his last appearance before the Marin County Board of Supervisors in a long time, he also got a warning to start work in a hurry if he didn't want more trouble.

"Who is after my hide?" he inquired dolefully after being told by B. D. Dobbs of the planning staff that rezoning of the area was due soon and that once this was done no apartment could be built.

"Sometimes people draw opposition," replied Chairman William D. Fusselman. "I've found that out."

Heiser actually got special treatment, in that his clearance from the planning commission had come only on Monday and been hurried through. This was because the commission had continued his application at its preceding meeting because of unclear title, although at virtually the same hour Heiser was buying a quit-claim from the county for $600—up from his initial $50 offer because of determined bidding by a hostile neighbor.

June Leitch, the other bidder, put in a letter of protest yesterday but the supervisors evidently felt Heiser had earned his chance to build.

Highway Users Fund: $55,592

SACRAMENTO (CNS)—State Controller Alan Cranston announced Marin County received $55,592 in highway users taxes in February.

A total of $29,104,458 was distributed—$19,333,847 to the state highway fund for highways, $7,046,684 to the counties and $2,723,927 to the state highway fund for cities.

The total distribution was an increase of $2,238,049 or 8.3 per cent over February, 1960. The distribution was a $857,419 decrease from the January total.

The funds come from gasoline taxes.

Film For Seniors

Dr. Virgil S. Hollis, county superintendent of schools, will show the film "No Bells Ring" to the Marin Senior Assn. at 1:30 p.m. Saturday in the auditorium of Isabel Cook School, San Anselmo.

Heiser actually got special treatment, in that his clearance from the planning commission had come only on Monday and been hurried through. This was because the commission had continued his application at its preceding meeting because of unclear title, although at virtually the same hour Heiser was buying a quit-claim from the county for $600—up from his initial $50 offer because of determined bidding by a hostile neighbor.

June Leitch, the other bidder, put in a letter of protest yesterday but the supervisors evidently felt Heiser had earned his chance to build.

Highway Users Fund: $55,592

SACRAMENTO (CNS)—State Controller Alan Cranston announced Marin County received $55,592 in highway users taxes in February.

A total of $29,104,458 was distributed—$19,333,847 to the state highway fund for highways, $7,046,684 to the counties and $2,723,927 to the state highway fund for cities.

The total distribution was an increase of $2,238,049 or 8.3 per cent over February, 1960. The distribution was a $857,419 decrease from the January total.

The funds come from gasoline taxes.

Film For Seniors

Dr. Virgil S. Hollis, county superintendent of schools, will show the film "No Bells Ring" to the Marin Senior Assn. at 1:30 p.m. Saturday in the auditorium of Isabel Cook School, San Anselmo.

Students Of Advertising Due Assistance Through Scholarships

College students studying advertising may find additional assistance in a new scholarship and training plan initiated by the Northern California Council of the American Assn. of Advertising Agencies in cooperation with colleges and universities in the Bay Area to give them practical working experience in agencies.

The plan also has among its objectives the encouragement of promising students considering advertising agency work as a career, to supply agencies with a pool of young men and women interested in this field and to provide senior class or graduate students on each campus who can speak for advertising based on actual experience.

Agencies in Northern California are being invited to participate.

Scholarships will provide at least two summer vacation months of on-the-job training. Faculty members from each participating college and university will nominate two students for consideration, and a 4A scholarship committee will select at least one nominee from each institution.

Students accepted will be paid $250 per month during employment and at the end of the two-month period, if reported satisfactory by their employers, will be given a $100 scholarship merit award.

Students should have at least one remaining year in their scholastic career so that following their training program experience they will have sufficient time to take courses to round out their studies.

Participating colleges are being requested to give, wherever possible, college credits to on-the-job trainees for their employment.

TWO MARIN COUNTY residents were elected to membership last month in the San Francisco chapter of the National Assn. of Accountants—Robert E. Swingley, 19 Dorset Lane, Mill Valley, and Clay A. Reed, 650 Arthur Street, Novato.

Swingley is corporate accountant with the Kern County Land Co. and Reed is employed by the Statistical Tab Co. as methods manager.

GREAT AMERICAN Insurance Co. has moved into an aggressive campaign to feature its three new insurance products: Premium budget payment plan, home owner's policy and select driver plan.

Field men under the direction of company secretary W. D. Frampton in San Francisco have been interviewing local agents for participating in a consumer advertising program. The campaign, in addition to providing direct financial assistance to agent producers for advertising, is also a recruitment device for obtaining "personal line producers."

MRS. LEONARD DODEN, manager of the new Marine Gardens apartments, 137 Canal Street, San Rafael, has called our attention to a column error in mentioning the size of the units which opened for inspection last weekend.

All are two-bedroom apartments—somewhat larger than "two-room apartments" as we reported.

HEARING AID specialist J. Paul Messinger, 1014 B Street, San Rafael who has just returned from a regional meeting of his firm Maico Electronics, Inc. says the company has developed a new model aid that is the first of its small size to use "push-pull" circuitry similar to that in high fidelity systems.

The "Escort" which weighs just over one-half ounce is worn behind the ear and is held in place by a tiny transparent tube. Maico claims it offers correction of severe hearing losses which formerly could not be helped by behind-the-ear models.

Solon Charges State's Elders 'Shanghaied'

SACRAMENTO (AP)—A state legislator charged today thousands of elderly people are being "shanghaied" into mental institutions where he said they don't belong.

Sen. Alan Short (D-Stockton) called it a "downright disgrace." He blamed a lack of concern by some counties.

"Too many of our older folk are spending their last days in mental hospitals not because they're psychotic but simply because nobody seems to care enough to make other provisions for them," he said in a statement.

Short has proposed legislation to transfer many of the elderly patients to general hospitals, rest homes or other facilities. The state would pay their expenses.

Figures from the Department of Mental Hygiene show more than one-third of the 40,000 state hospital inmates are 65 or over, and one-third of these are considered non-psychotic.

Dr. Daniel Blain, department director, told a reporter that admission of older patients is rapidly becoming one of the state's major problems.

He agreed with Short that many of them are not psychiatric problems and don't belong in a mental institution. Trouble is, he said, some counties have no facilities to care for people who may be senile but not insane.

Nature Trip Set

A trip along Tomales Bay to Marshall, then east to Chileno Valley and back to Nicasio Lake on Sunday will be the March field trip of the Marin Nature Group. Members and friends will meet at 9:30 a.m. at the College of Marin Circle.

Art Exhibit Due In Corte Madera

An exhibition of watercolors by Lotte McWatters, former art instructor at Dominican College and San Rafael High School, will remain on view through March at Tia's Restaurant, 60 Corte Madera Avenue, Corte Madera.

Mrs. McWatters is a member of the Marin Society of Artists, and Society of Western Artists. Her works have been shown at the Marin Art and Garden Fair, San Francisco Museum of Art, San Francisco Art Festival, M. H. De Young Memorial Museum and the Petaluma fair. At present she is working on a mural at College of Marin.

Assembly Resuming Probe Into Textbook Program

SACRAMENTO (AP) — An Assembly committee resumes its hearings on alleged waste in the state textbook program tonight.

Six witnesses are scheduled to be heard tonight or at a third session next Monday night.

They are Finance Director John E. Carr; State Printer Paul E. Gallagher; Auditor General William H. Merrifield; George Levison, president of a San Francisco bookbinding firm, and two more officials from the Education Department—Wallace W. Hall, chief of public school administration and former Marin County Superintendent of Schools, and Ivan R. Waterman, chief of textbooks and publications. The investigation is being made by the nine-member ways and means subcommittee, headed by Assemblyman Jesse M. Unruh, (D-Los Angeles).

County Fair Money

SACRAMENTO (UPI)—California's 71 district and county fairs will receive 14.8 million dollars from the state this year.

Tara Hill Assessment District Approved

A series of resolutions adopted by the Marin County Board of Supervisors yesterday approved the assessment spread for rebuilding Ranch Road, Tiburon Peninsula, by the Tara Hill Special Assessment District and set the stage for finally proceeding with the long-delayed project.

An amended engineer's report was approved together with a resolution overruling the numerous protests aired before the board at past meetings.

A resolution covering award of contract cleared the way for start of work by the C. and H. Contractors of Richmond at a price of around $93,000, lower than anticipated and resulting in a lowering of the proposed assessments which will be about $50 a lot as compared with the $25 yearly upkeep charge now paid.

Clearing the way for these actions were a letter from Supervisor J. Walter Blair of Mill Valley, still absent due to illness, and a report by Public Works Director Marvin W. Brigham, both approving the method of assessment spread.

Blair said that though only $25 yearly is now being paid, a major main job will soon be due.

Brigham noted major protests, including one from Melvin R. Stedham of 715 Las Colindas, San Rafael, who thought that because his land parcel was at the beginning of the road he should pay less than those who would use more road—an attitude Brigham didn't support.

Hub Man Jailed On Charge Of Possession Of Drugs

Russel L. Kimberly, 22, of 5 Deer Park Lane, San Anselmo, was arrested last night by San Anselmo police and charged wth possession of dangerous drugs and driving under influence of dangerous drugs.

Kimberly, who was out on bail on a burglary charge involving stealing a doctor's bag containing drugs on Jan. 20, was apprehended in Jack's Drug Store, on San Anselmo Avenue attempting to purchase hypdermic needles, police reported.

Earlier, a person who refused to identify himself, complained to police that Kimberly's car was menacing traffic.

Police Sgt. James Orr made the arrest after observing Kimberly driving erratically and trying to purchase hypodermic needles at Jack's and at the Owl Drug Co. He was booked into the county jail.

Kimberly told Sgt. Orr that he needed hypodermic needles to oil inaccessible parts of his motorcycle.

Two Charged In Kidnaping French Boy

PARIS (AP)—Two Frenchmen today were charged with kidnaping young Eric Peugeot last April. Three companions—including a Danish beauty queen—were charged with complicity.

The 4-year-old Peugeot boy was unharmed by the kidnapers who freed him after his father paid $100,000 ransom.

Raymond Rolland, 25, and Pierre Marie Larcher, 38, were formally booked after police said they confessed. Conviction for kidnaping could mean 20 years in prison.

Charged with complicity were Lise Bodin of Copenhagen, Denmark, 20, runnerup for Miss Denmark last year and Rolland's girl friend; Rolande Niemezyk, 19, girl friend of Larcher, and Jean-Simon Rotman, 25, a medical student.

All five were picked up by police last Sunday while on a free-spending ski vacation at the Alpine resort of Megeve. A Eurasian strip-teaser giving only the name Mitsouko was picked up, but released.

Police said that Larcher and Rolland both accused the other of being the master mind of the kidnaping.

SUPERVISORS ROUNDUP

Another Board Vote Added To Channel Agreement

A contract giving Mill Valley and George Leo Zaro their chance to start dredging the Saucelito Channel in Richardson Bay, but leaving the county without responsibility for what has been termed a "substandard" operation, was approved by the Marin County Board of Supervisors yesterday.

County Counsel E. Warren McGuire had prepared a resolution and contract after Monday's somewhat reluctant approval of a course designed to let Mill Valley meet a deadline for its $300,000 harbor loan from the state. Though there was a bare 3-1 majority Monday, the vote yesterday was 4-0.

McGuire explained that the permit recipients, designated as "Zaro et al," must acknowledge in writing that the county is left without responsibility in connection with the dredging and fill operation.

He said the permit does not repeal Ordinance 1047 prohibiting filling of lands or tidelands within certain areas of Richardson Bay.

Zaro, individually or jointly with the City of Mill Valley, was authorized to dredge and deposit in accordaince with permits he already has from the Army Corps of Engineers with respect to navigational aspects.

The contract made clear that it didn't supersede or nullify Marin County's right to negotiate its own possible $300,000 loan for full-cale dredging of the Saucelito Channel.

What the permit gives is a chance for Zaro and probably other property owners, along with Mill Valley contributing $25,000 to dredge a minimum-sized 40-foot channel giving bay connection for Mill Valley's harbor—the harbor being conditional on a channel.

All the supervisors wanted to know was "can others join?", a query put by Chairman William D. Fusselman. McGuire indicated that they could as the action was directed to "Zaro, Mill Valley and others acting under it."

The supervisors also.

1. Proclaimed March 12-18 "Girl Scout Week," pointing out that Marin County has more than 3,200 Girl Scouts with more than 800 adult leaders.
2. Agreed to let the county firemen burn 70 Marin City duplexes in addition to the original 168, and to extend the burning time through April 15.
3. Spent $150 for a two-cubic foot refrigerator for the sheriff's office for storing of human blood specimens, having found nothing cheaper.
4. Provided $600 for extra planning department typing to get up Bolinas-Stinson Beach and San Geronimo Valley master plans.
5. Authorized an additional senior building maintenance man for the public works department due to additional work-load at juvenile hall, parks and recreation maintenance and other duties.
6. Waived charge of a license fee for San Rafael Elks Lodge's May 22 charity circus on the College of Marin football field.
7. Promised to meet soon with directors of the Marin County Soil Conservation District, in connection with a scheduled inspection of problems of the Nicasio road.

Blank Cartridges Found In Tiburon Called Dangerous

Blank .30-caliber cartridges, which have been found by children off Paradise Drive in Tiburon, contain dangerous powder that can cause serious injury, Sheriff's Lt. Sidney Stinson warned today.

The cartridges have a tapered three-inch case without projective, and the open end is covered with a red disk. Children playing in the hills off Paradise Drive opposite Ranch Road have found several of the cartridges, Lieutenant Stinson reported. They have been turned over to the Army disposal unit at the Presidio of San Francisco.

"The powder in these cartridges is much more dangerous than conventional propellant and should not be used in a firearm," said Stinson. "It would probably injure the rifle or the person using the weapon."

He asked that any cartridges found be turned in at the sheriff's office.

Students Of Advertising Due Assistance Through Scholarships

College students studying advertising may find additional assistance in a new scholarship and training plan initiated by the Northern California Council of the American Assn. of Advertising Agencies in cooperation with colleges and universities in the Bay Area to give them practical working experience in agencies.

The plan also has among its objectives the encouragement of promising students considering advertising agency work as a career, to supply agencies with a pool of young men and women interested in this field and to provide senior class or graduate students on each campus who can speak for advertising based on actual experience.

Agencies in Northern California are being invited to participate.

Scholarships will provide at least two summer vacation months of on-the-job training. Faculty members from each participating college and university will nominate two students for consideration, and a 4A scholarship committee will select at least one nominee from each institution.

Students accepted will be paid $250 per month during employment and at the end of the two-month period, if reported satisfactory by their employers, will be given a $100 scholarship merit award.

Students should have at least one remaining year in their scholastic career so that following their training program experience they will have sufficient time to take courses to round out their studies.

Participating colleges are being requested to give, wherever possible, college credits to on-the-job trainees for their employment.

TWO MARIN COUNTY residents were elected to membership last month in the San Francisco chapter of the National Assn. of Accountants—Robert E. Swingley, 19 Dorset Lane, Mill Valley, and Clay A. Reed, 650 Arthur Street, Novato.

Swingley is corporate accountant with the Kern County Land Co. and Reed is employed by the Statistical Tab Co. as methods manager.

GREAT AMERICAN Insurance Co. has moved into an aggressive campaign to feature its three new insurance products: Premium budget payment plan, home owner's policy and select driver plan.

Field men under the direction of company secretary W. D. Frampton in San Francisco have been interviewing local agents for participating in a consumer advertising program. The campaign, in addition to providing direct financial assistance to agent producers for advertising, is also a recruitment device for obtaining "personal line producers."

MRS. LEONARD DODEN, manager of the new Marine Gardens apartments, 137 Canal Street, San Rafael, has called our attention to a column error in mentioning the size of the units which opened for inspection last weekend.

All are two-bedroom apartments—somewhat larger than "two-room apartments" as we reported.

HEARING AID specialist J. Paul Messinger, 1014 B Street, San Rafael who has just returned from a regional meeting of his firm Maico Electronics, Inc. says the company has developed a new model aid that is the first of its small size to use "push-pull" circuitry similar to that in high fidelity systems.

The "Escort" which weighs just over one-half ounce is worn behind the ear and is held in place by a tiny transparent tube. Maico claims it offers correction of severe hearing losses which formerly could not be helped by behind-the-ear models.

Solon Charges State's Elders 'Shanghaied'

SACRAMENTO (AP)—A state legislator charged today thousands of elderly people are being "shanghaied" into mental institutions where he said they don't belong.

Sen. Alan Short (D-Stockton) called it a "downright disgrace." He blamed a lack of concern by some counties.

"Too many of our older folk are spending their last days in mental hospitals not because they're psychotic but simply because nobody seems to care enough to make other provisions for them," he said in a statement.

Short has proposed legislation to transfer many of the elderly patients to general hospitals, rest homes or other facilities. The state would pay their expenses.

Figures from the Department of Mental Hygiene show more than one-third of the 40,000 state hospital inmates are 65 or over, and one-third of these are considered non-psychotic.

Dr. Daniel Blain, department director, told a reporter that admission of older patients is rapidly becoming one of the state's major problems.

He agreed with Short that many of them are not psychiatric problems and don't belong in a mental institution. Trouble is, he said, some counties have no facilities to care for people who may be senile but not insane.

Nature Trip Set

A trip along Tomales Bay to Marshall, then east to Chileno Valley and back to Nicasio Lake on Sunday will be the March field trip of the Marin Nature Group. Members and friends will meet at 9:30 a.m. at the College of Marin Circle.

Art Exhibit Due In Corte Madera

An exhibition of watercolors by Lotte McWatters, former art instructor at Dominican College and San Rafael High School, will remain on view through March at Tia's Restaurant, 60 Corte Madera Avenue, Corte Madera.

Mrs. McWatters is a member of the Marin Society of Artists, and Society of Western Artists. Her works have been shown at the Marin Art and Garden Fair, San Francisco Museum of Art, San Francisco Art Festival, M. H. De Young Memorial Museum and the Petaluma fair. At present she is working on a mural at College of Marin.

Assembly Resuming Probe Into Textbook Program

SACRAMENTO (AP) — An Assembly committee resumes its hearings on alleged waste in the state textbook program tonight.

Six witnesses are scheduled to be heard tonight or at a third session next Monday night.

They are Finance Director John E. Carr; State Printer Paul E. Gallagher; Auditor General William H. Merrifield; George Levison, president of a San Francisco bookbinding firm, and two more officials from the Education Department—Wallace W. Hall, chief of public school administration and former Marin County Superintendent of Schools, and Ivan R. Waterman, chief of textbooks and publications. The investigation is being made by the nine-member ways and means subcommittee, headed by Assemblyman Jesse M. Unruh, (D-Los Angeles).

YOUNG SCIENTISTS DISPLAY PROJECTS

"Science Fairs" are the vogue at public schools in Marin in preparation for the countywide science fair at College of Marin on March 15-18. At top, seventh graders Sally Reichert and Bill Ingram at Manor School in Fairfax examine heart of lamb in bottle, part of their exhibit of study of the heart. Fairfax district science fair is open to public today and will be again tomorrow from 10 a.m. to 4 p.m. at Manor School. In lower photo, Maryne Payne peers at one of plants in exhibit of how plant growth differs in water and soil, display of fifth graders at San Rafael's West End School. More Candidates File For School Positions

William B. Wolfson of 12 Sir Francis Drake Boulevard, San Anselmo, former deputy county clerk now practicing law in San Rafael, filed a certificate of candidacy yesterday for the Tamalpais Union High School District board.

Wolfson, advocating greater financial support for the schools, declared: "By worshipping at the altar of economy we have only succeeded in hamstringing the efforts of our children to obtain the best education possible and our teachers to provide one."

Two candidates for the Lagunitas School District Board filed certificates at the county superintendent of schools' office: Mrs. Georgette H. Vilas, incumbent, and John Keilte of 30 Madrone Avenue, Woodacre.

Other newly entered candidates, all incumbents, are:

Tomales Bay District—Merle E. Lawson (incumbent on the board of Tomales Elementary District, which has merged with Marshall District to create the new Tomales Bay District).

Union District—Eleanor Pomi.

Tomales High -School District—Roy A. Parks.

San Anselmo District—Robert W. Corlett.

With 10 days yet to go before the close of filing, no candidate has yet appeared in either Sausalito or Point Reyes District. Three positions on the Sausalito board and two on the Point Reyes board are to be filled in the April 18 elections.

The Lincoln Memorial in Washington was completed in 1922.

San Rafael Park Director Writes Magazine Article

Cooperation between the city and schools of San Rafael in working out the park and recreational problems of the city is the subject of an article in the March issue of the American City Magazine.

Joseph D. Rodota, city derector of recreation, is the author of the article.

The city needed parks to develop and the school district had underdeveloped playgrounds at various schools, according to Rodota. Consequently the two governmental agencies have carried on an extensive program for jointly developing these areas.

This cooperation has resulted in a three-year program for the improvement of four sites. These include a two-acre development at a junior high school, a one-acre development at two elementary schools and one at the senior high school.

Beautification Efforts Seen As Worthwhile

"Downtown areas can be both beautiful and prosperous," Oakland park planner Amedee M. Sourdry told members of the San Rafael Beautiful Committee yesterday.

He said beautification efforts at certain locations in Oakland had been followed by increased business for adjacent shops. Adjacent properties became more valuable, commanding higher rents, he declared.

"These things can happen," he said, "when citizens get together and work for what they want."

He displayed colored slides showing various landscaping projects in the Oakland business district, including fountains with colorful night illumination.

He praised the "potentials" of San Rafael for beautification and development of recreational facilities, advocating the preparation of a master plan as a guide for future work.

Sourdry spoke at a luncheon meeting of the San Rafael group. City officials and businessmen were guests of the committee. Nearly 50 persons attended the affair, held at the Wye Club in San Rafael. Committee chairman Gene F. O'Connor presided.

Weather May Hold Key To Recovery Measures

WASHINGTON (AP)—Present weather conditions, mild in the East but wintry in many sections of the Midwest, may hold the key to whether President John F. Kennedy takes more drastic recession recovery measures.

Unemployment continued to worsen in February, climbing by 320,000 to 5,705,000, highest idle figure in 20 years. What happens in March will largely depend upon weather conditions—approaching springtime normally opens up outdoor job opportunities.

Kennedy has promised to make a new critical apprisal of the economy in April to determine whether broader economic recovery steps are needed. The March job figures due in early April are likely to weigh heavily in this decision.

Secretary of Labor Arthur J. Goldberg said yesterday in announcing the new job data for February that naturally the administration hopes that seasonal factors, meaning favorable spring weather and pre-Easter buying, will tend to diminish the economic downtrend.

Goldberg's gloomy report of the February job picture, aggravated probably by bitter winter snows, came as the Senate Finance Committee prepared to hold a one-day hearing on the administration's plan to speed an additional one million-dollar unemployment compensation benefits to idled workers.

Chairman Harry F. Byrd (D-Va.) said he anticipated no serious opposition to the proposal, with committee approval expected tomorrow and quick Senate action early next week. The bill has already passed the House.

Goldberg reported this job situation in February:

Employment — up 20,000 from January to a record for February of 64,655,000.

Unemployment—up 320,000 to 5,705,000, highest idle total since the summer of 1941—just before World War II at the tag end of the great depression. The January-February increase in unemployment was about triple the normal increase for this period.

Vandals Mess Up Terra Linda Home

Vandalism to a house under construction was reported to San Rafael police.

Allan Michael Kay of 487 Las Colindas, Terra Linda, reported that someone had taken a mastic gun and sprayed the bathtub, walls and four light switches inside a house he is constructing at 120 Courtright Road.

San Jose-Novato Merger Group Planning Meeting

A newly appointed committee aiming at merger of the San Jose School District with the Novato Unified School District will meet for the first time tomorrow night.

Six couples have been appointed from various areas in the San Jose district, including Loma Verde, Mrs. Michael Doran, head of the drive, reported. Mrs. Doran was unanimously voted to head the drive by the 100 persons at a public meeting on unification last week.

The first move of the committee, at the meeting at Mrs. Doran's home Thursday, will be an attempt to obtain interdistrict permits so that students from the San Jose elemenary district who want to attend Novato high, instead of San Rafael high, may do so.

Questionnaires are going out to the parents of the 391 high school students from San Jose at San Rafael high, asking which school they want their youngsters to attend.

Named to the unification committee by Capt. and Mrs. Doran were Mr. and Mrs. W. E. Spitzer of Loma Verde; Mr. and Mrs. Boris Ivanofsky, Mr. and Mrs. Richard Dunn, Mr. and Mrs. Jack O. Smith and Mr. and Mrs. Roy Corliss.

Mrs. Dorn said she still is looking for committee volunteers from Hamilton Air Force Base and Raphael Village.

Marin Handler Gets Dog Awards

Seventeen dogs out of 19 handled in the annual Oakland Kennel Club Dog Show last weekend by Mrs. Phyllis Tworuk trotted off with awards.

Mrs. Tworuk, owner of Fiddler's Green Kennels in Novato and American Kennel Club licensed handler, showed one of her own dogs and 18 owned by persons in the Bay Area and other parts of California.

Her dog, Ch. Erdenreich Beau von Gardsburg, a German short hair pointer, won the best of breed award and placed first in the sporting group.

LEGISLATURE IN ARKANSAS NOT SERIOUS

LITTLE ROCK, Ark. (AP)—Congress has been asked not to take the Arkansas Legislature too seriously.

State Sen. Douglas Bradley of Jonesboro and some associates yesterday introduced a tongue-in-cheek resolution which noted that the Legislature had memorialized Congress "To do this and to do that; to raise taxes and to lower taxes; to balance the budget and to increase social security benefits; to abolish the income tax and capital punishment."

These resolutions "have induced in Congress a state of great confusion," the new resolution declared.

It concludes that Congress "is herewith urgently and respectfully memorialized to pay little or no attention to the resolutions heretofore adopted by this General Assembly."

Tara Hill Assessment District Approved

A series of resolutions adopted by the Marin County Board of Supervisors yesterday approved the assessment spread for rebuilding Ranch Road, Tiburon Peninsula, by the Tara Hill Special Assessment District and set the stage for finally proceeding with the long-delayed project.

An amended engineer's report was approved together with a resolution overruling the numerous protests aired before the board at past meetings.

A resolution covering award of contract cleared the way for start of work by the C. and H. Contractors of Richmond at a price of around $93,000, lower than anticipated and resulting in a lowering of the proposed assessments which will be about $50 a lot as compared with the $25 yearly upkeep charge now paid.

Clearing the way for these actions were a letter from Supervisor J. Walter Blair of Mill Valley, still absent due to illness, and a report by Public Works Director Marvin W. Brigham, both approving the method of assessment spread.

Blair said that though only $25 yearly is now being paid, a major main job will soon be due.

Brigham noted major protests, including one from Melvin R. Stedham of 715 Las Colindas, San Rafael, who thought that because his land parcel was at the beginning of the road he should pay less than those who would use more road—an attitude Brigham didn't support.

Hub Man Jailed On Charge Of Possession Of Drugs

Russel L. Kimberly, 22, of 5 Deer Park Lane, San Anselmo, was arrested last night by San Anselmo police and charged wth possession of dangerous drugs and driving under influence of dangerous drugs.

Kimberly, who was out on bail on a burglary charge involving stealing a doctor's bag containing drugs on Jan. 20, was apprehended in Jack's Drug Store, on San Anselmo Avenue attempting to purchase hypdermic needles, police reported.

Earlier, a person who refused to identify himself, complained to police that Kimberly's car was menacing traffic.

Police Sgt. James Orr made the arrest after observing Kimberly driving erratically and trying to purchase hypodermic needles at Jack's and at the Owl Drug Co. He was booked into the county jail.

Kimberly told Sgt. Orr that he needed hypodermic needles to oil inaccessible parts of his motorcycle.

Two Charged In Kidnaping French Boy

PARIS (AP)—Two Frenchmen today were charged with kidnaping young Eric Peugeot last April. Three companions—including a Danish beauty queen—were charged with complicity.

The 4-year-old Peugeot boy was unharmed by the kidnapers who freed him after his father paid $100,000 ransom.

Raymond Rolland, 25, and Pierre Marie Larcher, 38, were formally booked after police said they confessed. Conviction for kidnaping could mean 20 years in prison.

Charged with complicity were Lise Bodin of Copenhagen, Denmark, 20, runnerup for Miss Denmark last year and Rolland's girl friend; Rolande Niemezyk, 19, girl friend of Larcher, and Jean-Simon Rotman, 25, a medical student.

All five were picked up by police last Sunday while on a free-spending ski vacation at the Alpine resort of Megeve. A Eurasian strip-teaser giving only the name Mitsouko was picked up, but released.

Police said that Larcher and Rolland both accused the other of being the master mind of the kidnaping.

SUPERVISORS ROUNDUP

Another Board Vote Added To Channel Agreement

A contract giving Mill Valley and George Leo Zaro their chance to start dredging the Saucelito Channel in Richardson Bay, but leaving the county without responsibility for what has been termed a "substandard" operation, was approved by the Marin County Board of Supervisors yesterday.

County Counsel E. Warren McGuire had prepared a resolution and contract after Monday's somewhat reluctant approval of a course designed to let Mill Valley meet a deadline for its $300,000 harbor loan from the state. Though there was a bare 3-1 majority Monday, the vote yesterday was 4-0.

McGuire explained that the permit recipients, designated as "Zaro et al," must acknowledge in writing that the county is left without responsibility in connection with the dredging and fill operation.

He said the permit does not repeal Ordinance 1047 prohibiting filling of lands or tidelands within certain areas of Richardson Bay.

Zaro, individually or jointly with the City of Mill Valley, was authorized to dredge and deposit in accordaince with permits he already has from the Army Corps of Engineers with respect to navigational aspects.

The contract made clear that it didn't supersede or nullify Marin County's right to negotiate its own possible $300,000 loan for full-cale dredging of the Saucelito Channel.

What the permit gives is a chance for Zaro and probably other property owners, along with Mill Valley contributing $25,000 to dredge a minimum-sized 40-foot channel giving bay connection for Mill Valley's harbor—the harbor being conditional on a channel.

All the supervisors wanted to know was "can others join?", a query put by Chairman William D. Fusselman. McGuire indicated that they could as the action was directed to "Zaro, Mill Valley and others acting under it."

The supervisors also.

1. Proclaimed March 12-18 "Girl Scout Week," pointing out that Marin County has more than 3,200 Girl Scouts with more than 800 adult leaders.
2. Agreed to let the county firemen burn 70 Marin City duplexes in addition to the original 168, and to extend the burning time through April 15.
3. Spent $150 for a two-cubic foot refrigerator for the sheriff's office for storing of human blood specimens, having found nothing cheaper.
4. Provided $600 for extra planning department typing to get up Bolinas-Stinson Beach and San Geronimo Valley master plans.
5. Authorized an additional senior building maintenance man for the public works department due to additional work-load at juvenile hall, parks and recreation maintenance and other duties.
6. Waived charge of a license fee for San Rafael Elks Lodge's May 22 charity circus on the College of Marin football field.
7. Promised to meet soon with directors of the Marin County Soil Conservation District, in connection with a scheduled inspection of problems of the Nicasio road.

Blank Cartridges Found In Tiburon Called Dangerous

Blank .30-caliber cartridges, which have been found by children off Paradise Drive in Tiburon, contain dangerous powder that can cause serious injury, Sheriff's Lt. Sidney Stinson warned today.

The cartridges have a tapered three-inch case without projective, and the open end is covered with a red disk. Children playing in the hills off Paradise Drive opposite Ranch Road have found several of the cartridges, Lieutenant Stinson reported. They have been turned over to the Army disposal unit at the Presidio of San Francisco.

"The powder in these cartridges is much more dangerous than conventional propellant and should not be used in a firearm," said Stinson. "It would probably injure the rifle or the person using the weapon."

He asked that any cartridges found be turned in at the sheriff's office.

Complete Training

Two Marin youths, Pvt. Patrick F. Murnane, son of Mr. and Mrs. E. R. Murnane of 85 Eliseo Drive, San Rafael, and Pvt. James R. Aman, son of Mr. and Mrs. Julius Aman of Point Reyes Station, have completed four weeks of combat training at the Marine Corps Base at Camp Pendleton.

YOUNG SCIENTISTS DISPLAY PROJECTS

"Science Fairs" are the vogue at public schools in Marin in preparation for the countywide science fair at College of Marin on March 15-18. At top, seventh graders Sally Reichert and Bill Ingram at Manor School in Fairfax examine heart of lamb in bottle, part of their exhibit of study of the heart. Fairfax district science fair is open to public today and will be again tomorrow from 10 a.m. to 4 p.m. at Manor School. In lower photo, Maryne Payne peers at one of plants in exhibit of how plant growth differs in water and soil, display of fifth graders at San Rafael's West End School. Behind her are Evelyn Lynch and Anne Kelly. West End exhibits will remain on view during school hours throughout this week. (Independent-Journal photos)

More Candidates File For School Positions

William B. Wolfson of 12 Sir Francis Drake Boulevard, San Anselmo, former deputy county clerk now practicing law in San Rafael, filed a certificate of candidacy yesterday for the Tamalpais Union High School District board.

Wolfson, advocating greater financial support for the schools, declared: "By worshipping at the altar of economy we have only succeeded in hamstringing the efforts of our children to obtain the best education possible and our teachers to provide one."

Two candidates for the Lagunitas School District Board filed certificates at the county superintendent of schools' office: Mrs. Georgette H. Vilas, incumbent, and John Keilte of 30 Madrone Avenue, Woodacre.

Other newly entered candidates, all incumbents, are:

Tomales Bay District—Merle E. Lawson (incumbent on the board of Tomales Elementary District, which has merged with Marshall District to create the new Tomales Bay District).

Union District—Eleanor Pomi.

Tomales High School District—Roy A. Parks.

San Anselmo District—Robert W. Corlett.

With 10 days yet to go before the close of filing, no candidate has yet appeared in either Sausalito or Point Reyes District. Three positions on the Sausalito board and two on the Point Reyes board are to be filled in the April 18 elections.

San Rafael Park Director Writes Magazine Article

Cooperation between the city and schools of San Rafael in working out the park and recreational problems of the city is the subject of an article in the March issue of the American City Magazine.

Joseph D. Rodota, city derector of recreation, is the author of the article.

The city needed parks to develop and the school district had underdeveloped playgrounds at various schools, according to Rodota. Consequently the two governmental agencies have carried on an extensive program for jointly developing these areas.

This cooperation has resulted in a three-year program for the improvement of four sites. These include a two-acre development at a junior high school, a one-acre development at two elementary schools and one at the senior high school.

The Lincoln Memorial in Washington was completed in 1922.

Beautification Efforts Seen As Worthwhile

"Downtown areas can be both beautiful and prosperous," Oakland park planner Amedee M. Sourdry told members of the San Rafael Beautiful Committee yesterday.

He said beautification efforts at certain locations in Oakland had been followed by increased business for adjacent shops. Adjacent properties became more valuable, commanding higher rents, he declared.

"These things can happen," he said, "when citizens get together and work for what they want."

He displayed colored slides showing various landscaping projects in the Oakland business district, including fountains with colorful night illumination.

He praised the "potentials" of San Rafael for beautification and development of recreational facilities, advocating the preparation of a master plan as a guide for future work.

Sourdry spoke at a luncheon meeting of the San Rafael group. City officials and businessmen were guests of the committee. Nearly 50 persons attended the affair, held at the Wye Club in San Rafael. Committee chairman Gene F. O'Connor presided.

Weather May Hold Key To Recovery Measures

WASHINGTON (AP)—Present weather conditions, mild in the East but wintry in many sections of the Midwest, may hold the key to whether President John F. Kennedy takes more drastic recession recovery measures.

Unemployment continued to worsen in February, climbing by 320,000 to 5,705,000, highest idle figure in 20 years. What happens in March will largely depend upon weather conditions—approaching springtime normally opens up outdoor job opportunities.

Kennedy has promised to make a new critical apprisal of the economy in April to determine whether broader economic recovery steps are needed. The March job figures due in early April are likely to weigh heavily in this decision.

Secretary of Labor Arthur J. Goldberg said yesterday in announcing the new job data for February that naturally the administration hopes that seasonal factors, meaning favorable spring weather and pre-Easter buying, will tend to diminish the economic downtrend.

Goldberg's gloomy report of the February job picture, aggravated probably by bitter winter snows, came as the Senate Finance Committee prepared to hold a one-day hearing on the administration's plan to speed an additional one million-dollar unemployment compensation benefits to idled workers.

Chairman Harry F. Byrd (D-Va.) said he anticipated no serious opposition to the proposal, with committee approval expected tomorrow and quick Senate action early next week. The bill has already passed the House.

Goldberg reported this job situation in February:

Employment — up 20,000 from January to a record for February of 64,655,000.

Unemployment—up 320,000 to 5,705,000, highest idle total since the summer of 1941—just before World War II at the tag end of the great depression. The January-February increase in unemployment was about triple the normal increase for this period.

Vandals Mess Up Terra Linda Home

Vandalism to a house under construction was reported to San Rafael police.

Allan Michael Kay of 487 Las Colindas, Terra Linda, reported that someone had taken a mastic gun and sprayed the bathtub, walls and four light switches inside a house he is constructing at 120 Courtright Road.

San Jose-Novato Merger Group Planning Meeting

A newly appointed committee aiming at merger of the San Jose School District with the Novato Unified School District will meet for the first time tomorrow night.

Six couples have been appointed from various areas in the San Jose district, including Loma Verde, Mrs. Michael Doran, head of the drive, reported. Mrs. Doran was unanimously voted to head the drive by the 100 persons at a public meeting on unification last week.

The first move of the committee, at the meeting at Mrs. Doran's home Thursday, will be an attempt to obtain interdistrict permits so that students from the San Jose elemenary district who want to attend Novato high, instead of San Rafael high, may do so.

Questionnaires are going out to the parents of the 391 high school students from San Jose at San Rafael high, asking which school they want their youngsters to attend.

Named to the unification committee by Capt. and Mrs. Doran were Mr. and Mrs. W. E. Spitzer of Loma Verde; Mr. and Mrs. Boris Ivanofsky, Mr. and Mrs. Richard Dunn, Mr. and Mrs. Jack O. Smith and Mr. and Mrs. Roy Corliss.

Mrs. Dorn said she still is looking for committee volunteers from Hamilton Air Force Base and Raphael Village.

Marin Handler Gets Dog Awards

Seventeen dogs out of 19 handled in the annual Oakland Kennel Club Dog Show last weekend by Mrs. Phyllis Tworuk trotted off with awards.

Mrs. Tworuk, owner of Fiddler's Green Kennels in Novato and American Kennel Club licensed handler, showed one of her own dogs and 18 owned by persons in the Bay Area and other parts of California.

Her dog, Ch. Erdenreich Beau von Gardsburg, a German short hair pointer, won the best of breed award and placed first in the sporting group.

LEGISLATURE IN ARKANSAS NOT SERIOUS

LITTLE ROCK, Ark. (AP)—Congress has been asked not to take the Arkansas Legislature too seriously.

State Sen. Douglas Bradley of Jonesboro and some associates yesterday introduced a tongue-in-cheek resolution which noted that the Legislature had memorialized Congress "To do this and to do that; to raise taxes and to lower taxes; to balance the budget and to increase social security benefits; to abolish the income tax and capital punishment."

These resolutions "have induced in Congress a state of great confusion," the new resolution declared.

It concludes that Congress "is herewith urgently and respectfully memorialized to pay little or no attention to the resolutions heretofore adopted by this General Assembly."

Redwood, Marin Shoot For Tourney Honors Tomorrow

Giants Meet Monterey In Berkeley Contest

Marin County Athletic League basketball champion Redwood High will make its initial plunge into the Tournament of Champions at the University of California gymnasium tomorrow evening at 6 o'clock against the "Tall" Torreadors of Monterey.

If Redwood wins its first game in the 15th annual Northern California Invitational Basketball Tournament it will play the winner of the McClymonds-Livermore Friday night. If the Giants lose tomorrow they will play McClymonds or Livermore at 4:30 p.m. Friday. That game would be broadcast by Radio KTIM.

By dropping only one of the first two contests Redwood would play for consolation or third place Saturday. If the Marin club loses both its duels, the players will be watching the Saturday's games from the stands.

Monterey has been to the tournament four times in the past five years. With an outstanding gunner in Bob Jenen, Monterey's coach, Ed Larsh, told KTIM sports director Ted Mitchell in an exclusive interview that this year's squad was the best of the last half decade.

Giant coach Dick Hart announced his starting lineup for tomorrow as follows: At guard slots, seniors Herb Schreiber (5 feet, 11 inches) and Roger Siemens (6-1); forward Rich Brear (6-3) and Hepburn Wilkins (6-0); pivot man will be 6-foot, 4-inch Mike Kavanagh, a senior.

HEIGHT DISADVANTAGE

"It will be a tough game against Monterey," admitted coach Hart. He pointed out that the lack of height alone would be a handicap for the Marin champions. Hart said he had no particular drills offensively or defensively that he would employ against Monterey.

He also pointed out that entire Redwood student body had a precedent to meet. For the last four years Marin cheering sections have won a trophy given by the tournament for the best section. Sir Francis Drake won it twice, the next year San Rafael rooters took it, and last year screamers from Tamalpais High came home with the golden cup.

Wouldn't it be nice this year if the Marinites came home with TWO "Oscars"?

TOURNEY BOUND—College of Marin Tars pose before leaving for Santa Maria where they will play in the State Junior College Basketball Tournament starting tomorrow. From left, Russ Zappetini, Dennis Aman, Lynn Livie, Mike Rawitser, Bob Hobdy, Steve Stover, Rich Laumeister, Ron Blum, Dale Aman, Ernie Bray, El Cartio Barnes, Mike Gaffney and John Blomquist. In front, from left, trainer Harry Hicklin, coach Cal Riemcke, manager Dan Aynsworth.

MARIN OFF TO STATE TOURNAMENT

College of Marin Tars—champs of the Golden Valley Conference—must meet Bakersfield College in their first tilt of the State Junior College Basketball Championship tournament tomorrow at Santa Maria.

Combat will get under way at 8:30 p.m. against the champions of the Metropolitan Conference. If Marin comes through, the Tars will play the winner of the San Jose City College-Palomar Junior College contest at 8:30 Friday night. If the Tars lose they will go against the other losers in their bracket at 5:30 p.m. Friday. The championship game will be 8:30 p.m. Saturday and the consolation action at 7 o'clock the same evening.

Marin drew what is considered by experts to be the next toughest club in the state. The favorite is Fullerton College from the Eastern Conference. Bakersfield is felt to be a strong team because it has just taken the title of the biggest conference in the state.

STARTING LINUP

Starting for Marin against Bakersfield will be Ron Blum (6 feet, 2 inches) and Ernie Bray (6 feet) at forwards; Dale Aman at center, and John Blomquist (5-7) and Lynn Livie (5-11) at guard shots.

Marin Coach Cal Riemcke said his boys have been working on some special phases of defense and by "mixing up our defensive players, attempt to throw them off balance."

The team left the campus at 9 a.m. today. The only rooters anticipated for Marin are parents of some of the players, said Riemcke.

Asked for a prediction, the coach answered that "there are just too many excellent teams at a state tournament to try and foretell events. We will just go down there assuming the role of a dark horse."

RANGER HOOKS HUGE BASS—BY THE TAIL

Norman Wilson, a ranger at Taylor State Park, was fishing from a light skiff off Millerton Point in Tomales Bay Monday when he got a strike and something took his line out 100 yards or more.

"I thought I had hooked a shark because of the way it fought," Wilson said.

Two hours and much perspiration later, Wilson got his catch up to the boat.

He had hooked a 10-pound striped bass by the tail.

Wilson said the fish had broken the leader on one of the tail hooks he was using and apparently hooked the other in his tail.

Ingo Ready For His Great Experiment

By JACK CUDDY

PALM BEACH, Fla. (UPI) — Ingemar Johansson, a changed fighter at 28, finished his glove preparations today for perhaps the ring's "greatest experiment" Monday night.

Under fire, he'll attempt a transition from the long-range "fear-fighter's" style that made him world champion to a close quarter pressure attack which he hopes will recapture the crown from Floyd Patterson at the Miami Beach Convention Hall.

It's extremely doubtful if any other boxer of Swedish Ingo's prominence and age ever attempted such a drastic shift as that for which he has been rehearsing during 266 rounds of sparring for this fight.

'FEAR FIGHTER'

When big, brown-haired Ingemar won the title from Patterson in June, 1959, with a third-round knockout, he was what boxing men called a "fear-fighter"—without any necessary reflection on his courage.

The term "fear-fighter" has been applied for years to boxers who prefer fast footwork and long-range sharp-shooting to a close-quarter attack and its accompanying exchanges.

A fear-fighter who can punch is a very dangerous opponent because usually he is under such tension that his reflexes are lightning fast and his timing verges on perfection.

Palmer Fires 64 In Tuneup For Pensacola Open

PENSACOLA, Fla. (UPI)—The $20,000 Pensacola Open golf tournament starts tomorrow with all five of the previous winners on hand.

Last year's champion, Arnold Palmer, turned in an eight-under-par 64 practice round. The earlier Pensacola winners are Don Fairfield, Art Wall Jr., Doug Ford and Paul Harney.

Of the nine winners on the PGA circuit this year, only Billy Maxwell is missing. He is playing on the Caribbean tour. Palmer has won three of the nine 1961 tournaments.

Four Masters champions, Palmer, Wall, Ford and Cary Middlecoff, are seeking the title here. The field of 150 also includes five PGA titlists, Chandler Harper, Bob Rosburg, Lionel Hebert, Dow Finsterwald and Ford.

The 72-hole tournament will be played over the Pensacola Country Club course.

Surplus Vehicles

SACRAMENTO (UPI) — Final figures show that sales of vehicles confiscated or ruled surplus by the state last December brought $14,380 into California's treasury.

Loyola Cinches Title As Santa Clara Jolts Dons

By ASSOCIATED PRESS

Loyola clinched the West Coast Athletic Conference basketball championship last night and with it gained a berth in the NCAA Far West regional playoffs in Portland beginning March 15.

The happy Lions routed Pepperdine 82-64 at Inglewood.

In other games, Santa Clara beat the last breath out of title-tie hopeful University of San Francisco 51-39 at San Jose and St. Mary's defeated Pacific 64-49 at Stockton.

Pacific at USF Friday rounds out the WCAC season.

Loyola finishes its conference campaign at 10-2, and is 19-6 over-all. Santa Clara and St. Mary's each are at 8-4 in conference play.

USF, now 7-4, has a chance to tie for second if it defeats Pacific Friday.

San Jose finishes fifth at 5-7, Pepperdine sixth at 3-9, and Pacific gets its final chance to win one conference game when the Tigers go against USF after 11 conference losses and 14 defeats in a row over-all.

Ed Bento led Loyola in its romp over Pepperdine, taking game scoring honors with 27 points. Noel Smith had 22 points for the losers.

Pepperdine's Dave Hancock was knocked unconscious and suffered a back injury when he crashed into an Inglewood High School gym wall. He was taken to a hospital.

Santa Clara took the lead from USF 22-20 late in the first half and was never headed.

Bob Gaillard of USF led the game's scorers with 16 points. Joe Weiss had 15 for Santa Clara. USF's Ed Thomas and Gene Shields of Santa Clara were ejected late in the game for briefly trading punches.

St. Mary's big Tom Meschery scored 23 points and nailed 18 rebounds to take honors in both departments against Pacific.

St. Mary's led 29-23 at the half.

Bob Leonard was high point man for Pacific with 15. The Gaels held Pacific's high-scoring Ken Stanley to 14.

Loyola's first NCAA opponent will be the winner of the Utah-Colorado State game on March 17. Loyola draws a first round bye.

The Lions succeed Santa Clara as WCAC champion.

Giants Pin Hopes On All-Around Utility Ability Of Amalfitano

HANLEY

PHOENIX, Ariz. — Bill Rigney liked Joe Amalfitano as an all-around infield utility hand and now the new skipper of the Giants, Alvin Dark, has the same feeling about Amalfitano.

"I want Joe around," said Dark after watching him sting the ball up the right and left center alleys in batting practice and then hustle with a glove at both second and third base. "I want him around because he gives the game all he's got. No one tries harder."

If Bill Rigney had Amalfitano around in August of 1959 when Jimmy Davenport's knee crumpled in a plate collision with Cincinnati catcher Ed Bailey, Rigney and the '59 Giants might have gone on to a pennant instead of fading in the stretch.

Rigney always felt that and said as much last May when Davenport once again was sidelined, this time with an ulcerous stomach that since has healed itself. "Joe has taken up the slack at third base that beat us in '59," Rigney said then.

AMALFITANO also plugged the gap last year at second base when Don Blasingame was benched because of an impotent bat. Amalfitano even was ready to fill in at shortstop when Eddie Bressoud's right knee was wrenched in a freak first base accident last year. He proved himself to be the most able utility hand the Giants have had in several years.

As a matter of fact, Amalfitano played almost as many games as the regulars last season and batted much more reliably. He was the best hitting infielder the Giants had in their 1960 lineup. He hit .277 in 106 games. Bressoud batted .225 in 116, Blasingame .235 in 136 and Davenport .251 in 112.

A CLEAN-CUT and aggressive ball player, Amalfitano was a San Pedro, Calif., whiz kid in 1954 when Dutch Ruether signed him as a $40,000 bonus baby for the Giants.

The Giants, under draft rules at that time, were forced to protect their bonus baby by keeping him with the big club. So for appearing in nine games that year, Amalfitano got an $11,000 World Series dividend.

In 1958 Amalfitano was traded to Toronto for Don Johnson, an ex-Yankee pitcher who did not come through in relief roles as the Giants hoped he would. The Giant management doesn't like to be reminded of that trade.

IN THE winter of 1959, at Rigney's insistence, the Giants tabbed Amalfitano for the $25,000 draft price. Rigney insisted upon getting Amalfitano because he said he never again wanted to be caught without a competent infield utility hand.

"When I reported last February," recalled Amalfitano today, "there was a 'we-have-the-pennant-won' attitude. There even was some talk it might be a walkaway with the Giants winning by ten games.

"There's no feeling like that in camp this year. This is a good camp. Everyone is working hard. There's no complacency. There is a seriousness of purpose. Perhaps it is the competition for so many spots that is responsible for the healthy feeling. This year's camp is as different as day and night from last year's."

Golden Glove Davenport Sharp Again

PHOENIX, Ariz. (UPI)—Jimmy Davenport looks like the San Francisco Giant third baseman this year.

Heavier and healthier than last year, Davenport continued his sensational performance in spring drills yesterday.

Davenport, who has battled injuries and illness for the past two years, credited his fine performance to his good physical condition.

He pointed out that when he got ulcers last year he weighed 161 and came out of the hospital at 156. He now weighs 170.

Manager Alvin Dark has been giving a long look at jack-of-all-trades Harvey Kuenn at third and has been experimenting with Felipe Alou at the hot corner. But Davenport, once called by Bill Rigney the best fielding third baseman he ever saw, has shown the quick hands and steady hitting to indicate he will once again be the starter this season.

ROOKIES PLAY

The Giants planned to launch their intra-squad games today with a six-inning battle. Rookies dominate the announced starting lineups although veterans Mike McCormick, Stu Miller, Juan Marichal, Sherm Jones and Eddie Fisher are scheduled to pitch.

One surprise found big Tom Haller, left-handed hitting catcher, starting in the outfield. Observers felt this move suggested that Dark is convinced Haller can catch and wants a chance to look over his two other rookie receivers, Richard Dietz and Cecil Hundley.

The Giants recorded three mild injuries in yesterday's long drill. Willie Mays gave the Giant management heart failure by slamming a foul ball off his left foot and limping about in obvious pain. He had nothing more serious than a bruise, however.

Orlando Cepeda broke a blister on the heel of his left foot and Matty Alou sprained an ankle.

Schoendienst Gets Cardinal Contract

By U.P. INTERNATIONAL

Red Schoendienst has won another battle but the future is still a question mark.

The gallant 38-year-old Schoendienst, whose career was threatened by tuberculosis, was signed yesterday to a St. Louis Cardinal contract estimated at $25,000. The contract means that General Manager Bing Devine and Manager Solly Hemus believe he has a chance . . . just a chance . . . to help the Cardinals year.

"I appreciate them giving me this chance," said Schoendienst, who rejected coaching offers from both the Milwaukee Braves and Los Angeles Dodgers because he thought he still could play.

'OUR BREAK'

"We consider the break ours," commented Devine "Red has been most impressive in camp and should give us a big lift, psychologically as well as actually."

Schoendienst was signed after an intra-squad game in which he singled, stole a base, scored a run and made an outstanding defensive play. The odds against him are tremendous — he was sidelined throughout the entire 1959 season and he hit only .257 in 65 games last season.

Duke Snider and Don Drysdale, another pair of key veterans, starred in the Los Angeles Dodgers' workout during which members of the Tokyo Giants played with both squads. Snider connected for an inside-the-park homer while Drysdale allowed one hit, struck out four and yielded two unearned runs in four innings on the mound.

Manager Mike Higgins said that rookie Charles Schilling, former Manhattan College star, will be given an opportunity to win the Boston Red Sox' second-base job even if it means shifting A. L. batting champion Pete Runnels around the infield.

Roy Sievers hit two doubles and Nelson Fox a single and a double to spark the Chicago White Sox' drill. Carl Winton, Ed Drapcho and Ron Teunis combined in a five-hitter for the winning squad.

Other camp notes: Tex Clevenger, Jack Harshman and Tom Morgan will start for the Los Angeles Angels in their exhibition opener with the Chicago Cubs on Saturday . . . Former President Dwight Eisenhower has promised to throw out the first ball . . . Baltimore bonus outfielder Dave Nicholson given clean bill of health after X-rays following his beaning eight days ago.

WHAT? A SHINER ALREADY?

With only a few days away when he challenges Floyd Patterson for the world heavyweight championship, Swedish challenger Ingemar Johansson sports an abrasion of the left eye. There is also a broken part of skin suffered in sparring session. (AP Wirephoto)

Psychological Factors Favor Ingo In Fight

MIAMI BEACH, Fla. (AP)—Ingemar Johansson has a couple of psychological factors going for him in his third title fight with heavyweight champion Floyd Patterson.

The odds and a heavy majority of the experts are strongly in favor of Patterson for the Monday night clash at Convention Hall.

For Ingo this is good. The oddsmakers and the experts in the main have been wrong 2 for 2 so far. Patterson was the 5-1 betting choice and the overwhelming pick of the writers and sportscasters in the first fight. Pow, right in the kisser and Floyd is no longer the champ.

The next time around the odds favored Ingo at 7-5 and most of the experts couldn't see anyone but the big Swede. Then boom went Floyd's left hook in the vicinity of the cleft of Ingo's chin and Johansson becomes the ex-champ.

The switch is one again. Patterson once more is almost a prohibitive choice at 3½ to 1 and the baffled experts once more are plumping for Floyd's power.

Kirkland Ignores Court Hearing; Judge Is Miffed

SAN FRANCISCO (AP)—Willie Kirkland, outfielder for the Cleveland Indians training in Tucson, Ariz., failed to show up in court yesterday for a paternity case hearing and the judge was irate.

Superior Court Judge Karesh told an attorney to produce the ex-San Francisco Giant at 2:30 Friday, or "if I have to find Kirkland in contempt, I'll yank him off the field when he comes to California and send him to jail."

The Indians will play the new Los Angeles Angels during the regular season.

The attorney for divorcee Mrs. Margaret Edwards, who claims Kirkland fathered the child she is expecting next month, told Judge Karesh that Kirkland had paid his client none of the monies set by the court on Jan. 18.

Champs Tourney Finals To Be On TV Saturday Night

Saturday night's finals of the Tournament of Champions high school basketball classic in Berkeley will be televised in northern California by KGO-TV (Channel 7), it was announced last night at a meeting of tournament officials, coaches and principals.

The finals will be televised starting at 8:30 o'clock.

Redwood High School of Larkspur is representing the Marin Athletic League in the tournament.

Juan Marichal May Be Giant Pitching 'Key'

PHOENIX, Ariz. (AP) — Last year the San Francisco Giants had collapsed from their dreams of a pennant and were floundering around looking hapless when up from Tacoma came Juan Marichal.

The slender right-hander won four in a row on his way to a 6-2 late season record, his first in the big leagues.

Monday Juan, now 23, got his reward. Manager Alvin Dark named him along with lefty Mike McCormick as his two "all start and no relieve" pitchers.

The pair, along with starter-reliever Stu Miller and full-time relievers Sherman Jones and Eddie Fisher, have been ticketed for the first of the intra-squad games Wednesday and figure also to be displayed prominently in the opening exhibition set with Cleveland, beginning Saturday at Tucson.

Marichal, from the Dominican Republic and still a beginner at English, has quite a three-year record in organized baseball.

As a Giant, his earned run average was 2.67, fanning 58 and walking 28 in 81 innings.

At Tacoma, he won 11, lost 5, struck out 121 and walked 34 with an ERA of 3.11.

In 1959 at Springfield, he walked only 47 in 271 innings, and all told, including 1958 at Michigan City, he has a remarkable 159 walked for 736 innings pitched.

For the Giants, Marichal could be the key, for as Dark has said repeatedly, "we need at least another young frontline starter to go with McCormick."

Marichal is a control pitcher, even at this early stage. His fast ball is just so-so.

KIDS' ARCHERY SLATED AT SPORTS SHOW

A children's archery tournament is scheduled at the Marin Sports Show at the Bermuda Palms, March 26.

All a youngster between 8 and early teens has to do is bring his own bow and arrows. Sign-up time is 9:30 a.m. the day of the tournament.

The Marin Rod and Gun Club will give trophies to winners and members of the Northwoods Bowmen's Club will supervise the events.

Younger children must be registered by parents, said a spokesman but can "be left in capable hands during the tournament."

Wilt Nearing 3,000 Points

NEW YORK (AP)—Wilt Chamberlain of the Philadelphia Warriors already has broken two National Basketball Assn. scoring records he set last year and by the time the regular seasons ends next Sunday he probably will be the first player in league history to go over the 3,000-mark.

Official league statistics released today showed Chamberlain with 2,917 points in 76 games for a 38.4 average. Elgin Baylor of the Los Angeles Lakers was far back in second place with 2,403 and an average of 34.8.

Chamberlain also has collected 2,068 rebounds, a league record.

Brown Decisions Parks In Tuneup

HOUSTON, Tex. (AP) — Joe Brown, the lightweight champion, took a unanimous decision last night over Joey Parks of Omaha in a 10-round nontitle bout.

Both Brown and Parks weighed in at 138.

RAISE THE HOOPS?

Weaver Defends Big Guys In Basketball

By HARRY JUPITER

SAN FRANCISCO (AP)—Jim Weaver, coach of St. Mary's Gaels, has a new plea for basketball rules tinkerers.

"How come nobody ever considers the big kids?" Weaver asks.

"With all the talk about giving basketball back to the little fellows, everyone seems to forget that smaller men generally are more agile, quicker and better adapted to the game.

"Why does everybody want to penalize the tall fellows who are doing the best they can with the physical equipment they have?"

Weaver's comment were in response to a proposal by Pete Newell that the only way to save basketball is to raise the baskets from the present 10-feet level to 12 feet.

Newell, coach of the 1960 Olympic basketball champions and athletic director at the University of California, said:

"If the basket is not raised, preferably by two feet, no later than five years from now, I believe today's booming interest in basketball will sink in a mire of boredom."

Most of the coaches in the area don't take the idea of raising the hoops very seriously.

But they have a lot of respect for Newell, even though they suspect he's kidding about his suggested innovation.

Rene Herrerias, the young aide who succeeeded Newell this season as California's head coach, has scheduled a practice game among his Golden Bears for March 15—using the 12-foot baskets.

"Perhaps it is silly," Herrerias says, "but at least we can try it and find out. It certainly won't hurt anyone to examine the possibilities."

Redwood, Marin Shoot For Tourney Honors Tomorrow

Giants Meet Monterey In Berkeley Contest

Marin County Athletic League basketball champion Redwood High will make its initial plunge into the Tournament of Champions at the University of California gymnasium tomorrow evening at 6 o'clock against the "Tall" Torreadors of Monterey.

If Redwood wins its first game in the 15th annual Northern California Invitational Basketball Tournament it will play the winner of the McClymonds-Livermore Friday night. If the Giants lose tomorrow they will play McClymonds or Livermore at 4:30 p.m. Friday. That game would be broadcast by Radio KTIM.

By dropping only one of the first two contests Redwood would play for consolation or third place Saturday. If the Marin club loses both its duels, the players will be watching the Saturday's games from the stands.

Monterey has been to the tournament four times in the past five years. With an outstanding gunner in Bob Jenen, Monterey's coach, Ed Larsh, told KTIM sports director Ted Mitchell in an exclusive interview that this year's squad was the best of the last half decade.

Giant coach Dick Hart announced his starting lineup for tomorrow as follows: At guard slots, seniors Herb Schreiber (5 feet, 11 inches) and Roger Siemens (6-1); forward Rich Brear (6-3) and Hepburn Wilkins (6-0); pivot man will be 6-foot, 4-inch Mike Kavanagh, a senior.

HEIGHT DISADVANTAGE

"It will be a tough game against Monterey," admitted coach Hart. He pointed out that the lack of height alone would be a handicap for the Marin champions. Hart said he had no particular drills offensively or defensively that he would employ against Monterey.

He also pointed out that entire Redwood student body had a precedent to meet. For the last four years Marin cheering sections have won a trophy given by the tournament for the best section. Sir Francis Drake won it twice, the next year San Rafael rooters took it, and last year screamers from Tamalpais High came home with the golden cup.

Wouldn't it be nice this year if the Marinites came home with TWO "Oscars"?

RANGER HOOKS HUGE BASS— BY THE TAIL

Norman Wilson, a ranger at Taylor State Park, was fishing from a light skiff off Millerton Point in Tomales Bay Monday when he got a strike and something took his line out 100 yards or more.

"I thought I had hooked a shark because of the way it fought," Wilson said.

Two hours and much perspiration later, Wilson got his catch up to the boat.

He had hooked a 10-pound striped bass by the tail.

Wilson said the fish had broken the leader on one of the tail hooks he was using and apparently hooked the other in his tail.

Ingo Ready For His Great Experiment

By JACK CUDDY

PALM BEACH, Fla. (UPI) — Ingemar Johansson, a changed fighter at 28, finished his glove preparations today for perhaps the ring's "greatest experiment" Monday night.

Under fire, he'll attempt a transition from the long-range "fear-fighter's" style that made him world champion to a close quarter pressure attack which he hopes will recapture the crown from Floyd Patterson at the Miami Beach Convention Hall.

It's extremely doubtful if any other boxer of Swedish Ingo's prominence and age ever attempted such a drastic shift as that for which he has been rehearsing during 266 rounds of sparring for this fight.

'FEAR FIGHTER'

When big, brown-haired Ingemar won the title from Patterson in June, 1959, with a third-round knockout, he was what boxing men called a "fear-fighter"—without any necessary reflection on his courage.

The term "fear-fighter" has been applied for years to boxers who prefer fast footwork and long-range sharp-shooting to a close-quarter attack and its accompanying exchanges.

A fear-fighter who can punch is a very dangerous opponent because usually he is under such tension that his reflexes are lightning fast and his timing verges on perfection.

Surplus Vehicles

SACRAMENTO (UPI) — Final figures show that sales of vehicles confiscated or ruled surplus by the state last December brought $14,380 into California's treasury.

Palmer Fires 64 In Tuneup For Pensacola Open

PENSACOLA, Fla. (AP)—The $20,000 Pensacola Open golf tournament starts tomorrow with all five of the previous winners on hand.

Last year's champion, Arnold Palmer, turned in an eight-under-par 64 practice round. The earlier Pensacola winners are Don Fairfield, Art Wall Jr., Doug Ford and Paul Harney.

Of the nine winners on the PGA circuit this year, only Billy Maxwell is missing. He is playing on the Caribbean tour. Palmer has won three of the nine 1961 tournaments.

Four Masters champions, Palmer, Wall, Ford and Cary Middlecoff, are seeking the title here. The field of 150 also includes five PGA titlists, Chandler Harper, Bob Rosburg, Lionel Hebert, Dow Finsterwald and Ford.

The 72-hole tournament will be played over the Pensacola Country Club course.

TOURNEY BOUND—College of Marin Tars pose before leaving for Santa Maria where they will play in the State Junior College Basketball Tournament starting tomorrow. From left, Russ Zappetini, Dennis Aman, Lynn Livie, Mike Rawitser, Bob Hobdy, Steve Stover, Rich Laumeister, Ron Blum, Dale Aman, Ernie Bray, El Cartio Barnes, Mike Gaffney and John Blomquist. In front, from left, trainer Harry Hicklin, coach Cal Riemcke, manager Dan Aynsworth.

MARIN OFF TO STATE TOURNAMENT

College of Marin Tars—champs of the Golden Valley Conference—must meet Bakersfield College in their first tilt of the State Junior College Basketball Championship tournament tomorrow at Santa Maria.

Combat will get under way at 8:30 p.m. against the champions of the Metropolitan Conference. If Marin comes through, the Tars will play the winner of the San Jose City College-Palomar Junior College contest at 8:30 Friday night. If the Tars lose they will go against the other losers in their bracket at 5:30 p.m. Friday. The championship game will be 8:30 p.m. Saturday and the consolation action at 7 o'clock the same evening.

Marin drew what is considered by experts to be the next toughest club in the state. The favorite is Fullerton College from the Eastern Conference. Bakersfield is felt to be a strong team because it has just taken the title of the biggest conference in the state.

STARTING LINUP

Starting for Marin against Bakersfield will be Ron Blum (6 feet, 2 inches) and Ernie Bray (6 feet) at forwards; Dale Aman at center, and John Blomquist (5-7) and Lynn Livie (5-11) at guard shots.

Marin Coach Cal Riemcke said his boys have been working on some special phases of defense and by "mixing up our defensive players, attempt to throw them off balance."

The team left the campus at 9 a.m. today. The only rooters anticipated for Marin are parents of some of the players, said Riemcke.

Asked for a prediction, the coach answered that "there are just too many excellent teams at a state tournament to try and foretell events. We will just go down there assuming the role of a dark horse."

Giants Pin Hopes On All-Around Utility Ability Of Amalfitano

HANLEY

PHOENIX, Ariz. — Bill Rigney liked Joe Amalfitano as an all-around infield utility hand and now the new skipper of the Giants, Alvin Dark, has the same feeling about Amalfitano.

"I want Joe around," said Dark after watching him sting the ball up the right and left center alleys in batting practice and then hustle with a glove at both second and third base. "I want him around because he gives the game all he's got. No one tries harder."

If Bill Rigney had Amalfitano around in August of 1959 when Jimmy Davenport's knee crumpled in a plate collision with Cincinnati catcher Ed Bailey, Rigney and the '59 Giants might have gone on to a pennant instead of fading in the stretch.

Rigney always felt that and said as much last May when Davenport once again was sidelined, this time with an ulcerous stomach that since has healed itself. "Joe has taken up the slack at third base that beat us in '59," Rigney said then.

AMALFITANO also plugged the gap last year at second base when Don Blasingame was benched because of an impotent bat. Amalfitano even was ready to fill in at shortstop when Eddie Bressoud's right knee was wrenched in a freak first base accident last year. He proved himself to be the most able utility hand the Giants have had in several years.

As a matter of fact, Amalfitano played almost as many games as the regulars last season and batted much more reliably. He was the best hitting infielder the Giants had in their 1960 lineup. He hit .277 in 106 games. Bressoud batted .225 in 116, Blasingame .235 in 136 and Davenport .251 in 112.

A CLEAN-CUT and aggressive ball player, Amalfitano was a San Pedro, Calif., whiz kid in 1954 when Dutch Ruether signed him as a $40,000 bonus baby for the Giants.

The Giants, under draft rules at that time, were forced to protect their bonus baby by keeping him with the big club. So for appearing in nine games that year, Amalfitano got an $11,000 World Series dividend.

In 1958 Amalfitano was traded to Toronto for Don Johnson, an ex-Yankee pitcher who did not come through in relief roles as the Giants hoped he would. The Giant management doesn't like to be reminded of that trade.

IN THE winter of 1959, at Rigney's insistence, the Giants tabbed Amalfitano for the $25,000 draft price. Rigney insisted upon getting Amalfitano because he said he never again wanted to be caught without a competent infield utility hand.

"When I reported last February," recalled Amalfitano today, "there was a 'we-have-the-pennant-won' attitude. There even was some talk it might be a walkaway with the Giants winning by ten games.

"There's no feeling like that in camp this year. This is a good camp. Everyone is working hard. There's no complacency. There is a seriousness of purpose. Perhaps it is the competition for so many spots that is responsible for the healthy feeling. This year's camp is as different as day and night from last year's."

Golden Glove Davenport Sharp Again

PHOENIX, Ariz. (UPI)—Jimmy Davenport looks like the San Francisco Giant third baseman this year.

Heavier and healthier than last year, Davenport continued his sensational performance in spring drills yesterday.

Davenport, who has battled injuries and illness for the past two years, credited his fine performance to his good physical condition.

He pointed out that when he got ulcers last year he weighed 161 and came out of the hospital at 156. He now weighs 170.

Manager Alvin Dark has been giving a long look at jack-of-all-trades Harvey Kuenn at third and has been experimenting with Felipe Alou at the hot corner. But Davenport, once called by Bill Rigney the best fielding third baseman he ever saw, has shown the quick hands and steady hitting to indicate he will once again be the starter this season.

ROOKIES PLAY

The Giants planned to launch their intra-squad games today with a six-inning battle. Rookies dominate the announced starting lineups although veterans Mike McCormick, Stu Miller, Juan Marichal, Sherm Jones and Eddie Fisher are scheduled to pitch.

One surprise found big Tom Haller, left-handed hitting catcher, starting in the outfield. Observers felt this move suggested that Dark is convinced Haller can catch and wants a chance to look over his two other rookie receivers, Richard Dietz and Cecil Hundley.

The Giants recorded three mild injuries in yesterday's long drill. Willie Mays gave the Giant management heart failure by slamming a foul ball off his left foot and limping about in obvious pain. He had nothing more serious than a bruise, however.

Orlando Cepeda broke a blister on the heel of his left foot and Matty Alou sprained an ankle.

TRAINING CAMPS

Schoendienst Gets Cardinal Contract

By U.P. INTERNATIONAL

Red Schoendienst has won another battle but the future is still a question mark.

The gallant 38-year-old Schoendienst, whose career was threatened by tuberculosis, was signed yesterday to a St. Louis Cardinal contract estimated at $25,000. The contract means that General Manager Bing Devine and Manager Solly Hemus believe he has a chance . . . just a chance . . . to help the Cardinals year.

"I appreciate them giving me this chance," said Schoendienst, who rejected coaching offers from both the Milwaukee Braves and Los Angeles Dodgers because he thought he still could play.

'OUR BREAK'

"We consider the break ours," commented Devine "Red has been most impressive in camp and should give us a big lift, psychologically as well as actually."

Schoendienst was signed after an intra-squad game in which he singled, stole a base, scored a run and made an outstanding defensive play. The odds against him are tremendous — he was sidelined throughout the entire 1959 season and he hit only .257 in 65 games last season.

Duke Snider and Don Drysdale, another pair of key veterans, starred in the Los Angeles Dodgers' workout during which members of the Tokyo Giants played with both squads. Snider connected for an inside-the-park homer while Drysdale allowed one hit, struck out four and yielded two unearned runs in four innings on the mound.

Manager Mike Higgins said that rookie Charles Schilling, former Manhattan College star, will be given an opportunity to win the Boston Red Sox' second-base job even if it means shifting A. L. batting champion Pete Runnels around the infield.

Roy Sievers hit two doubles and Nelson Fox a single and a double to spark the Chicago White Sox' drill. Carl Winton, Ed Drapcho and Ron Teunis combined in a five-hitter for the winning squad.

Other camp notes: Tex Clevenger, Jack Harshman and Tom Morgan will start for the Los Angeles Angels in their exhibition opener with the Chicago Cubs on Saturday . . . Former President Dwight Eisenhower has promised to throw out the first ball . . . Baltimore bonus outfielder Dave Nicholson given clean bill of health after X-rays following his beaning eight days ago.

Loyola Cinches Title As Santa Clara Jolts Dons

By ASSOCIATED PRESS

Loyola clinched the West Coast Athletic Conference basketball championship last night and with it gained a berth in the NCAA Far West regional playoffs in Portland beginning March 15.

The happy Lions routed Pepperdine 82-64 at Inglewood.

In other games, Santa Clara beat the last breath out of title-tie hopeful University of San Francisco 51-39 at San Jose and St. Mary's defeated Pacific 64-49 at Stockton.

Pacific at USF Friday rounds out the WCAC season.

Loyola finishes its conference campaign at 10-2, and is 19-6 over-all. Santa Clara and St. Mary's each are at 8-4 in conference play.

USF, now 7-4, has a chance to tie for second if it defeats Pacific Friday.

San Jose finishes fifth at 5-7, Pepperdine sixth at 3-9, and Pacific gets its final chance to win one conference game when the Tigers go against USF after 11 conference losses and 14 defeats in a row over-all.

Ed Bento led Loyola in its romp over Pepperdine, taking game scoring honors with 27 points. Noel Smith had 22 points for the losers.

Pepperdine's Dave Hancock was knocked unconscious and suffered a back injury when he crashed into an Inglewood High School gym wall. He was taken to a hospital.

Santa Clara took the lead from USF 22-20 late in the first half and was never headed.

Bob Gaillard of USF led the game's scorers with 16 points. Joe Weiss had 15 for Santa Clara. USF's Ed Thomas and Gene Shields of Santa Clara were ejected late in the game for briefly trading punches.

St. Mary's big Tom Meschery scored 23 points and nailed 18 rebounds to take honors in both departments against Pacific.

St. Mary's led 29-23 at the half.

Bob Leonard was high point man for Pacific with 15. The Gaels held Pacific's high-scoring Ken Stanley to 14.

Loyola's first NCAA opponent will be the winner of the Utah-Colorado State game on March 17. Loyola draws a first round bye.

The Lions succeed Santa Clara as WCAC champion.

Juan Marichal May Be Giant Pitching 'Key'

PHOENIX, Ariz. (AP) — Last year the San Francisco Giants had collapsed from their dreams of a pennant and were floundering around looking hapless when up from Tacoma came Juan Marichal.

The slender right-hander won four in a row on his way to a 6-2 late season record, his first in the big leagues.

Monday Juan, now 23, got his reward. Manager Alvin Dark named him along with lefty Mike McCormick as his two "all start and no relieve" pitchers.

The pair, along with starter-reliever Stu Miller and full-time relievers Sherman Jones and Eddie Fisher, have been ticketed for the first of the intra-squad games Wednesday and figure also to be displayed prominently in the opening exhibition set with Cleveland, beginning Saturday at Tucson.

Marichal, from the Dominican Republic and still a beginner at English, has quite a three-year record in organized baseball.

As a Giant, his earned run average was 2.67, fanning 58 and walking 28 in 81 innings.

At Tacoma, he won 11, lost 5, struck out 121 and walked 34 with an ERA of 3.11.

In 1959 at Springfield, he walked only 47 in 271 innings, and all told, including 1958 at Michigan City, he has a remarkable 159 walked for 736 innings pitched.

For the Giants, Marichal could be the key, for as Dark has said repeatedly, "we need at least another young front-line starter to go with McCormick."

Marichal is a control pitcher, even at this early stage. His fast ball is just so-so.

RAISE THE HOOPS?

Weaver Defends Big Guys In Basketball

By HARRY JUPITER

SAN FRANCISCO (AP)—Jim Weaver, coach of St. Mary's Gaels, has a new plea for basketball rules tinkerers.

"How come nobody ever considers the big kids?" Weaver asks.

"With all the talk about giving basketball back to the little fellows, everyone seems to forget that smaller men generally are more agile, quicker and better adapted to the game.

"Why does everybody want to penalize the tall fellows who are doing the best they can with the physical equipment they have?"

Weaver's comment were in response to a proposal by Pete Newell that the only way to save basketball is to raise the baskets from the present 10-feet level to 12 feet.

Newell, coach of the 1960 Olympic basketball champions and athletic director at the University of California, said:

"If the basket is not raised, preferably by two feet, no later than five years from now, I believe today's booming interest in basketball will sink in a mire of boredom."

Most of the coaches in the area don't take the idea of raising the hoops very seriously.

But they have a lot of respect for Newell, even though they suspect he's kidding about his suggested innovation.

Rene Herrerias, the young aide who succeeeded Newell this season as California's head coach, has scheduled a practice game among his Golden Bears for March 15—using the 12-foot baskets.

"Perhaps it is silly," Herrerias says, "but at least we can try it and find out. It certainly won't hurt anyone to examine the possibilities."

Psychological Factors Favor Ingo In Fight

MIAMI BEACH, Fla. (AP)—Ingemar Johansson has a couple of psychological factors going for him in his third title fight with heavyweight champion Floyd Patterson.

The odds and a heavy majority of the experts are strongly in favor of Patterson for the Monday night clash at Convention Hall.

For Ingo this is good. The oddsmakers and the experts in the main have been wrong 2 for 2 so far. Patterson was the 5-1 betting choice and the overwhelming pick of the writers and sportscasters in the first fight. Pow, right in the kisser and Floyd is no longer the champ.

The next time around the odds favored Ingo at 7-5 and most of the experts couldn't see anyone but the big Swede. Then boom went Floyd's left hook in the vicinity of the cleft of Ingo's chin and Johansson becomes the ex-champ.

The switch is one again. Patterson once more is almost a prohibitive choice at 3½ to 1 and the baffled experts once more are plumping for Floyd's power.

The Marin Rod and Gun Club will give trophies to winners and members of the Northwoods Bowmen's Club will supervise the events.

Younger children must be registered by parents, said a spokesman but can "be left in capable hands during the tournament."

Kirkland Ignores Court Hearing; Judge Is Miffed

SAN FRANCISCO (AP)—Willie Kirkland, outfielder for the Cleveland Indians training in Tucson, Ariz., failed to show up in court yesterday for a paternity case hearing and the judge was irate.

Superior Court Judge Karesh told an attorney to produce the ex-San Francisco Giant at 2:30 Friday, or "if I have to find Kirkland in contempt, I'll yank him off the field when he comes to California and send him to jail."

The Indians will play the new Los Angeles Angels during the regular season.

The attorney for divorcee Mrs. Margaret Edwards, who claims Kirkland fathered the child she is expecting next month, told Judge Karesh that Kirkland had paid his client none of the monies set by the court on Jan. 18.

GREEN BEANS AND BEEF were the mainstay of early western menus. Here are three up-to-date treatments of this popular theme featuring beef and canned green beans. The ever-popular ground beef patty, or hamburgers, taste better than ever accompanied by "Savory Green Bean Relish." Easy and quick to make, its zesty flavor is just right with meat. Serve the beans atop thick slices of tomato and add a spiced peach for garnish. "Chinese Beef and Green Beans" is enhanced with the subtle flavor of soy sauce, wine vinegar and onion. "Orange Sauce Beans" is a colorful and refreshing way to serve canned green beans as the vegetable with this fine roast.

3 Ways To Serve Beef And Beans

CHINESE BEEF AND GREEN BEANS

- ¾ pound beef steaks*
- 1 10½-ounce can beef bouillon
- 1 4-ounce can mushrooms
- 1 tablespoon instance minced onion or ¼ cup chopped green onion
- 3 tablespoons wine vinegar
- 2½ tablespoons cornstarch
- 1 tablespoon soy sauce
- 1 (1 lb. 1 oz.) can vertical (or other cut) green beans
- 2 teaspoons sugar
- 1 tomato, peeled and diced
- Hot cooked rice
- Whole or slivered toasted almonds

Cook meat rare to medium-rare; cut into strips and keep warm. Combine bouillon, undrained mushrooms, onion, vinegar, cornstarch, soy and sugar. Bring to boil, lower heat and simmer until thickened and clear. Add beef, drained beans and tomato. Heat gently a few minutes. Serve with hot cooked rice; sprinkle with almonds.

Makes 4 or 5 servings.

*Use top round, sirloin or other steak cut about 1 inch thick. Or use strips of leftover raw roast beef.

SAVORY GREEN BEAN RELISH

- 1 (1 pound) can cut green beans
- 2 tablespoons wine vinegar
- 1½ teaspoons instant minced onion
- ½ teaspoon sugar
- ½ cup salad oil
- ½ teaspoon seasoned salt
- 1 teaspoon prepared mustard
- 2 tablespoons sweet or dill pickle relish or barbecue relish

Drain green beans. Combine all remaining ingredients, mixing well. Pour dressing over beans. Cover and marinate several hours or overnight before using.

Makes about 1 pint.

OVEN POT ROAST OF BEEF

- 3 to 3½ pound eye of bottom beef round
- ¼ cup soy sauce
- 1 cup orange or pineapple juice
- 2 tablespoons wine vinegar
- Salt and pepper

Place beef in oblong baking dish or pan. Combine soy sauce, orange juice and vinegar. Pour over meat. Cover and let stand overnight, basting or turning meat in marinade several times. Drain, saving marinade. Place roast in small oblong pan; sprinkle with salt and pepper. Roast in moderately hot oven (375 degrees F.) until meat begins to brown, about 30 to 40 minutes. Pour on marinade. Cover and continue roasting until beef is tender, about 2½ to 3 hours. Serve with oven browned potatoes, Orange Sauce Beans and pan gravy, which may be thickened slightly, if desired.

Makes about 8 to 10 servings.

Note: Pot roast may be cooked on top of the stove if you prefer. Brown meat lightly, pour on marinade and cover. Simmer over low heat until tender.

ORANGE SAUCE BEANS

- ½ cup orange juice
- 2 teaspoons cornstarch
- ½ teaspoon salt
- 1 teaspoon instant minced onion
- 2 tablespoons butter or margarine
- 1 tablespoon vinegar
- 1 (1 pound) can green beans

Combine orange juice, cornstarch, salt and onion, and cook and stir until mixture boils and thickens. Add butter, vinegar and drained beans, and heat thoroughly.

Makes 4 to 5 servings.

Note: Small orange or tangerine segments may be added to the sauce along with the green beans for additional color and flavor if desired.

EIGHTEENTH CENTURY RULES APPLY TO NEW-FASHIONED CAKE

Our 18th Century ladies were skillful pirates.

The first cook books published in America were English ones. Our early housewives appropriated some of their best recipes and made them their own.

Those rules were so good that they've been passed along ever since.

Poundcake is one of these goodies. The recipes we use today are much like those that were in favor with Martha Washington and her friends.

But some differences there are, because flour and sugar have changed—to say nothing about cooking equipment. Modern cooks have evolved poundcake recipes that take these changes into consideration. In the following rule a little milk is added because it helps to make a light-textured poundcake in keeping with present-day tastes.

One hint from old cook books should always be heeded: mix the cake batter well. If, heaven forbid, your pound cake should be streaky, the chances are that it has been underbeaten.

NEW-FASHIONED POUNDCAKE

- 2¼ cups sifted cake flour
- ½ teaspoon baking powder
- ½ teaspoon salt
- 1 cup (2 sticks) butter
- 1⅓ cups sugar
- 1 teaspoon vanilla
- ¼ teaspoon mace
- 4 large eggs
- ¼ cup milk

Sift together the flour, baking powder and salt. Cream butter, sugar, vanilla and mace. Add eggs one at a time, beating 1 minute after each addition with electric mixer at medium speed (150 strokes by hand). Stir in dry ingredients, one-half at a time, alternately with milk. Beat 2 minutes with electric mixer at medium speed. Turn into buttered and floured loaf pan (about 9 by 5 by 3 inches). Bake in slow (325 degrees) oven 60 to 70 minutes. Cool cake in pan set on wire rack for 10 minutes. Turn out on wire rack to cool completely.

Note: If sturdy but small portable electric mixer is used, beat eggs at least 2 minutes after each addition.

Frosting: Beat together until smooth ¾ cup confectioners sugar, 2 tablespoons milk, 1 teaspoon light corn syrup, 1 teaspoon soft butter and ½ teaspoon vanilla. Spread over top of cake allowing icing to drizzle down sides.

New Cookbooks—Data And Pleasure

Independent-Journal
SERVING ALL OF MARIN COUNTY
FOOD PAGE
Independent-Journal, Wed., March 8, 1961 21

Our guess is that more cook books are published in this country than in any other, although England may run us a close second.

Right now there are dozens of new ones, on many aspects of food preparation, to choose among.

The following should yield a generous number of dishes worth making, some valuable information and a good deal of reading pleasure.

Any hostess who numbers epicures among her friends and wants to entertain them in the style they like to encounter, would do well to look into "Menus for Entertaining" by Juliette Elkon and Elaine Ross (Hastings House). From its charming jacket to its last page, this book is a wholehearted sharing of 400 carefully tested recipes. Its 72 party menus include breakfasts; brunches and lunches; picnic, barbecue and patio meals; formal and informal dinners. Acquaintance with European cuisine and professional experience in this country as food consultants and cooking teachers have given these authors fine background from which to write, and Narcisse Chamberlain, has done a splendid job of editing their material.

"Cooking for the Freezer" by Myra Waldo (Doubleday) has an attractive device. Recipes are presented double-duty fashion: each one tells how to prepare a dish so that half may be used at once and half be freezer-stored. Because the recipes are particularly suitable for company, cooks may have a rehearsal before guests come.

"Favorite Breads from Rose Lane Farm" by Ada Lou Roberts (Hearthside) will lure any cook who enjoys or wants to learn how to bake yeast breads. Because the author has full confidence in her recipes, she is most persuasive and offers some practical and homey asides. Convinced that ground ginger is a "yeast improver" Mrs. Roberts uses the spice in her recipes. Interesting, if true! As yet we haven't had a chance to prove this notion.

"The New Cruising Cookbook" by Russell K. Jones and C. McKim Norton (Norton) may give summertime galley slaves helpful winter reading. All its recipes were tested under small-craft minimum-equipment conditions. The two gentlemen who cooked the dishes (with some aid from their wives) and wrote the recipes are worthy short-order chefs. Cooks we know, who have never set foot off land, used this book (in its first edition) successfully in their home kitchens. The present revised edition adds new recipes and information on up-to-date equipment for galley meals.

"In A Persian Kitchen" by Maideh Mazda (Tuttle) is so delightful that it could encourage a cook who never dreamed of preparing Near East dishes to rush to the range. The Persian-born author came to this country to study; she married an American and eventually worked out her recipes in her Washington, D.C., kitchen. The introductions to the rules provide an interesting glimpse into Persian food customs.

"100 to Dinner" by Elspeth Middleton, Muriel Ransom Carter and Albert Vierin (University of Toronto Press) was planned for clubs, camps, resorts, institutions, industrial plants and public dining places. It could be extremely valuable to women who prepare church or organization dinners because the recipes in this new edition have had thorough testing over a long period of time and are written explicitly.

Plain Omelet Standby For Meatless Lunch, Supper

A plain omelet is a good standby for meatless lunches and suppers. But when you want to serve it as a main course for dinner, make it more substantial by preparing a cheese omelet.

Tasty American blue cheese is an ideal choice for the popular egg dish, not only because of its zesty taste but due to its protein and calcium content. It'll help provide that "stick-to-the-ribs" quality you want.

To make a creamy blue cheese omelet use one egg per serving. Beat in one tablespoon milk or coffee cream, a dash of salt and pepper. Pour egg mixture into a buttered skillet set over low heat. Cook eggs slowly. As the underside becomes set, tip pan slightly, lifting cooked eggs so that uncooked portion can flow underneath and cook. When mixture seems barely set, sprinkle about two tablespoons coarsely crumbled American blue cheese in center, then fold or roll omelet. Serve at once.

EIGHTEENTH CENTURY RULES APPLY TO NEW-FASHIONED CAKE

Our 18th Century ladies were skillful pirates.

The first cook books published in America were English ones. Our early housewives appropriated some of their best recipes and made them their own.

Those rules were so good that they've been passed along ever since.

Poundcake is one of these goodies. The recipes we use today are much like those that were in favor with Martha Washington and her friends.

But some differences there are, because flour and sugar have changed—to say nothing about cooking equipment. Modern cooks have evolved poundcake recipes that take these changes into consideration. In the following rule a little milk is added because it helps to make a light-textured poundcake in keeping with present-day tastes.

One hint from old cook books should always be heeded: mix the cake batter well. If, heaven forbid, your pound cake should be streaky, the chances are that it has been underbeaten.

NEW-FASHIONED POUNDCAKE

2¼ cups sifted cake flour
½ teaspoon baking powder
½ teaspoon salt
1 cup (2 sticks) butter
1⅓ cups sugar
1 teaspoon vanilla
¼ teaspoon mace
4 large eggs
¼ cup milk

Sift together the flour, baking powder and salt. Cream butter, sugar, vanilla and mace. Add eggs one at a time, beating 1 minute after each addition with electric mixer at medium speed (150 strokes by hand). Stir in dry ingredients, one-half at a time, alternately with milk. Beat 2 minutes with electric mixer at medium speed. Turn into buttered and floured loaf pan (about 9 by 5 by 3 inches). Bake in slow (325 degrees) oven 60 to 70 minutes. Cool cake in pan set on wire rack for 10 minutes. Turn out on wire rack to cool completely.

Note: If sturdy but small portable electric mixer is used, beat eggs at least 2 minutes after each addition.

Frosting: Beat together until smooth ¾ cup confectioners sugar, 2 tablespoons milk, 1 teaspoon light corn syrup, 1 teaspoon soft butter and ½ teaspoon vanilla. Spread over top of cake allowing icing to drizzle down sides.

New Cookbooks—Data And Pleasure

Our guess is that more cook books are published in this country than in any other, although England may run us a close second.

Right now there are dozens of new ones, on many aspects of food preparation, to choose among.

The following should yield a generous number of dishes worth making, some valuable information and a good deal of reading pleasure.

Any hostess who numbers epicures among her friends and wants to entertain them in the style they like to encounter, would do well to look into "Menus for Entertaining" by Juliette Elkon and Elaine Ross (Hastings House). From its charming jacket to its last page, this book is a wholehearted sharing of 400 carefully tested recipes. Its 72 party menus include breakfasts; brunches and lunches; picnic, barbecue and patio meals; formal and informal dinners. Acquaintance with European cuisine and professional experience in this country as food consultants and cooking teachers have given these authors fine background from which to write, and Narcisse Chamberlain, has done a splendid job of editing their material.

"Cooking for the Freezer" by Myra Waldo (Doubleday) has an attractive device. Recipes are presented double-duty fashion: each one tells how to prepare a dish so that half may be used at once and half be freezer-stored. Because the recipes are particularly suitable for company, cooks may have a rehearsal before guests come.

"Favorite Breads from Rose Lane Farm" by Ada Lou Roberts (Hearthside) will lure any cook who enjoys or wants to learn how to bake yeast breads. Because the author has full confidence in her recipes, she is most persuasive and offers some practical and homey asides. Convinced that ground ginger is a "yeast improver" Mrs. Roberts uses the spice in her recipes. Interesting, if true! As yet we haven't had a chance to prove this notion.

"The New Cruising Cookbook" by Russell K. Jones and C. McKim Norton (Norton) may give summertime galley slaves helpful winter reading. All its recipes were tested under small-craft minimum-equipment conditions. The two gentlemen who cooked the dishes (with some aid from their wives) and wrote the recipes are worthy short-order chefs. Cooks we know, who have never set foot off land, used this book (in its first edition) successfully in their home kitchens. The present revised edition adds new recipes and information on up-to-date equipment for galley meals.

"In A Persian Kitchen" by Maideh Mazda (Tuttle) is so delightful that it could encourage a cook who never dreamed of preparing Near East dishes to rush to the range. The Persian-born author came to this country to study; she married an American and eventually worked out her recipes in her Washington, D.C., kitchen. The introductions to the rules provide an interesting glimpse into Persian food customs.

"100 to Dinner" by Elspeth Middleton, Muriel Ransom Carter and Albert Vierin (University of Toronto Press) was planned for clubs, camps, resorts, institutions, industrial plants and public dining places. It could be extremely valuable to women who prepare church or organization dinners because the recipes in this new edition have had thorough testing over a long period of time and are written explicitly.

Plain Omelet Standby For Meatless Lunch, Supper

A plain omelet is a good standby for meatless lunches and suppers. But when you want to serve it as a main course for dinner, make it more substantial by preparing a cheese omelet.

Tasty American blue cheese is an ideal choice for the popular egg dish, not only because of its zesty taste but due to its protein and calcium content. It'll help provide that "stick-to-the-ribs" quality you want.

To make a creamy blue cheese omelet use one egg per serving. Beat in one tablespoon milk or coffee cream, a dash of salt and pepper. Pour egg mixture into a buttered skillet set over low heat. Cook eggs slowly. As the underside becomes set, tip pan slightly, lifting cooked eggs so that uncooked portion can flow underneath and cook. When mixture seems barely set, sprinkle about two tablespoons coarsely crumbled American blue cheese in center, then fold or roll omelet. Serve at once.

'Belles Of Ireland' Club's Show Theme

A little bit of Ireland has decended upon the Marin Catholic High School campus. The sound of Leprechans are the various committees of the Marin Catholic Woman's Club busily at work on this year's fashion show.

The "Belles of Ireland" show will be held on St. Patrick's Day, Friday, March 17 in the evening at the school's gym. This is the only major fund raising event of the club. The show also is being held in celebration of the 10th anniversary of Marin Catholic High School.

Mrs. Al Cunningham, decorations chairman, announces that the stage setting would not be revealed until the night of the show.

The lobby of the gym will have a huge map of Ireland and Irish colleens prevailing to greet those attending. Also, there will be an authentic Irish wishing well.

Invitations to the affair have been mailed, and those who wish to make reservations may do by calling either Mrs. Joseph Hansen, San Anselmo for Northern Marin, or Mrs. Walter Silva, Sausalito for Southern Marin.

Mrs. P. S. Sarocka, general chairman, promises a gala evening to begin with a social hour from 7:30 p.m. to 8:30 p.m. with the parade of fashions to begin at 8:45 p.m. after which will follow the buffet supper.

News Of Newborn

A baby boy arrived at Marin General Hospital on Saturday, Feb. 25 for Mrs. and Mrs. Daniel Lieberman of Cloud View Trail, Sausalito. Paternal grandparents of the new arrival are the Morton Liebermans of Belvedere. The maternal grandparents are residents of Cologne, Germany.

Miss Slattery Wed In Sausalito Church

At Star of the Sea Church in Sausalito on Saturday afternoon, Dorothy Slattery and Charles C. Gardiner were united in marriage by Rev. Henry O'Flynn, pastor. The bride wore a street length beige gown, the bodice of soutache silk and the full skirt, chiffon. A tall crown of beige tulle held the matching veil and cream colored roses were in the bride's bouquet.

The matron of honor, Mrs. Richard K. Waters of Davis, the former Mollie Nerkley, was Dorothy's roommate at Dominican. Dorothy was maid of honor at Mollie's wedding. In her matron of honor role, Mrs. Waters wore a brown silk street length dress. A short face veil fell from a side satin bow and tulle headpiece. Orange hued were the roses in her bouquet.

James Casella of Belmont was best man.

Following the early afternoon ceremony a luncheon for the bridal party and family members took place at the Alta Mira Hotel. The four tiered wedding cake was topped by small wedding bells.

When the newlyweds left for a brief honeymoon trip, the bride was wearing a gold colored suit and matching straw cloche. Her accessories were brown. About the first of April the young couple will leave on a deferred honeymoon, a cruise through the Panama Canal and a flight to Mexico City.

The newlyweds will reside at 285 Scenic Road, Fairfax. The bride, daughter of Joseph A. Slattery of San Francisco and the late Mrs. Viola Hickey Slattery, is a member of the Independent-Journal editorial staff. She was graduated from St. Rose Academy in San Francisco and Dominican College.

The new benedict, an architect, is a graduate of Chaote School in Providence, R.I. and Brown University. He is the son of the late Mr. and Mrs. Charles C. Gardiner of Providence, and his sister, Marcia Gardiner, lives in Ross.

Redwood Shade Garden Club Camellia Grower To Address

Clifford W. Lattin, outstanding Bay Area amateur camellia grower, will be the featured speaker at the Redwood Shade Garden Club Friday at Whittaker Hall, St. Stephen's Belvedere.

The meeting will start promtly at 8 p.m. with award of a prize, according to club president George Coleman.

Lattin's name is well known in camellias circles from Portland to San Diego. At the recent annual Los Angeles Camellia Show, he had 50 entries with 43 first prizes, four seconds, and three thirds. He also took the sweepstake award for his unusual collection.

A resident of Oakland, Lattin has located his camellia ranch near Big Basin in the Santa Cruz Mountains. Here he is able to grow his prize winners and huge variety of specimens in a controlled atmosphere. Humidity and temperature are regulated automatically through various electronic devices.

In addition to mechanization, however, he is able to discuss camellia culture in an ordinary Marin garden under regular conditions.

At Friday's meeting he will also answer questions on camellia growing and will exhibit some of his prize varieties.

Known until recently as the Redwood Fuchsia Society, the Redwood Shade Garden Club has now expanded its activities to include garden plants associated with fuchsias in the garden. In keeping with this wider interest, the evening's plant table will include camellias, as well as fuchsias, among the prizes.

New members and guests are welcome.

Martin-De Coux Rite Held In Mill Valley

Culmination of a long family friendship was the marriage Sunday, March 5, at the Mill Valley Community Church of George A. Martin of Mill Valley and Mrs. Maria Evedina De Coux of San Francisco.

When their respective spouses were living the foursome were close friends for many years.

The simple ceremony was performed at 3 p.m. by the Rev. Gordon L. Foster in the presence of a few close friends and the bride's sister, Mrs. George Kerr of Vancouver, B.C.

The new Mrs. Martin chose for her wedding ensemble a shocking pink suit, matching flowered hat and bone accessories and wore a corsage of cymbidium orchids. She is a fashion designer and owner of her own shop in San Francisco.

Following the ceremony a champagne reception was given for the couple by Dr. and Mrs. C. A. Delancey of San Rafael. Among the some 25 guests was a remarkable group of friends Martin had known in the East before retiring as vice president of the Continental Life Insurance Company with headquarters in Wilmington, Del.

They were Rust Westover, the famous cartoonist now living in Ross, his son Russ Jr. of San Rafael, Mr. and Mrs. Donald Knight and C. Lee Vandeveer, all of San Rafael, and the Paul Clarks of Mill Valley. With the exception of the Clarks, who lived in Wilmington, all were former residents with the Martins of Larchmont, N.Y.

Martin's late wife was well known as the librarian of the children's section at the Mill Valley Public Library.

He is building a new home in Enchanted Knolls so that the couple will live temporarily at his home in Mill Valley and the bride's apartment in the Marina, San Francisco, until June when he expects the new home will be completed.

After that the Martins will spend a delayed honeymoon on a visit to his daughter, Mrs. Winslow Burhans, and her husband and two children in Hagerstown, Md.

Bonnie Hubbard's KUPBOARD

FUN WITH FOOD AND HELPFUL HINTS

Remember when Grandmother used to hand out home-made bread lavishly spread *with her own strawberry jam?* You'll re-live that moment, to the very taste of the jam, when you try SMUCKER'S Jam with *old-fashioned goodness* which comes from slow, careful cooking. *Saucy touch with meat:* hot, canned peach halves filled with SMUCKER'S rosy Currant Jelly.

Green beans make an excellent salad or vegetable. Open a can of DIAMOND A Sliced Green Beans, drain and cook the liquid down to about half. Cook Canadian bacon, remove, and cook chopped onion in the fat until tender. Add the bean liquid and beans, season well and heat. Serve in a pretty bowl with the bacon arranged over the beans.

Include a delicious surprise in those hot biscuits you are making. Drain a can of KEYSTONE Mushrooms, Stems and Slices, and saute them in butter with grated onion, marjoram, thyme. *Flatten uncooked biscuits* and put a spoonful of mushrooms on each; fold over, seal edges. Bake in hot oven, 10-12 minutes, *and serve with crab salad, creamed chicken, spinach loaf.*

★ **Cottage cheese may be substituted in dips which call for cream cheese.**

"Clear and cold!" says the weather man. "I'm hungry!" call the small fry, galloping into the kitchen. Hot chocolate and a cookie will fill the terrible gap between now and dinner. **You can make a soothing hot beverage in sixty seconds.** Simply spoon into hot milk GHIRARDELLI'S Instant Chocolate, stir well and pour . . . true, rich, hot chocolate that **costs so little a serving!**

When you're looking for a quick dessert, canned peaches is the answer. But what a difference there is in peaches . . . open a can of SACRAMENTO BRAND Freestone Peaches and you find big, luscious, pink-gold fruit . . . tender, juicy, fragrant with real peach smell. And the syrup, rich, with flavor . . . so good you'll want to spoon up the very last drop.

★ **Cinnamon-flavored whipped cream as topping adds an interesting flavor to chocolate ice cream or pudding.**

Ever bite into a fork-full of crisp greens, only to find them so oily they lost all appeal? That never happens when the salad is dressed with STAR Olive Oil, pressed from the famous olives of Lucca, Italy. **STAR is a suave, delicate oil which balances vinegar or lemon juice to perfection.** It is excellent for cooking; try it with fried fish or eggplant.

For a Sunday night supper that's light, satisfying and easy on the cook, the story starts with UNDERWOOD Deviled Ham. In a casserole, alternate tomato slices and Deviled Stuffing, made with 2 cups packaged stuffing mix, ½ cup milk, 1 beaten egg, ½ tsp. lemon rind and 1 Family Size can of UNDERWOOD Deviled Ham. Bake for 35 minutes, serve immediately!

When guests are coming and the house shines in readiness, there is one final item I consider a "must"—a box of KLEENEX Facial Tissues in the powder room. The pretty colors in which KLEENEX comes spell welcome in themselves. And these tissues are so necessary . . . blotting lipsticks, spots on dresses, mascara drips. **NO make-up stains on guest towels, later!**

That's all for now!
See you next week!

'Belles Of Ireland' Club's Show Theme

A little bit of Ireland has decended upon the Marin Catholic High School campus. The sound of Leprechans are the various committees of the Marin Catholic Woman's Club busily at work on this year's fashion show.

The "Belles of Ireland" show will be held on St. Patrick's Day, Friday, March 17 in the evening at the school's gym. This is the only major fund raising event of the club. The show also is being held in celebration of the 10th anniversary of Marin Catholic High School.

Mrs. Al Cunningham, decorations chairman, announces that the stage setting would not be revealed until the night of the show.

The lobby of the gym will have a huge map of Ireland and Irish colleens prevailing to greet those attending. Also, there will be an authentic Irish wishing well.

Invitations to the affair have been mailed, and those who wish to make reservations may do by calling either Mrs. Joseph Hansen, San Anselmo for Northern Marin, or Mrs. Walter Silva, Sausalito for Southern Marin.

Mrs. P. S. Sarocka, general chairman, promises a gala evening to begin with a social hour from 7:30 p.m. to 8:30 p.m. with the parade of fashions to begin at 8:45 p.m. after which will follow the buffet supper.

Redwood Shade Garden Club Camellia Grower To Address

Clifford W. Lattin, outstanding Bay Area amateur camellia grower, will be the featured speaker at the Redwood Shade Garden Club Friday at Whittaker Hall, St. Stephen's Belvedere.

The meeting will start promtly at 8 p.m. with award of a prize, according to club president George Coleman.

Lattin's name is well known in camellias circles from Portland to San Diego. At the recent annual Los Angeles Camellia Show, he had 50 entries with 43 first prizes, four seconds, and three thirds. He also took the sweepstake award for his unusual collection.

A resident of Oakland, Lattin has located his camellia ranch near Big Basin in the Santa Cruz Mountains. Here he is able to grow his prize winners and huge variety of specimens in a controlled atmosphere. Humidity and temperature are regulated automatically through various electronic devices.

In addition to mechanization, however, he is able to discuss camellia culture in an ordinary Marin garden under regular conditions.

At Friday's meeting he will also answer questions on camellia growing and will exhibit some of his prize varieties.

Known until recently as the Redwood Fuchsia Society, the Redwood Shade Garden Club has now expanded its activities to include garden plants associated with fuchsias in the garden. In keeping with this wider interest, the evening's plant table will include camellias, as well as fuchsias, among the prizes.

New members and guests are welcome.

Miss Slattery Wed In Sausalito Church

At Star of the Sea Church in Sausalito on Saturday afternoon, Dorothy Slattery and Charles C. Gardiner were united in marriage by Rev. Henry O'Flynn, pastor. The bride wore a street length beige gown, the bodice of soutache silk and the full skirt, chiffon. A tall crown of beige tulle held the matching veil and cream colored roses were in the bride's bouquet.

The matron of honor, Mrs. Richard K. Waters of Davis, the former Mollie Nerkley, was Dorothy's roommate at Dominican. Dorothy was maid of honor at Mollie's wedding. In her matron of honor role, Mrs. Waters wore a brown silk street length dress. A short face veil fell from a side satin bow and tulle headpiece. Orange hued were the roses in her bouquet.

James Casella of Belmont was best man.

Following the early afternoon ceremony a luncheon for the bridal party and family members took place at the Alta Mira Hotel. The four tiered wedding cake was topped by small wedding bells.

When the newlyweds left for a brief honeymoon trip, the bride was wearing a gold colored suit and matching straw cloche. Her accessories were brown. About the first of April the young couple will leave on a deferred honeymoon, a cruise through the Panama Canal and a flight to Mexico City.

The newlyweds will reside at 285 Scenic Road, Fairfax. The bride, daughter of Joseph A. Slattery of San Francisco and the late Mrs. Viola Hickey Slattery, is a member of the Independent-Journal editorial staff. She was graduated from St. Rose Academy in San Francisco and Dominican College.

The new benedict, an architect, is a graduate of Chaote School in Providence, R.I. and Brown University. He is the son of the late Mr. and Mrs. Charles C. Gardiner of Providence, and his sister, Marcia Gardiner, lives in Ross.

How to

OUTWIT YOUR APPETITE

Try The Profile Bread Method Of "Planned Nibbling" To Help Avoid Overeating At The Table And Going On Wild Calorie Binges Between Meals

IF you want to avoid overeating at meals, or avoid going on hog-wild calorie binges between meals—then the "Profile Bread Method" to outwit your appetite may prove most helpful.

Because the Profile Bread Method depends upon "planned nibbling"—a dietetic approach to the problem of overeating.

Make no mistake, the Profile Bread Method cannot cause you to lose weight. It can only help to avoid taking in excess calories.

"PLANNED NIBBLING"

Remember what your mother used to say: "Don't eat it now, it will spoil your dinner."

Many dieticians recognize the same principle in "planned nibbling." Which means eating about 150 calories of any carbohydrate-protein food about 30 minutes before a meal. Or, when tempted, between meals. The carbohydrate acts fast; the protein keeps working longer.

Try a tablespoonful of sugar in a half glass of skim milk. Or a couple of slices of Profile Bread. Or a slice of Profile with jam on it. Anything light that spoils your appetite and keeps you from overeating at the table or between meals.

PROFILE BREAD

Profile Bread contains about 40% more complete protein than many white breads. It's flecked with tiny bits of cracked wheat and the flavor is fine—plain or toasted.

In addition, Profile Bread is fortified with calcium, phosphorus, iron and Vitamins B_1, B_2 and niacin, and has about 65 calories per slice. For "planned nibbling" you may find Profile Bread ideal.

Get a loaf of Profile Bread fresh at your favorite grocer's today. And try the Profile Bread Method of "planned nibbling" to outwit your appetite. You may be very glad you did.

Martin-De Coux Rite Held In Mill Valley

Culmination of a long family friendship was the marriage Sunday, March 5, at the Mill Valley Community Church of George A. Martin of Mill Valley and Mrs. Maria Evedina De Coux of San Francisco.

After that the Martins will spend a delayed honeymoon on a visit to his daughter, Mrs. Winslow Burhans, and her husband and two children in Hagerstown, Md.

FUN WITH FOOD AND HELPFUL HINTS

Remember when Grandmother used to hand out home-made bread lavishly spread *with her own strawberry jam?* You'll re-live that moment, to the very taste of the jam, when you try SMUCKER'S Jam with *old-fashioned goodness* which comes from slow, careful cooking. *Saucy touch with meat:* hot, canned peach halves filled with SMUCKER'S rosy Currant Jelly.

Green beans make an excellent salad or vegetable. Open a can of DIAMOND A Sliced Green Beans, drain and cook the liquid down to about half. Cook Canadian bacon, remove, and cook chopped onion in the fat until tender. Add the bean liquid and beans, season well and heat. Serve in a pretty bowl with the bacon arranged over the beans.

Include a delicious surprise in those hot biscuits you are making. Drain a can of KEYSTONE Mushrooms, Stems and Slices, and saute them in butter with grated onion, marjoram, thyme. *Flatten uncooked biscuits* and put a spoonful of mushrooms on each; fold over, seal edges. Bake in hot oven, 10-12 minutes, *and serve with crab salad, creamed chicken, spinach loaf.*

★ **Cottage cheese may be substituted in dips which call for cream cheese.**

"Clear and cold!" says the weather man. "I'm hungry!" call the small fry, galloping into the kitchen. Hot chocolate and a cookie will fill the terrible gap between now and dinner. **You can make a soothing hot beverage in sixty seconds.** Simply spoon into hot milk GHIRARDELLI'S Instant Chocolate, stir well and pour . . . true, rich, hot chocolate that **costs so little a serving!**

When you're looking for a quick dessert, canned peaches is the answer. But what a difference there is in peaches . . . open a can of SACRAMENTO BRAND Freestone Peaches and you find big, luscious, pink-gold fruit . . . tender, juicy, fragrant with real peach smell. And the syrup, rich, with flavor . . . so good you'll want to spoon up the very last drop.

★ **Cinnamon-flavored whipped cream as topping adds an interesting flavor to chocolate ice cream or pudding.**

Ever bite into a fork-full of crisp greens, only to find them so oily they lost all appeal? That never happens when the salad is dressed with STAR Olive Oil, pressed from the famous olives of Lucca, Italy. **STAR is a suave, delicate oil which balances vinegar or lemon juice to perfection.** It is excellent for cooking; try it with fried fish or eggplant.

For a Sunday night supper that's light, satisfying and easy on the cook, the story starts with UNDERWOOD Deviled Ham. In a casserole, alternate tomato slices and Deviled Stuffing, made with 2 cups packaged stuffing mix, ½ cup milk, 1 beaten egg, ½ tsp. lemon rind and 1 Family Size can of UNDERWOOD Deviled Ham. Bake for 35 minutes, serve immediately!

When guests are coming and the house shines in readiness, there is one final item I consider a "must"—a box of KLEENEX Facial Tissues in the powder room. The pretty colors in which KLEENEX comes spell welcome in themselves. And these tissues are so necessary . . . blotting lipsticks, spots on dresses, mascara drips. **NO make-up stains on guest towels, later!**

That's all for now!
See you next week!

Political Overtones In Venza 'Tip Off' Charges

There is nothing simple about the Grand Jury's consideration of accusations that a sheriff's inspector sent advance warning to Anita Venza before she was picked up in Belvedere on an abortion charge recently.

There are complex political overtones that complicate the matter.

The evidence on which the tip-off accusation was based was gathered principally by Don Midyett, investigator for the district attorney's office.

Midyett, remember, was an unsuccessful candidate for sheriff two years ago. He was defeated by the present incumbent, Sheriff Louis Mountanos.

It is said by some that Midyett was just about as much interested in making the sheriff's office look bad as he was in gathering evidence against Mrs. Venza.

Consider also that District Attorney Roger Garety first made the affair public at a press conference.

His letter to the sheriff, setting forth the details of the accusation, was not sent to Mountanos until after the press conference.

This sequence of events has been taken by some as indication that the district attorney was "used" to get adverse publicity about the sheriff's office into circulation.

And in the background is Garety's recent ex-boss, former District Attorney William O. Weissich, now engaged in the private practice of law.

Weissich, let it be recalled, was one of the principal supporters of Midyett's unsuccessful campaign for sheriff against Mountanos.

Now Weissich turns up as legal counsel for the accused sheriff's inspector, for Mrs. Venza and a Fairfax resident who supposedly was a kind of go-between on the alleged tip-off. Weissich advised all three not to testify before the grand jury.

The sheriff's inspector testified anyway. But the other two did not; at least not yet. This has lent credence to reports that their testimony would tend to make Midyett rather than the sheriff's office "look bad."

Last but not least, there is the sheriff.

Like his last two predecessors, he is said to feel that he has been subjected to continual pressure and interference from the district attorney's office. He can hardly be expected to have much love for Midyett, whose supporters surreptitiously circulated some rather scurrilous information about the Mountanos family during the campaign of two years ago. Midyett never publicly disavowed the surreptitious activity; nor did Weissich, for that matter.

What this adds up to is an apparent reluctance on the part of the sheriff to admit any possible indiscretions on the part of his deputies, when the accusations come from his former political adversaries. This is especially so when the accusations are made public in a press conference by the district attorney, presumably at the urging of Weissich and Midyett.

There is the rather complicated political background behind the accusations which the Grand Jury is scheduled to study again tomorrow night.

We hope the jurors can cut their way through this morass of politics and establish a few simple facts.

The main question that the public deserves to have answered is, of course:

Is there or is there not conclusive evidence that a sheriff's inspector was instrumental in a tip-off as alleged?

If there is such conclusive evidence, the man of course ought to be prosecuted vigorously, like any other formally accused person. His prosecution ought not be limited to "trial by press conference."

Glamour Girls Of 10 Present A Problem—A Woman Problem

By JOY STILLEY
(for Hal Boyle)

NEW YORK (AP)—If my 10-year-old daughter Gay doesn't grow up to be a glamour girl, it certainly won't be because she didn't start at an early enough age.

It all happened so suddenly I still can't believe that last year's rumpled, tousled, bedraggled too-busy-to-be-bothered hoyden has turned into this year's neatly coiffed, fashion-wise, color-conscious would-be sophisticate.

Just what caused this complete changeover I'll never know, but her new self is not without problems to her family.

Time was when Gay would absent-mindedly put on whatever clothes were supplied for her without actually seeing them. Those were the good old days!

Now our little lady sets her alarm 15 minutes earlier to give herself time to consult the thermometer, her social calendar and probably her horoscope before arriving at the complicated decision on what to wear.

Where once she couldn't stand still long enough for me to get even the lesser tangles out of her locks, she now monopolizes the bathroom mirror while she painstakingly combs each hair in place.

Shopping is a real ordeal. While in her younger days anything fancy used to take her eye—velvets, rhinestones, impossible color combinations—she now insists every item she purchases must be just what the well-dressed sixth-grader is wearing, no matter how dull.

If mother so much as suggests a skirt that is not the proper color or style she is withered by a glance from her daughter. "Mother," Gay says in pitying tones, "don't you know what ISN'T fashionable!"

Nor does she confine her self-improvement program to the realm of clothes. She is determined not to grow old before her time, and on this score she is an advertising man's dream girl.

Just let a television commercial mention that a soap is kind to your hands, a cream prevents aging or a shampoo leaves soft highlights in your hair. Gay is off to the store at a trot to purchase these promises of beauty.

SHE CAREFULLY studies her face for signs of wrinkles, double chins or other threats of advancing age. "After all," she frowns, "I will be 11 soon."

We're pretty sure, though, that she'll hang on to her youth for a while longer even without the aid of the corner drugstore. She's still her Daddy's little girl.

THE OTHER NIGHT she bathed with her cold cream soap, applied the colorless nail polish which she deplores as babyish, put on her most glamorous robe and addressed herself to her father.

"Daddy," she asked as she climbed into his lap, "am I sultry?"

"Okay, what foolish, idealistic question did you ask it....?"

20 YEARS AGO

A "farewell trip" over Marin County rail lines by a special train of three oldtime wooden coaches, drawn by an ancient-vintage steam locomotive, was staged by the California-Nevada Railroad Historical Society and the Northern California Railroad Club to signal the end of commute rail service.

Marin supervisors by 3-2 vote accepted a $60,000 bid of John G. Leibert, San Rafael contractor, for the "court house annex" property at Fourth, South and Fifth Streets for erection of a $200,000 modern store building by Albert's Inc. of San Rafael. Chairman T. Fred Baghaw cast the deciding vote.

WHAT OUR READERS SAY

Recipe Came From Indonesia

EDITOR,
Independent-Journal:

Why do so many Americans stay so ignorant or why do they sometimes get so mixed up in geography?

In your food section March 1 you gave a delicious recipe from East India. I am sure that people in East India never heard about the word nor tasted the food.

But there are 80 million people who are eating these delights almost every day. And they are the Indonesians, living in Indonesia, a large independent country for over 12 years.

Formerly this country was a Dutch colony named Dutch East Indies, but that is history. The word "rijsttafel" is still Dutch, "rijst" meaning "rice" and "tafel" meaning "table." The other words are from the Indonesian language.

I just had the urge to tell you this because when America is taking world leadership, I think the Americans have to know what exists outside their borders.

When you give your readers information using wrong names, no wonder some Americans stay ignorant or get mixed up.

HILDE TOOL
Corte Madera

Cross-County Not Shoreline Road

EDITOR,
Independent-Journal:

President Kennedy's recent nod toward the Pt. Reyes national seashore monument points up the need for accelerated planning of a West Coast highway. Further there is great interest in land development in San Geronimo, Olema, Bolinas, Nicasio and west Marin generally. A glance at the map shows us the large areas of west Marin suitable for development. The immediate need for highway access is obvious.

But let's be very honest and very realistic. The construction of this highway access from Tam Valley to Stinson along the coastline would be a shameful waste of gas tax money and should be recognized by everyone as such. There are enormous grading, soil and drainage problems to cope with which simply do not justify the waste of this money here, which is so badly needed in west Marin.

All the demands of the Redwood Empire Assn. and West Coast Chamber can more than adequately be met by a trans-Marin highway and it would only be stubbornness that would move these people to claim otherwise.

The only community bypassed by trans-Marin in favor of Shoreline would be Muir Beach. The Muir Beach Community Services District forecast for population saturation at Muir Beach is 500. Today's population: less than 150. Should the transportation problems of a mere 500 people influence the routing of a major highway over a fantastically unfeasible route to serve as a monument to the engineering ability of the Division of Highways? A low level trans-Marin crossing is not only feasible (for both Bolinas commuters and lumber trucks), but necessary.

And from the tourist point of view, let's face another fact: there is no public beach or recreation area available at Muir Beach.

Who at Muir Beach wants the highway? The Brazil family and Dr. John P. O'Brien are two. The Brazils, as you remember, lumbered out and accidentally burned a valley of redwoods two years ago. Dr. O'Brien has sold and allowed to be carried away tens of thousands of cubic yards of sand from his privately owned beach—that is, Muir Beach.

This is good evidence to support the widely held precept that progress is inalienably opposed to conservation. The Scenic Road Assn., it seems to me, proposes a marriage of progress and conservation. As such their views are idealistic and therefore a cut above those held by the rest of us.

I-J REPORTER'S NOTEBOOK

By RANDALL GOULD

Here's A Peek Into Private Notes Of City Editor To Young Reporter

JOHN, ONE OF the I-J's bright young reporters, suffered a horrid fate the other day. He left us to write (he said) for television.

It was useless for us to protest that, clearly, nobody writes for television—a vague idiot medium showing few signs of sense or human premeditation. John had the sniff of Big Time and he was off.

First, though, he gave me treasures: Five sheets of carbons, some copy paper, two envelopes and surprise! A sheaf of memos from City Editor Andy, put in his typewriter now and then. These ephemera John had saved.

The thoughtful act showed that Andy was right in taking trouble. He was licking a promising cub into shape. Let's look over a few.

"John," said the first, "I doubt if anyone uses 'a septie tank' for sewage disposal. Pretty bad if they do. Customary installation is two tanks for a single home. andy." (I follow Andy's own capitalization.)

Next: "John. booked FOR investigation, not ON investigation."

THAT WAS FROM the police beat. So maybe was the next one:

"CHAMBERS. AS A RULE IF SOMETHING IS CONTROVERSIAL THE PUBLIC CAN BE EXPECTED TO BE AWARE OF THE FACT AFTER PUBLICATION OF THE CONTROVERSY. ESCHEW ADJECTIVES IN NEWS STORIES EXCEPT WHERE THEY ADD SOMETHING TO THE STORY THAT IS NEEDED. ANDY."

The caps may have been just because Andy had the shift key down but I prefer to think he considered the lesson serious. Note severe "Chambers" salute.

However, the next note was also formal though brief; not deeply important but the sort of thing one should know: "CHAMBERS. SEIZE but THIEVE."

(Wife Agnes, being shown that, delightedly quoted "i before e, except after c, or when sounded like a, as in 'neighbor' or 'weigh'.")

Then—"John. We use Arabis numerals—1, 2, 3, 4, etc., not Roman numerals (I, II, III). Exception in names as John J. Hoofenparger III. Andy."

NEXT, ANDY conveyed that "the outfit in Corte Madera is McGraw-Hill Book Co. It is the book publishing outfit. McGraw-Hill Publishing Co. is the magazine publishing branch. It has just moved into new Pacific Coast headquarters in San Francisco." Good to know, and I'll bet most don't.

Everybody around the I-J soon learns that Andy is death on cute nicknames, even when big politicians wish to use them. But if a man signs his checks Bill, or Joe or whatever, and is in the phone book that way, Andy not only allows but insists on correct version, so presently John was being admonished: "Sam Blank is Sam not Samuel." But another note asks if "Gene" isn't actually a certain "Eugene."

Look up correct version is the motto: "In your beer license story 'Alcoholic Beverage Commission' maybe Alcoholic Beverage Control Department? andy."

JUMPING ASTRIDE a favorite hobby, Andy really fires up: "john. whenever dealing with school tax rates be sure to get whole rate. School people always give basic tax rate only, not including over-ride taxes and debt retirement. Often actual rate 70 or 80c higher than they give you. So always question for the additional parts. Never have this trouble with cities, which include everything in rates. Conclusion: Politicians more honest than educators. andy."

Next is: "There are two (2) n's in drunkenness." (Not signed.)

Space limits forbid revealing Andy's erudition about such things as the 1915 Bond Act for forming assessment districts, as against 1911 Bond Act; but here are a few pungent hints at random:

"JOHN. cemetEry not cemetAry."

"Chambers. Wherever did you get the idea such words as 'assistant' should be abbreviated in copy? Titles preceding name may be abbreviated—as Dist. Atty., Sen., Gen., Etc. . . . Cuts and bruises is better wording than lacerations and contusions."

IN SORROW, not anger, after another majestic last-name salutation: "Assault is spelled as pronounced — assault. NOT assualt. For some time I thought it was a typo in your copy, but consistency of your spelling it 'assualt' makes me believe otherwise. You must have been of the generation that did not have phonics. andy."

There are more, and more, about how to keep out of libel suits, and all the lore a first-class boss can impart. What a picture they paint!—and the artist I give you: Bryce W. Anderson, gentleman, scholar, superlative city editor . .

ROSCOE DRUMMOND

Should U.S. Help Russia Close One Part Of The 'Missile Gap?'

WASHINGTON — Should the United States help the Soviet Union close one of its own "missile gaps?"

This is no class-room question. It is immediate and high policy.

You might think that the answer should be simple. Perhaps it should be but so far the Eisenhower administration and the Kennedy administration has each answered it both ways.

AT STAKE IS whether the Soviets are to be permitted to buy from the United States $1,500,000 of newly developed, very complex machines capable of producing high-precision ball bearings as small as 15/1000th of an inch.

This is not just another commercial transaction. The reason is that these ball bearings are predominantly used in the guidance systems of military missiles and spacecraft and other highly complex military weapons.

So far American industry has in total operation only about 72 of these very special machines. The Soviets want to get 45 like them delivered real fast.

Naturally, the U. S. manufacturers would lilke to sell them—if the government is prepared to issue the necessary export license.

THE DEPARTMENT of Commerce, which makes these licensing decisions, has been on all sides of the question.

During the latter months of the Eisenhower administrartion the Department first decided that the sale could be made, then that it couldn't, and later that it might.

When the Kennedy administration took over, Secretary of Commerce Luther Hodges found himself inheriting a whole series of position papers, most of which favored letting the Russians buy.

Secretary Hodges had to decide yes or no. He decided yes, but lately, since Sen. Thomas J. Dodd (D, Conn.) vice chairman of the Senate Internal Security Subcommittee, has been raising pointed questions and apparently acquiring fresh information, Mr. Hodges has held up the license until Senator Dodd can give the Department his report.

Mr. Dodd is reporting:

That the sale of this machinery might well save the Soviets several years' delay in closing their present gap in the "miniaturization" of their missile and spacecraft guidance systems. (It is this miniaturization which makes it unnecessary for the U. S. to have such powerful thrust for its own missiles.)

That, according to industry experts whose findings Senator Dodd is submitting to Mr. Hodges, these machines the Soviets want to get from us cannot be duplicated elsewhere at the present time.

ALL THE ARGUMENTS are on one side.

The ban on the sale of precision tools to the Soviets was removed by the Eisenhower administration some time ago on the ground that what we would sell the Soviets they could get elsewhere.

At one stage only the Defense Department member of the advisory committee on exports objected to the issuance of the ball-bearing license.

Obviously the U. S. manufacturer does not lightly want to throw away business which means jobs as well as profits.

What is really didsconcerting is that it should take so long to get the pertinent facts together in one place and that in the end the Department of Commerce, which has the authority to decide these matters, did not appear to have full knowledge until it was provided by a Senate investigating committee.

It is well to have skeptical Congressmen scrutinizing the executive branch of the government but they can't do the job regularly. The yes-and-no and yes-and-maybe-not handling of the ball bearing decision suggests that the whole procedure of granting export licenses needs to be reviewed.

AFTER THE GUESTS had been served, Mrs. Thurlow Jaegeling of Larkspur poured coffee for cohostesses Mrs. Fisher Kinslow Jr. and Mrs. J. C. Hickingbotham Jr., at the Hickingbotham home in San Rafael. The recent occasion marked the opening of the annual Marin County fund raising drive for Guide Dogs for the Blind, Inc.

Yolansdale P-TA Honors President

Mrs. James Orr was presented the Honorary Life Membership Award at the recent Founders' Day program at Yolansdale School.

A "This Is Your Life Yolansdale" program was narrated by Mrs. Bernard Foster and at appropriate years the Yolansdale past presidents and honorary life members were presented corsages by Mrs. Pat Schmidt.

Hospitality was extended by Mrs. William Trewartha.

How to
OUTWIT YOUR APPETITE

Try The Profile Bread Method Of "Planned Nibbling" To Help Avoid Overeating At The Table And Going On Wild Calorie Binges Between Meals

IF you want to avoid overeating at meals, or avoid going on hog-wild calorie binges between meals—then the "Profile Bread Method" to outwit your appetite may prove most helpful.

Because the Profile Bread Method depends upon "planned nibbling"—a dietetic approach to the problem of overeating.

Make no mistake, the Profile Bread Method cannot cause you to lose weight. It can only help to avoid taking in excess calories.

"PLANNED NIBBLING"

Remember what your mother used to say: "Don't eat it now, it will spoil your dinner."

Many dieticians recognize the same principle in "planned nibbling." Which means eating about 150 calories of any carbohydrate-protein food about 30 minutes before a meal. Or, when tempted, between meals. The carbohydrate acts fast; the protein keeps working longer.

Try a tablespoonful of sugar in a half glass of skim milk. Or a couple of slices of Profile Bread. Or a slice of Profile with jam on it. Anything light that spoils your appetite and keeps you from overeating at the table or between meals.

PROFILE BREAD

Profile Bread contains about 40% more complete protein than many white breads. It's flecked with tiny bits of cracked wheat and the flavor is fine—plain or toasted.

In addition, Profile Bread is fortified with calcium, phosphorus, iron and Vitamins B_1, B_2 and niacin, and has about 65 calories per slice. For "planned nibbling" you may find Profile Bread ideal.

Get a loaf of Profile Bread fresh at your favorite grocer's today. And try the Profile Bread Method of "planned nibbling" to outwit your appetite. You may be very glad you did.

Conservation League Sets Annual Session

Carl W. Buchheister, president of the National Audubon Society, will be the main speaker at the annual meeting March 24 of the Marin Conservation League.

A sound-color-movie, "Wildlife of the Marin Coast," will be included in the program, beginning at 8 p.m. in Olney Hall at College of Marin. Mrs. Norman B. Livermore, president, will make her annual report and officers will be elected.

A coffee and desert period will precede the meeting instead of the customary dinner.

Buchheister will speak on "The Audubon Society at Work." He has been a member of the society's staff for 24 years and was primarily responsible for developing the Audubon conservation camp for adults in Maine, the first of its kind.

He is a member of the board of directors of the National Parks Assn. and of the Citizen's Committee on Natural Resources. Last summer he was a delegate to the International Union for Conservation of Nature in Warsaw, Poland.

Buchheister, who resides in New York, will come to Marin County expressly for the meeting.

Reservations for attending the coffee hour must be made by noon, March 21, at the office of the Marin Camp Fire Girls, San Rafael. The meeting and program are open to the public without reservations.

Political Overtones In Venza 'Tip Off' Charges

There is nothing simple about the Grand Jury's consideration of accusations that a sheriff's inspector sent advance warning to Anita Venza before she was picked up in Belvedere on an abortion charge recently.

There are complex political overtones that complicate the matter.

The evidence on which the tip-off accusation was based was gathered principally by Don Midyett, investigator for the district attorney's office.

Midyett, remember, was an unsuccessful candidate for sheriff two years ago. He was defeated by the present incumbent, Sheriff Louis Mountanos.

It is said by some that Midyett was just about as much interested in making the sheriff's office look bad as he was in gathering evidence against Mrs. Venza.

Consider also that District Attorney Roger Garety first made the affair public at a press conference.

His letter to the sheriff, setting forth the details of the accusation, was not sent to Mountanos until after the press conference.

This sequence of events has been taken by some as indication that the district attorney was "used" to get adverse publicity about the sheriff's office into circulation.

And in the background is Garety's recent ex-boss, former District Attorney William O. Weissich, now engaged in the private practice of law.

Weissich, let it be recalled, was one of the principal supporters of Midyett's unsuccessful campaign for sheriff against Mountanos.

Now Weissich turns up as legal counsel for the accused sheriff's inspector, for Mrs. Venza and a Fairfax resident who supposedly was a kind of go-between on the alleged tip-off. Weissich advised all three not to testify before the grand jury.

The sheriff's inspector testified anyway. But the other two did not; at least not yet. This has lent credence to reports that their testimony would tend to make Midyett rather than the sheriff's office "look bad."

Last but not least, there is the sheriff.

Like his last two predecessors, he is said to feel that he has been subjected to continual pressure and interference from the district attorney's office. He can hardly be expected to have much love for Midyett, whose supporters surreptitiously circulated some rather scurrilous information about the Mountanos family during the campaign of two years ago. Midyett never publicly disavowed the surreptitious activity; nor did Weissich, for that matter.

What this adds up to is an apparent reluctance on the part of the sheriff to admit any possible indiscretions on the part of his deputies, when the accusations come from his former political adversaries. This is especially so when the accusations are made public in a press conference by the district attorney, presumably at the urging of Weissich and Midyett.

There is the rather complicated political background behind the accusations which the Grand Jury is scheduled to study again tomorrow night.

We hope the jurors can cut their way through this morass of politics and establish a few simple facts.

The main question that the public deserves to have answered is, of course:

Is there or is there not conclusive evidence that a sheriff's inspector was instrumental in a tip-off as alleged?

If there is such conclusive evidence, the man of course ought to be prosecuted vigorously, like any other formally accused person. His prosecution ought not be limited to "trial by press conference."

WHAT OUR READERS SAY

Recipe Came From Indonesia

EDITOR,
Independent-Journal:

Why do so many Americans stay so ignorant or why do they sometimes get so mixed up in geography?

In your food section March 1 you gave a delicious recipe from East India. I am sure that people in East India never heard about the word nor tasted the food.

But there are 80 million people who are eating these delights almost every day. And they are the Indonesians, living in Indonesia, a large independent country for over 12 years.

Formerly this country was a Dutch colony named Dutch East Indies, but that is history. The word "rijsttafel" is still Dutch, "rijst" meaning "rice" and "tafel" meaning "table." The other words are from the Indonesian language.

I just had the urge to tell you this because when America is taking world leadership, I think the Americans have to know what exists outside their borders.

When you give your readers information using wrong names, no wonder some Americans stay ignorant or get mixed up.

HILDE TOOL
Corte Madera

Cross-County Not Shoreline Road

EDITOR,
Independent-Journal:

President Kennedy's recent nod toward the Pt. Reyes national seashore monument points up the need for accelerated planning of a West Coast highway. Further there is great interest in land development in San Geronimo, Olema, Bolinas, Nicasio and west Marin generally. A glance at the map shows us the large areas of west Marin suitable for development. The immediate need for highway access is obvious.

But let's be very honest and very realistic. The construction of this highway access from Tam Valley to Stinson along the coastline would be a shameful waste of gas tax money and should be recognized by everyone as such. There are enormous grading, soil and drainage problems to cope with which simply do not justify the waste of this money here, which is so badly needed in west Marin.

All the demands of the Redwood Empire Assn. and West Coast Chamber can more than adequately be met by a trans-Marin highway and it would only be stubbornness that would move these people to claim otherwise.

The only community bypassed by trans-Marin in favor of Shoreline would be Muir Beach. The Muir Beach Community Services District forecast for population saturation at Muir Beach is 500. Today's population: less than 150. Should the transportation problems of a mere 500 people influence the routing of a major highway over a fantastically unfeasible route to serve as a monument to the engineering ability of the Division of Highways? A low level trans-Marin crossing is not only feasible (for both Bolinas commuters and lumber trucks), but necessary.

And from the tourist point of view, let's face another fact: there is no public beach or recreation area available at Muir Beach.

Who at Muir Beach wants the highway? The Brazil family and Dr. John P. O'Brien are two. The Brazils, as you remember, lumbered out and accidentally burned a valley of redwoods two years ago. Dr. O'Brien has sold and allowed to be carried away tens of thousands of cubic yards of sand from his privately owned beach—that is, Muir Beach.

This is good evidence to support the widely held precept that progress is inalienably opposed to conservation. The Scenic Road Assn., it seems to me, proposes a marriage of progress and conservation. As such their views are idealistic and therefore a cut above those held by the rest of us.

Marin residents claimed to have seen a flash of light from atomic tests in Nevada, 450 air-miles distant. The initial flash was reportedly followed by a fading orange afterglow in the eastern sky.

Residents of Santa Ventia, Sun valley and the Dominican Convent area lost their local bus service as San Rafael Bus Lines suspended due to "equipment failure and financial conditions."

20 YEARS AGO

A "farewell trip" over Marin County rail lines by a special train of three oldtime wooden coaches, drawn by an ancient-vintage steam locomotive, was staged by the California-Nevada Railroad Historical Society and the Northern California Railroad Club to signal the end of commute rail service.

Marin supervisors by 3-2 vote accepted a $60,000 bid of John G. Leibert, San Rafael contractor, for the "court house annex" property at Fourth, South and Fifth Streets for erection of a $200,000 modern store building by Albert's Inc. of San Rafael. Chairman T. Fred Baghaw cast the deciding vote.

I-J REPORTER'S NOTEBOOK

By RANDALL GOULD

Here's A Peek Into Private Notes Of City Editor To Young Reporter

JOHN, ONE OF the I-J's bright young reporters, suffered a horrid fate the other day. He left us to write (he said) for television.

It was useless for us to protest that, clearly, nobody writes for television—a vague idiot medium showing few signs of sense or human premeditation. John had the sniff of Big Time and he was off.

First, though, he gave me treasures: Five sheets of carbons, some copy paper, two envelopes and surprise! A sheaf of memos from City Editor Andy, put in his typewriter now and then. These ephemera John had saved.

The thoughtful act showed that Andy was right in taking trouble. He was licking a promising cub into shape. Let's look over a few.

"John," said the first, "I doubt if anyone uses 'a septie tank' for sewage disposal. Pretty bad if they do. Customary installation is two tanks for a single home. andy." (I follow Andy's own capitalization.)

Next: "John. booked FOR investigation, not ON investigation."

THAT WAS FROM the police beat. So maybe was the next one:

"CHAMBERS. AS A RULE IF SOMETHING IS CONTROVERSIAL THE PUBLIC CAN BE EXPECTED TO BE AWARE OF THE FACT AFTER PUBLICATION OF THE CONTROVERSY. ESCHEW ADJECTIVES IN NEWS STORIES EXCEPT WHERE THEY ADD SOMETHING TO THE STORY THAT IS NEEDED. ANDY."

The caps may have been just because Andy had the shift key down but I prefer to think he considered the lesson serious. Note severe "Chambers" salute.

However, the next note was also formal though brief; not deeply important but the sort of thing one should know: "CHAMBERS. SEIZE but THIEVE."

(Wife Agnes, being shown that, delightedly quoted "i before e, except after c, or when sounded like a, as in 'neighbor' or 'weigh'.")

Then—"John. We use Arabis numerals—1, 2, 3, 4, etc., not Roman numerals (I, II, III). Exception in names as John J. Hoofenparger III. Andy."

NEXT, ANDY conveyed that "the outfit in Corte Madera is McGraw-Hill Book Co. It is the book publishing outfit. McGraw-Hill Publishing Co. is the magazine publishing branch. It has just moved into new Pacific Coast headquarters in San Francisco." Good to know, and I'll bet most don't.

Everybody around the I-J soon learns that Andy is death on cute nicknames, even when big politicians wish to use them. But if a man signs his checks Bill, or Joe or whatever, and is in the phone book that way, Andy not only allows but insists on correct version, so presently John was being admonished: "Sam Blank is Sam not Samuel." But another note asks if "Gene" isn't actually a certain "Eugene."

Look up correct version is the motto: "In your beer license story 'Alcoholic Beverage Commission' maybe Alcoholic Beverage Control Department? andy."

JUMPING ASTRIDE a favorite hobby, Andy really fires up: "john. whenever dealing with school tax rates be sure to get whole rate. School people always give basic tax rate only, not including over-ride taxes and debt retirement. Often actual rate 70 or 80c higher than they give you. So always question for the additional parts. Never have this trouble with cities, which include everything in rates. Conclusion: Politicians more honest than educators. andy."

Next is: "There are two (2) n's in drunkenness." (Not signed.)

Space limits forbid revealing Andy's erudition about such things as the 1915 Bond Act for forming assessment districts, as against 1911 Bond Act; but here are a few pungent hints at random:

"JOHN. cemetEry not cemetAry."

"Chambers. Wherever did you get the idea such words as 'assistant' should be abbreviated in copy? Titles preceding name may be abbreviated—as Dist. Atty., Sen., Gen., Etc. . . . Cuts and bruises is better wording than lacerations and contusions."

IN SORROW, not anger, after another majestic last-name salutation: "Assault is spelled as pronounced — assault. NOT assualt. For some time I thought it was a typo in your copy, but consistency of your spelling it 'assualt' makes me believe otherwise. You must have been of the generation that did not have phonics. andy."

There are more, and more, about how to keep out of libel suits, and all the lore a first-class boss can impart. What a picture they paint!—and the artist I give you: Bryce W. Anderson, gentleman, scholar, superlative city editor . .

The Country Parson

ROSCOE DRUMMOND

Should U.S. Help Russia Close One Part Of The 'Missile Gap?'

WASHINGTON — Should the United States help the Soviet Union close one of its own "missile gaps?"

This is no class-room question. It is immediate and high policy.

You might think that the answer should be simple. Perhaps it should be but so far the Eisenhower administration and the Kennedy administration has each answered it both ways.

AT STAKE IS whether the Soviets are to be permitted to buy from the United States $1,500,000 of newly developed, very complex machines capable of producing high-precision ball bearings as small as 15/1000th of an inch.

This is not just another commercial transaction. The reason is that these ball bearings are predominantly used in the guidance systems of military missiles and spacecraft and other highly complex military weapons.

So far American industry has in total operation only about 72 of these very special machines. The Soviets want to get 45 like them delivered real fast.

Naturally, the U. S. manufacturers would lilke to sell them—if the government is prepared to issue the necessary export license.

THE DEPARTMENT of Commerce, which makes these licensing decisions, has been on all sides of the question.

During the latter months of the Eisenhower administrartion the Department first decided that the sale could be made, then that it couldn't, and later that it might.

When the Kennedy administration took over, Secretary of Commerce Luther Hodges found himself inheriting a whole series of position papers, most of which favored letting the Russians buy.

Secretary Hodges had to decide yes or no. He decided yes, but lately, since Sen. Thomas J. Dodd (D, Conn.) vice chairman of the Senate Internal Security Subcommittee, has been raising pointed questions and apparently acquiring fresh information, Mr. Hodges has held up the license until Senator Dodd can give the Department his report.

Mr. Dodd is reporting:

That the sale of this machinery might well save the Soviets several years' delay in closing their present gap in the "miniaturization" of their missile and spacecraft guidance systems. (It is this miniaturization which makes it unnecessary for the U. S. to have such powerful thrust for its own missiles.)

That, according to industry experts whose findings Senator Dodd is submitting to Mr. Hodges, these machines the Soviets want to get from us cannot be duplicated elsewhere at the present time.

ALL THE ARGUMENTS are on one side.

The ban on the sale of precision tools to the Soviets was removed by the Eisenhower administration some time ago on the ground that what we would sell the Soviets they could get elsewhere.

At one stage only the Defense Department member of the advisory committee on exports objected to the issuance of the ball-bearing license.

Obviously the U. S. manufacturer does not lightly want to throw away business which means jobs as well as profits.

What is really didsconcerting is that it should take so long to get the pertinent facts together in one place and that in the end the Department of Commerce, which has the authority to decide these matters, did not appear to have full knowledge until it was provided by a Senate investigating committee.

It is well to have skeptical Congressmen scrutinizing the executive branch of the government but they can't do the job regularly. The yes-and-no and yes-and-maybe-not handling of the ball bearing decision suggests that the whole procedure of granting export licenses needs to be reviewed.

HAL BOYLE'S COLUMN

Glamour Girls Of 10 Present A Problem—A Woman Problem

By JOY STILLEY
(for Hal Boyle)

NEW YORK (AP)—If my 10-year-old daughter Gay doesn't grow up to be a glamour girl, it certainly won't be because she didn't start at an early enough age.

It all happened so suddenly I still can't believe that last year's rumpled, tousled, bedraggled too-busy-to-be-bothered hoyden has turned into this year's neatly coiffed, fashion-wise, color-conscious would-be sophisticate.

Just what caused this complete changeover I'll never know, but her new self is not without problems to her family.

Time was when Gay would absent-mindedly put on whatever clothes were supplied for her without actually seeing them. Those were the good old days!

Now our little lady sets her alarm 15 minutes earlier to give herself time to consult the thermometer, her social calendar and probably her horoscope before arriving at the complicated decision on what to wear.

Where once she couldn't stand still long enough for me to get even the lesser tangles out of her locks, she now monopolizes the bathroom mirror while she painstakingly combs each hair in place.

Shopping is a real ordeal. While in her younger days anything fancy used to take her eye—velvets, rhinestones, impossible color combinations—she now insists every item she purchases must be just what the well-dressed sixth-grader is wearing, no matter how dull.

If mother so much as suggests a skirt that is not the proper color or style she is withered by a glance from her daughter. "Mother," Gay says in pitying tones, "don't you know what ISN'T fashionable!"

Nor does she confine her self-improvement program to the realm of clothes. She is determined not to grow old before her time, and on this score she is an advertising man's dream girl.

Just let a television commercial mention that a soap is kind to your hands, a cream prevents aging or a shampoo leaves soft highlights in your hair. Gay is off to the store at a trot to purchase these promises of beauty.

SHE CAREFULLY studies her face for signs of wrinkles, double chins or other threats of advancing age. "After all," she frowns, "I will be 11 soon."

We're pretty sure, though, that she'll hang on to her youth for a while longer even without the aid of the corner drugstore. She's still her Daddy's little girl.

THE OTHER NIGHT she bathed with her cold cream soap, applied the colorless nail polish which she deplores as babyish, put on her most glamorous robe and addressed herself to her father.

"Daddy," she asked as she climbed into his lap, "am I sultry?"

CARL W. BUCHHEISTER
Conservation speaker

Conservation League Sets Annual Session

Carl W. Buchheister, president of the National Audubon Society, will be the main speaker at the annual meeting March 24 of the Marin Conservation League.

A sound-color-movie, "Wildlife of the Marin Coast," will be included in the program, beginning at 8 p.m. in Olney Hall at College of Marin. Mrs. Norman B. Livermore, president, will make her annual report and officers will be elected.

A coffee and desert period will precede the meeting instead of the customary dinner.

Buchheister will speak on "The Audubon Society at Work." He has been a member of the society's staff for 24 years and was primarily responsible for developing the Audubon conservation camp for adults in Maine, the first of its kind.

He is a member of the board of directors of the National Parks Assn. and of the Citizen's Committee on Natural Resources. Last summer he was a delegate to the International Union for Conservation of Nature in Warsaw, Poland.

Buchheister, who resides in New York, will come to Marin County expressly for the meeting.

Reservations for attending the coffee hour must be made by noon, March 21, at the office of the Marin Camp Fire Girls, San Rafael. The meeting and program are open to the public without reservations.

Four Graduated At Navy School

An apprentice petty officer and four other Navy recruits from Marin were graduated last week from recruit training at the San Diego Naval Training Center.

Ronald J. Malabag, son of Silvestre D. Malabag of 57 Greenbrae Boardwalk, Greenbrae, is the apprentice petty officer. The others are Michael B. Flavin, son of Mr. and Mrs. Robert M. Flavin of 3 Nova Lane, Novato; Arnold R. Monaco, son of Arnold Monaco of 20 Gloria Drive, and William J. Hendrickson, son of Mr. and Mrs. John R. Hendrickson of 27 Delwood Court, both San Rafael, and Thomas C. Clark, son of Mr. and Mrs. Orville D. Clark of 411 Tamalpais Drive, Corte Madera.

ALMANAC

Today is Wednesday, March 8, the 67th day of the year with 298 more in 1961.

The moon is approaching its last quarter.

The morning stars are Jupiter and Saturn.

The evening stars are Mars and Venus.

On this day in history:

In 1841, famed jurist Oliver Wendell Holmes Jr. was born.

In 1894, New York state became the first state to pass a law requirng dogs to be licensed.

In 1917, strikes and riots in St. Petersburg marked the beginning of the Russian revolution.

In 1944, French authorities in Algiers adopted an ordinance reforming the status of Moslem Algerians. It enunciated the principle that French Moslems of Algeria should enjoy the same rights and submit to the same duties as French non-Moslems.

A thought for today: Oliver Wendell Holmes Jr. said: "I say to you in all sadness of conviction, that to think great thoughts you must be heroes as well as idealists."

THE PARENTS' CORNER

By RICHARD BARBOUR, Ph. D.
Guidance Counselor

Children Should Be Taught That They Must Obey Their Parents

Do your children obey you all the time? Or just part of the time? Or never? Obedience used to be a nasty word. Parents who made their small offspring mind were supposed to be brutes. Now we know better.

Years ago psychologists thought our young'uns should learn by experience. We were not to impose our wills on them. No whipping. No scolding. Very few explanations. They were supposed to try things out and learn by the consequences. Some children were that way. The results? Plain pitiful. They are young adults now who can't take orders. They are unable to discipline themselves, flit from job to job, and marriage to marriage. They're supremely selfish, and don't know it. I hope you aren't raising your children that way.

You should have clear rules. Start giving guidance when they are about one year old. Your children must know what you expect. You should be consistent. You and your spouse must be careful not to work at cross purposes. Behind the rules there must be love and companionship. Discipline without love is horrible but so is love without discipline. The two go together.

You are a grownup. You know what is safe and what is dangerous. You know the difference between right and wrong. You should give your little ones the benefit of your knowledge. They'll be both safer and happier that way.

Recently I saw a helpful booklet on obedience. It was prepared by the American Academy of Pedritrics at Evanston, Ill. Ask your doctor if he'll write for a copy for you. The title is simply, "Obedience."

READERS' FORUM

(Q) "Are boys less obedient than girls? We have two girls and two boys. The boys are twice as hard to raise as the girls." M.S.

(A) There are many exceptions, but on the average boys are more rebellious than girls. It is harder to get them to obey. They're apt to fight everything you try to teach them.

College Sets Tests For High Schools

Three College of Marin faculty counsellors yesterday began a series of visits to Marin high schools to hold panel discussions and conduct aptitude tests for college entrance.

They are Dr. Margaret Duncan Greene, Dorothy Anderson and William Scalpino.

The tour is an annual undertaking by the college. Counsellors answer questions and present information regarding the college. Aptitude tests are a prerequisite to college entrance.

The counsellors spent yesterday at Sir Francis Drake High School and visited Redwood High School at 2 p.m. today. The rest of the schedule includes Novato High School, tomorrow at 3:15 p.m.; Tamalpais High School, April 4 at 2:30 p.m.; San Rafael High School, April 5 at noon.

The schedule of aptitude tests is: Sir Francis Drake High School, March 14, 10 a.m.; Redwood High School, March 14 at 2 p.m.; Novato High School, March 16 at 3:15 p.m.; Tamalpais High School, April 6 at 9:30 a.m. Tests for San Rafael High School will be given at Olney Hall on the college campus in Kentfield on April 13, the time to be announced.

On Destroyer

Thomas M. Cahill, Navy fireman apprentice, son of Mr. and Mrs. Charles F. Cahill of Main Street, Bolinas, is serving aboard the guided missile destroyer Gyatt participating in an annual training exercise in the Caribbean.

Loma Verde Unit Selects Officers

Jean S. Kallmayer has been elected president of the Loma Verde Home Owners Assn.

Kallmayer replaces Harlan Clare as president. Other newly elected officers are George Newell, vice president; Walter L. Johnson, secretary, and Albert Perron, treasurer.

Douglas R. Horton, 950 Calle Paseo, was awarded a plaque for the best Christmas decorations in the area, during the membership meeting Monday night.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

HUNGRY TRAVELER

A young fellow gets awfully hungry traveling by air from San Antonio to Hanscom Field at Bedford, Mass., especially in a box crate. So this pup took a few bites out of the address tag on the crate. Chicago shippers were in a tizzy until they were able to trace his destination.

Legislature Brimming With 'People' Bills

By MORRIE LANDSBERG

SACRAMENTO (AP) — You've heard all about the big bills—the 2.6-billion-dollar state budget, the vast state water plan, tax measures, repeal of FEPC and cross-filing.

Hundreds more are technical amendments or bills of special interest.

What about people bills? Among the several thousand prospective new laws, there are plenty that affect the average Californian.

For instance:

Ig you're in the habit of doing your wash in the middle of the night in an unmanned coin-operated laundry, keep an eye on Assembly Bill 514 by Assemblyman Clayton A. Dills (D-Gardena). The bill would lock up such places from midnight to 6 a.m. as a safety measure.

It would be against the law for your auto repair shop to give rebates, refunds or discounts to customers (SB589 - Short). And barber colleges couldn't advertise discount prices (SB601-Thompson).

AB1624—Cameron suggests that nature needs no retouching. It would prohibit the sale of artificially-colored rabbits and fowl.

A complete ban is sought against all thin plastic bags big enough to fit over a child's head (AB315-Wolfrum).

If you're acquitted of a crime, law enforcement agencies would have to return your photographs, fingerprints and arrest records (AB1211-McMillan).

Another bill (AB1327-O'Connell) requires officers to tell suspects why they are being arrested.

You could go to prison for three years for turning in a false bomb report to a fireman, forester or fire warden (AB-1497-Reagan). Worse, the death penalty is decreed for anyone who plants a bomb on aircraft (AB1099-Unrug).

AB666 - Marks would forbid lie detector tests as a condition for getting a job. AB-720-Thelin outlaws strikes by anyone working for state or local government.

A business or profession regulated by the state could lose their license for racial or religious discrimination (SB546-Fisher).

SB404-Collier calls for reimbursing witnesses for all the time lost from business or their job in appearing at a court trial.

State clinics would dispense narcotics to registered addicts, at cost or less, under SB338-Hollister. And patients in state institutions would get free fishing licenses (AB675-Hicks).

Dixie To Review Tax Measure

Dixie School District trustees will review the assembly bill proposing a countywide tax for school support at 8 p.m. today in the board office, 4775 Redwood Highway. Dr. Rudolph Kupfer, assistant county superintendent, will lead the discussion.

The board also will consider acquisition of a seventh and eighth grade school site in Marinwood and an application for a state loan to construct a multi-use room at Mary E. Silveira School.

Also on the agenda: discussion of whether to levy the special tax authorized by law for education of the mentally retarded; change in the testing schedule for pupils; recommendations for employment of teachers; consideration of contracting with the county superintendent for special classes.

Civil Defense Workshop Slated

What to do if an H-bomb falls?

Residents of Santa Venetia, San Rafael Meadows and Los Ranchitos who want to know may attend a civil defense workshop to be held from 8 to 10 p.m. Thursday at Santa Venetia School.

William G. Harrington of the Marin County Radiological Detection Center will discuss fallout and fallout shelters. Emergency sanitation in the home will be discussed by Maurice Scott, sanitarian from the county health department.

In addition several short films, including "Fallout — When and How to Protect Yourself Against It," will be shown.

Two From Marin In Academic Society

Two Marin County freshmen at the College of the Holy Names in Oakland have earned membership in Tau Delta Gamma, college academic honor society, for the 1960 Fall semester.

The girls, both graduates of Marin Catholic High School, are Kathleen Marcone, daughter of Mr. and Mrs. Lawrence V. Marcone of 178 Morningside Drive, San Anselmo, and Carole Perelli-Minetti, daughter of Mr. and Mrs. Carl Perelli-Minetti of 31 Berens Drive, Kentfield.

Girl Scout Program Will Be Discussed

The 10-year development program of the Girl Scouts will be discussed by Mrs. John Finn III of Mill Valley, co-chairman of a capital fund drive for Marin County's Girl Scout program, on Kitty Oppenheimer's "Open House" show on radio station KTIM at 11 a.m. Friday.

Mrs. Finn will also explain the fund drive's relationship to the United Crusade.

Dinner Planned

The San Rafael 4-H Club will have a potluck dinner Saturday at 6 p.m. at the E Street School gymnasium in San Rafael. The dinner will be for the members, their families, and their friends. A meeting will follow the dinner.

THERE OUGHTA BE A LAW

ALMANAC

Today is Wednesday, March 8, the 67th day of the year with 298 more in 1961.

The moon is approaching its last quarter.

The morning stars are Jupiter and Saturn.

The evening stars are Mars and Venus.

On this day in history:

In 1841, famed jurist Oliver Wendell Holmes Jr. was born.

In 1894, New York state became the first state to pass a law requirng dogs to be licensed.

In 1917, strikes and riots in St. Petersburg marked the beginning of the Russian revolution.

In 1944, French authorities in Algiers adopted an ordinance reforming the status of Moslem Algerians. It enunciated the principle that French Moslems of Algeria should enjoy the same rights and submit to the same duties as French non-Moslems.

A thought for today: Oliver Wendell Holmes Jr. said: "I say to you in all sadness of conviction, that to think great thoughts you must be heroes as well as idealists."

TIME AND TIDE

Department of Commerce United States Coast and Geodetic Survey, Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Lightface type indicates a.m. times; **bold-face type** indicates p.m. times.

THE PARENTS' CORNER

By RICHARD BARBOUR, Ph. D.
Guidance Counselor

Children Should Be Taught That They Must Obey Their Parents

Do your children obey you all the time? Or just part of the time? Or never? Obedience used to be a nasty word. Parents who made their small offspring mind were supposed to be brutes. Now we know better.

Years ago psychologists thought our young'uns should learn by experience. We were not to impose our wills on them. No whipping. No scolding. Very few explanations. They were supposed to try things out and learn by the consequences. Some children were that way. The results? Plain pitiful. They are young adults now who can't take orders. They are unable to discipline themselves, flit from job to job, and marriage to marriage. They're supremely selfish, and don't know it. I hope you aren't raising your children that way.

You should have clear rules. Start giving guidance when they are about one year old. Your children must know what you expect. You should be consistent. You and your spouse must be careful not to work at cross purposes. Behind the rules there must be love and companionship. Discipline without love is horrible but so is love without discipline. The two go together.

You are a grownup. You know what is safe and what is dangerous. You know the difference between right and wrong. You should give your little ones the benefit of your knowledge. They'll be both safer and happier that way.

Recently I saw a helpful booklet on obedience. It was prepared by the American Academy of Pedritrics at Evanston, Ill. Ask your doctor if he'll write for a copy for you. The title is simply, "Obedience."

READERS' FORUM

(Q) "Are boys less obedient than girls? We have two girls and two boys. The boys are twice as hard to raise as the girls." M.S.

(A) There are many exceptions, but on the average boys are more rebellious than girls. It is harder to get them to obey. They're apt to fight everything you try to teach them.

College Sets Tests For High Schools

Three College of Marin faculty counsellors yesterday began a series of visits to Marin high schools to hold panel discussions and conduct aptitude tests for college entrance.

They are Dr. Margaret Duncan Greene, Dorothy Anderson and William Scalpino.

The tour is an annual undertaking by the college. Counsellors answer questions and present information regarding the college. Aptitude tests are a prerequisite to college entrance.

The counsellors spent yesterday at Sir Francis Drake High School and visited Redwood High School at 2 p.m. today. The rest of the schedule includes Novato High School, tomorrow at 3:15 p.m.; Tamalpais High School, April 4 at 2:30 p.m.; San Rafael High School, April 5 at noon.

The schedule of aptitude tests is: Sir Francis Drake High School, March 14, 10 a.m.; Redwood High School, March 14 at 2 p.m.; Novato High School, March 16 at 3:15 p.m.; Tamalpais High School, April 6 at 9:30 a.m. Tests for San Rafael High School will be given at Olney Hall on the college campus in Kentfield on April 13, the time to be announced.

On Destroyer

Thomas M. Cahill, Navy fireman apprentice, son of Mr. and Mrs. Charles F. Cahill of Main Street, Bolinas, is serving aboard the guided missile destroyer Gyatt participating in an annual training exercise in the Caribbean.

Loma Verde Unit Selects Officers

Jean S. Kallmayer has been elected president of the Loma Verde Home Owners Assn.

Kallmayer replaces Harlan Clare as president. Other newly elected officers are George Newell, vice president; Walter L. Johnson, secretary, and Albert Perron, treasurer.

Douglas R. Horton, 950 Calle Paseo, was awarded a plaque for the best Christmas decorations in the area, during the membership meeting Monday night.

HUNGRY TRAVELER

A young fellow gets awfully hungry traveling by air from San Antonio to Hanscom Field at Bedford, Mass., especially in a box crate. So this pup took a few bites out of the address tag on the crate. Chicago shippers were in a tizzy until they were able to trace his destination.

Legislature Brimming With 'People' Bills

By MORRIE LANDSBERG

SACRAMENTO (AP) — You've heard all about the big bills—the 2.6-billion-dollar state budget, the vast state water plan, tax measures, repeal of FEPC and cross-filing.

Hundreds more are technical amendments or bills of special interest.

What about people bills? Among the several thousand prospective new laws, there are plenty that affect the average Californian.

For instance:

Ig you're in the habit of doing your wash in the middle of the night in an unmanned coin-operated laundry, keep an eye on Assembly Bill 514 by Assemblyman Clayton A. Dills (D-Gardena). The bill would lock up such places from midnight to 6 a.m. as a safety measure.

It would be against the law for your auto repair shop to give rebates, refunds or discounts to customers (SB589 - Short). And barber colleges couldn't advertise discount prices (SB601-Thompson).

AB1624—Cameron suggests that nature needs no retouching. It would prohibit the sale of artificially-colored rabbits and fowl.

A complete ban is sought against all thin plastic bags big enough to fit over a child's head (AB315-Wolfrum).

If you're acquitted of a crime, law enforcement agencies would have to return your photographs, fingerprints and arrest records (AB1211-McMillan).

Another bill (AB1327-O'Connell) requires officers to tell suspects why they are being arrested.

You could go to prison for three years for turning in a false bomb report to a fireman, forester or fire warden (AB1497-Reagan). Worse, the death penalty is decreed for anyone who plants a bomb on aircraft (AB1099-Unrug).

AB666 - Marks would forbid lie detector tests as a condition for getting a job. AB720-Thelin outlaws strikes by anyone working for state or local government.

A business or profession regulated by the state could lose their license for racial or religious discrimination (SB546-Fisher).

SB404-Collier calls for reimbursing witnesses for all the time lost from business or their job in appearing at a court trial.

State clinics would dispense narcotics to registered addicts, at cost or less, under SB338-Hollister. And patients in state institutions would get free fishing licenses (AB675-Hicks).

Dixie To Review Tax Measure

Dixie School District trustees will review the assembly bill proposing a countywide tax for school support at 8 p.m. today in the board office, 4775 Redwood Highway. Dr. Rudolph Kupfer, assistant county superintendent, will lead the discussion.

The board also will consider acquisition of a seventh and eighth grade school site in Marinwood and an application for a state loan to construct a multi-use room at Mary E. Silveira School.

Also on the agenda: discussion of whether to levy the special tax authorized by law for education of the mentally retarded; change in the testing schedule for pupils; recommendations for employment of teachers; consideration of contracting with the county superintendent for special classes.

Civil Defense Workshop Slated

What to do if an H-bomb falls?

Residents of Santa Venetia, San Rafael Meadows and Los Ranchitos who want to know may attend a civil defense workshop to be held from 8 to 10 p.m. Thursday at Santa Venetia School.

William G. Harrington of the Marin County Radiological Detection Center will discuss fallout and fallout shelters. Emergency sanitation in the home will be discussed by Maurice Scott, sanitarian from the county health department.

In addition several short films, including "Fallout — When and How to Protect Yourself Against It," will be shown.

Two From Marin In Academic Society

Two Marin County freshmen at the College of the Holy Names in Oakland have earned membership in Tau Delta Gamma, college academic honor society, for the 1960 Fall semester.

The girls, both graduates of Marin Catholic High School, are Kathleen Marcone, daughter of Mr. and Mrs. Lawrence V. Marcone of 178 Morningside Drive, San Anselmo, and Carole Perelli-Minetti, daughter of Mr. and Mrs. Carl Perelli-Minetti of 31 Berens Drive, Kentfield.

Girl Scout Program Will Be Discussed

The 10-year development program of the Girl Scouts will be discussed by Mrs. John Finn III of Mill Valley, co-chairman of a capital fund drive for Marin County's Girl Scout program, on Kitty Oppenheimer's "Open House" show on radio station KTIM at 11 a.m. Friday.

Mrs. Finn will also explain the fund drive's relationship to the United Crusade.

Dinner Planned

The San Rafael 4-H Club will have a potluck dinner Saturday at 6 p.m. at the E Street School gymnasium in San Rafael. The dinner will be for the members, their families, and their friends. A meeting will follow the dinner.

Flagstaff and hardware are included in kit which is given with the flag. For longtime subscribers—such as Chiesa—the I-J circulation department is selling complete flag kit for $3. Equipment Stolen From Boating Firm

A burglar broke into Trailorboat Engineering Co. in San Rafael during the weekend and stole about $140 worth of equipment, police reported.

An electric drill, an electric screwdriver, and a set of boat lights for bow and stern are gone. Officers said the thief had scaled the fence and broke a window at the rear of the establishment to enter.

Bureau Against Wage Hike Plan

Directors of the Marin County Farm Bureau have taken a stand against the proposed minimum wage hike to $1.25 an hour.

In voting opposition at a directors' meeting Monday, Farm Bureau members said the rise from the present $1 an hour minimum would "hinder the recovery of our economy."

Directors also went on record as opposing a proposed state bill which would tend to equalize assessed valuation (and tax revenue per pupil) among school districts within a county. Directors said the bill would put an unfair financial burden on rural areas.

Marin Employees Get Awards At Presidio

Two Marin employees of the Sixth Army at the Presidio of San Francisco have received incentive awards.

Mrs. Esther P. Montooth of 39 Reed Boulevard, Mill Valley, was awarded $150 for outstanding performance. She is an information specialist. Mrs. Lucille W. Flash of 141 Edwards Avenue, Sausalito, received a $100 sustained superior performance award. She is a clerk-stenographer in the office of the engineer.

Rules For Deducting Personal Bad Debt

By PETER J. WIKEL, CPA

You can deduct your personal bad debts if:

1. A valid debt was made in 1960 or existed at Jan. 1, 1960. To be deductible in 1960 the debt must have become worthless in 1960. That is, some event must have occurred in 1960 which led you to believe that the debt was uncollectable — such as bankruptcy, disappearance of the debtor, etc.

Peter J. Wikel

2. The bad debt must have been included in your income, or been a part of your capital. You cannot have a bad debt deduction for uncollectable wages, fees, rents, etc.

3. You cannot forgive a debtor or his debt and take a deduction for it. You must have made every reasonable effort to collect the debt.

Personal loans to members of your family can be charged off as bad debts, but there must be clear cut evidence that it was a loan. It cannot be in any way, shape or form, a gift. There must also be clear cut evidence that you have made every reasonable effort to collect.

If your bad debt and other capital losses are in excess of $1,000 and you are married, then you should consider filing separate returns. Both you and your wife can take $1,000. Any excess can be carried over into the next succeeding five years.

You can deduct up to $1,000 per year for the next five years, if your losses amount to that much. You can take it all in any year that you can deduct it from your capital gains.

New Moisturizing Colonaid Stops
CONSTIPATION DUE TO DEHYDRATION
without gag, bloat or gripe

Most constipation is caused by what doctors call a "thrifty" colon that loses so much moisture that its contents become so dry they block the bowel; so shrunken they fail to stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken contents of your colon which now block your bowel must be remoistened. *Second,* bulk must be brought to S-T-R-E-T-C-H STIMULATE colon to action; to a normal urge to purge. And, of all laxatives, only new COLONAID possesses its great *moisturizing capacity plus its stretch-stimulating* bulk. So effective it relieves even chronic constipation overnight, yet is so gentle it has been hospital-proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; won't interfere with absorption of vitamins or food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation overnight. So, for positive relief from constipation, get amazing, moisturizing new COLONAID today! INTRODUCTORY SIZE 43¢

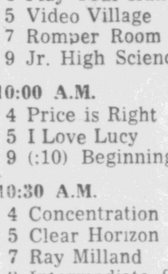
INCOME TAX FACTS

Rules For Deducting Personal Bad Debt

By PETER J. WIKEL, CPA

You can deduct your personal bad debts if:

1. A valid debt was made in 1960 or existed at Jan. 1, 1960. To be deductible in 1960 the debt must have become worthless in 1960. That is, some event must have occurred in 1960 which led you to believe that the debt was uncollectable — such as bankruptcy, disappearance of the debtor, etc.



Peter J. Wikel

2. The bad debt must have been included in your income, or been a part of your capital. You cannot have a bad debt deduction for uncollectable wages, fees, rents, etc.

3. You cannot forgive a debtor or his debt and take a deduction for it. You must have made every reasonable effort to collect the debt.

Personal loans to members of your family can be charged off as bad debts, but there must be clear cut evidence that it was a loan. It cannot be in any way, shape or form, a gift. There must also be clear cut evidence that you have made every reasonable effort to collect.

If your bad debt and other capital losses are in excess of $1,000 and you are married, then you should consider filing separate returns. Both you and your wife can take $1,000. Any excess can be carried over into the next succeeding five years.

You can deduct up to $1,000 per year for the next five years, if your losses amount to that much. You can take it all in any year that you can deduct it from your capital gains.

THE CHIEF UNFURLS THE COLORS

Charles J. Chiesa, San Rafael police chief, places Stars and Stripes which is being given with new subscriptions to the Independent-Journal on his home at 365 Santa Margarita Drive while 3-year-old Charles Jr. makes like he's reading the directions. Flagstaff and hardware are included in kit which is given with the flag. For longtime subscribers—such as Chiesa—the I-J circulation department is selling complete flag kit for $3. Bureau Against Wage Hike Plan

Directors of the Marin County Farm Bureau have taken a stand against the proposed minimum wage hike to $1.25 an hour.

In voting opposition at a directors' meeting Monday, Farm Bureau members said the rise from the present $1 an hour minimum would "hinder the recovery of our economy."

Directors also went on record as opposing a proposed state bill which would tend to equalize assessed valuation (and tax revenue per pupil) among school districts within a county. Directors said the bill would put an unfair financial burden on rural areas.

Marin Employees Get Awards At Presidio

Two Marin employees of the Sixth Army at the Presidio of San Francisco have received incentive awards.

Mrs. Esther P. Montooth of 39 Reed Boulevard, Mill Valley, was awarded $150 for outstanding performance. She is an information specialist. Mrs. Lucille W. Flash of 141 Edwards Avenue, Sausalito, received a $100 sustained superior performance award. She is a clerk-stenographer in the office of the engineer.

Equipment Stolen From Boating Firm

A burglar broke into Trailorboat Engineering Co. in San Rafael during the weekend and stole about $140 worth of equipment, police reported.

An electric drill, an electric screwdriver, and a set of boat lights for bow and stern are gone. Officers said the thief had scaled the fence and broke a window at the rear of the establishment to enter.

Narcotics Subject Of Radio Panel

A panel of Marin County law enforcement officials will discuss the narcotics situation in Marin County at 9 a.m. tomorrow on radio station KTIM's "Marin Sounding Board" program.

The participants will be Dist. Atty. Roger Garety, Police Chiefs Charles Chiesa of San Rafael, Howard Goerndt of Sausalito, and Raymond R. Buchignani of San Anselmo, and Sheriff Louis P. Mountanos. Kitty Oppenheimer will be the moderator.

Questions may be submitted for tomorrow's broadcast. The program will be heard again Sunday at 12:30 p.m. on tape recording.

Hamilton Needs Chute Packers

Parachute repairers and packers are needed at Hamilton Air Force Base, it was announced today.

Applications will be accepted for these positions as Air Reserve Technicians by the Board of U.S. Civil Service Examiners for the Air Reserve Technician program 349th Troop Carrier Wing, Medium, Hamilton Air Force Base.

Applications may be obtained from any post office or from the Director of the 12th U.S. Civil Service Region, 630 Sansome Street, San Francisco.

New Moisturizing Colonaid Stops
CONSTIPATION DUE TO DEHYDRATION
without gag, bloat or gripe

Most constipation is caused by what doctors call a "thrifty" colon that loses so much moisture that its contents become so dry they block the bowel; so shrunken they fail to stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken contents of your colon which now block your bowel must be remoistened. *Second,* bulk must be brought to S-T-R-E-T-C-H STIMULATE colon to action; to a normal urge to purge. And, of all laxatives, only new COLONAID possesses its great *moisturizing capacity plus its stretch-stimulating* bulk. So effective it relieves even chronic constipation overnight, yet is so gentle it has been hospital-proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; won't interfere with absorption of vitamins or food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation overnight. So, for positive relief from constipation, get amazing, moisturizing new COLONAID today! INTRODUCTORY SIZE 43¢
